It May Be Urgent

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

More Millions Treat Colds Direct

Sound-About Method of "Dosing" Gives Way To Modern Vaporizing Solves

More and more people each year are giving up the slow, indirect way of treating colds by "dosing" with internal medicines, and are adopting the modern direct treatment—Vicks VapoRub.

Vicks VapoRub goes direct to the affected parts and checks the cold in two ways—Its medicated vapors, released by the heat of the body, are inhaled direct to the inflamed air-passages; at the same time it acts direct through the skin like a poultice or plaster, "drawing out" tightness and soreness.

Vicks is especially appreciated by mothers because it is just rubbed on, and therefore, cannot upset children's delicate stomachs as "dosing" is so apt to do. Today the whole trend of medical practice is away from needless "dosing."

To keep pace with the ever-growing demand, the famous slogan, "17 Million Jars Used Yearly," was raised to "21 Million" a short time ago. This figure too has been outgrown, as there are now "Over 25 Million Jars Used Yearly"—a far cry for every family in the United States.

The Association voted to change the time of the February meeting to Wednesday night, February 5, just after the regular prayer-meeting at the church.

As there was no further business, the meeting was turned over to Mrs. B. H. Patterson, chairman of the social committee. With the able help of Miss Bullard, who gave directions, Mrs. Patterson put on many stunts and games. After this feature, a fruit course was served by a group of the high school girls, during which the members present enjoyed an informal hour of conversation, then the meeting adjourned.

Basket Ball Schedule Jan. 10. Bunn—There (Boys and Girls). Jan. 28. E. Best—Here (Boys). Jan. 31. Louisburg—Here (Boys). Feb. 4. Franklinton—There (Boys and Girls). Feb. 7. Open. Feb. 11. Goldsand—Here (Boys). Feb. 14. Franklinton—Here (Boys and Girls).

There are to be added to the above games at least two more boys' games, and about six more girls' games to complete the schedule for the pre-tournament season. At completion of the above schedule we enter a county tournament to determine the County Champions. This tournament will be held either in Franklinton or in Louisburg, the champions will be determined by elimination.

Youngville Vs. Goldsand On January seventeenth the Youngville boys' team won a loosely played game from Gold Sand by a score of 15-9. Both teams played as if basketball were a game to which they had just been introduced. The passing was bad and shooting was off aim.
