Daphne Wheeler Dead

Little Daphne Wheeler was buried at New Hope last Saturday afternoon. She was taken sick about three weeks ago with the mumps, from mumps to measles and measles to pneumonia and was taken to Rex hospital last Friday a week ago and lived one week from the day she was taken there.

Daphne was loved by all who knew her. She had a winning way and was very cheerful. We all will miss her but taking the bud so young and tender there must be a promising flower in the future. We all know that Daphne has bloomed in heaven a darling angel of happiness forever. She leaves one sister, May Fern, besides Mr. and Mrs. W. C. Wheeler, her parents. We are all in hopes that some day we will meet her beyond the sting of death and we will part no more.

By One Who Loved Her.

Ingleside Items

Corinth community was represented at the State B. Y. P. U. Convention which was held at Meredith College, by Miss Louvenia Edwards and Messrs. John Edwards and Charlie Bartholomew.

Weekly prayer meeting was held Thursday night at the home of Mrs. Jeff Matthews. Everyone enjoyed the services which were conducted by Turner Matthews.

The regular Junior B. Y. P. U. social for this quarter was held at the home of Mrs. E. L. Finch last Saturday. A large number attended and enjoyed a most delightful picnic on the rock.

Mr. William Dunn and son Charles of Beach, Va., visited relatives here the past week.

Everyone is glad to know Mrs. R. D. Farnell is greatly improved after a long illness.

Miss Lois Crawley, of Littleton arrived here Sunday afternoon. She will attend the Finch-Walters wedding. She was accompanied by her parents, brother and Mr. Alvin Liles.

Last Friday night Miss Louvenia Edwards and Mrs. George Finch entertained at a surprise party in the latter's home, in honor of Miss Belvin Finch, who is to be married the 27th of June.

Upon their arrival the guests were entertained in the living room which was tastefully decorated with white roses in blue jardiniere. At 10 o'clock they were invited into the dining room where a color scheme was effectively carried out in pale yellow and bronze. A mixture of brown eyed susans and wild magnolias were used. The room was lighted with candles and in the middle of the table a giant yellow and bronze butterfly supported a poem written for the occasion by Mrs. Finch and read by Miss Edwards.

Then the guest of honor was presented with a handsome set of handmade lace from her aunt, Mrs. Curtis. Blocked cake and ice cream in yellow and bronze were served by the hostesses.

Before departing each guest registered in the bride elect bride book. There were twenty guests present.

Wednesday night, June 14th, a shower was given for Miss Finch, by the women and young ladies of Corinth Baptist church, at the home of Mrs. Ollie Dement.

The guests were entertained in the living room which was charmingly decorated in pink roses and snap dragons. During the latter part of the evening little Miss Evelyn Dement entered the room drawing a rose covered wagon laden with gifts, which were opened and displayed by the guest of honor. Delicious refreshments consisting of fruits and candies were served.

Where Do You Stand?

Are you standing at the cross roads of duty and neglect?

Which road are you going to take?

Why should you hesitate in doing your bit toward the development and betterment of the community in which you live?

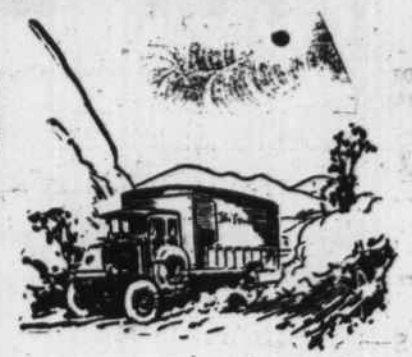

The good, loyal citizens of your home town are striving, constantly to increase the money-making possibilities there.

Are you going to cooperate by taking an active, personal interest and do your share?

Are you going to help increase real estate and farm values of your home community and the opportunities for investment, business and employment there?

More oiliness is proved

by this harsh test that gives the facts about an oil, a motor oil that goes beyond the duties of an oil and keeps down wear and tear.

PROOF OF LESS WEAR. A large truck manufacturer ran motors for 50 hours with "Standard" and with other well-known oils. Throttle, spark and carburetor adjustments were constant. Grity particles were applied to the air as it entered the carburetor to increase abrasion on cylinder walls. This test proved that cylinders and rings were worn only one ninth as much with "Standard" Motor Oil as with the other oils. You can draw your own conclusions as to what this means in cutting costs of motor upkeep.

"STANDARD" MOTOR OIL

"Standard" Greases, Transmission Oil and Gear Compound are made with the same care as "Standard" motor fuels and motor oils.

If you are, start right in today to boost the home town by doing all on your buying there. It is your town and needs your financial support—your moral support, your business judgment, your advice, your ideas, your personality, your cooperation in every way. Only by taking a personal interest in the welfare of your community can you ever hope to be honored and respected there.—C.

Advertisement for Black Flag insecticide. Don't even think of it! Don't pay 50 cents for a half-pint of any liquid insect-killer. Black Flag—the deadliest of all—costs only 25 cents for the same quantity. Black Flag wipes out every insect pest that invades your home. (Money back if it doesn't prove so.) Black Flag comes in two forms—Liquid and Powder. Both are sure death to flies, mosquitoes, roaches, ants, bed-bugs, fleas, etc. Powder, 15 cents and up.
