TOBACCO MARKET OPENS SEPT. 11TH

All Warehouses Leased and Final Arrangements for Season Being Made; Two Old Houses Being Greatly Enlarged

Announcement has been made that the tobacco markets in the old belt will open this year on September 11th. This is nine days earlier than last year. The Louisville market is in this number and all arrangements for the coming season are being made.

The Southside Warehouse, the new one being erected on the south side of the river, will be run by Messrs. W. P. Jordan and John W. Moore, the former from Chapel Hill and the latter from Durham. These gentlemen come to Louisville with the reputation of being among the best tobacco warehousemen in the State. They have not announced the personnel of their force. Messrs. Jordan and Moore have been busy the past two weeks putting out advertising and boosting their house.

The Union Warehouse is being extended ninety feet. The brick work was completed Wednesday and will be ready for the opening. This will add a third more space to the house. This house will be operated by Messrs. J. D. Neils, L. C. Morris and R. E. Cash, who will have associated with them Messrs. G. M. Perry, J. M. Sykes and H. E. Hight. This is a strong unit and all of them are well known to our people.

Arrangements are now being made to send the Planters Warehouse back to the valley way from Main street, distant approximately forty feet. It is expected that work will begin on this extension within a week, and that it will be completed by the time for the market to open. This house will be operated by Messrs. Sam S. Meadows and Grover C. Harris, two well known tobacco men, who are experts in the warehouse business. They have not announced the personnel of their assistants.

It has already been ascertained that a full corps of buyers will be assigned this market, many of whom have already arranged for prizes.

The Chamber of Commerce has arranged a big advertising campaign in which the tobacco market will be largely acclaimed.

With the present outlook the indications are that Louisville will sell more tobacco this season than it ever has before, and one of the liveliest markets in the State will be found here.
