

## Louisburg Road To Be Surveyed

However, Sometime Yet Before State  
Takes Over Maintenance Job—to  
Shorten Distance.

Work of surveying the road from Warrenton to Kearney—seven or eight miles from the Franklin capitol—will begin in about three weeks, however it will be some time yet before the Highway Commission takes over the entire road for maintenance, according to a letter from John Sprunt Hill, road commissioner. Mr. Hill said that he would be unable to give the exact location of the road until the survey had been made, but that he was inclined to believe that the final location would follow closely along in the present road in Warren and that important relocation would take place in the Franklin portion so as to shorten the distance and cut out unnecessary curves.

There has been an active effort here for years to have Commissioner Hill to place this route on the approved State highway map, and the word that the road has been added to the State system is welcomed, however, it is regretted that the entire road cannot be taken over for maintenance at once.

Mr. Hill's letter: "At the last meeting of the Highway Commission held on February 18th a road 17 1/2 miles long, from Warrenton, county seat of Warren county, to Kearney in Franklin county, was added to the State System. Engineers of the Highway Commission are now working on a road in Wake county, which will take them about three weeks longer, after which they will proceed to make survey of this road from Warrenton to Kearney. Until report of the engineers comes into my office, I cannot give you any definite location of the road. From what I know of the situation, I am inclined to think that the final location of the road will follow closely along the present road from Warrenton to Franklin county line. In Franklin county, however, there will be an important relocation made so as to shorten the distance and cut out unnecessary curves.

"After a road has once been made part of the State Highway System, it is the policy of the Highway Commission to proceed as rapidly as possible to take it over for maintenance, but in view of the bad condition of this road, I think it will be sometime yet before the Commission can take over the entire road for maintenance. I have already requested Mr. D. M. Rea, district engineer, to confer with the road authorities of Warren and Franklin counties with a view to putting the road in such condition that it can be taken over for maintenance by July 1st, when we begin our new maintenance program for 1930 and 1931."—Warren Record.

## Epsom Farmers Hold Meeting

We had our first mass meeting of Franklin County Agricultural Board for Haystack Township Wednesday evening March 12, with 22 interested farmers present.

Meeting was called to order by chairman of township, Mr. F. J. Beasley of Louisville, made a few brief remarks on the plans and workings of the organization.

Mr. Sheffield, of the State College, was chief speaker of the evening. He presented some very brief and interesting figures on the agricultural crops and conditions of our county. Showing we were falling far short on hay crops that we could grow at a nice profit if we would only make an effort to grow some.

Ranking very well on corn but growing it at a loss per acre because of our low yield. Growing cotton at a small loss per acre on account of low yield and short staple, not specializing enough on some of the best long staple varieties.

He also stated we could do well on livestock in this country such as cows, hogs, and poultry if we would only raise more feed for them.

All of this was based on a three year period ending with 1928. All of us very well know that we grew cotton at a much larger loss last year than in years past. In my opinion the County as a whole only broke even on tobacco last year.

According to all information we can not expect any better prices on these crops for this year. Are the tobacco companies and cotton manufacturers going to give us any relief on these crops so long as we continue to grow a surplus of them? I say no.

Our only solution to the problem is to grow our own hogs and hominy and board at the same place.

We had one farmer to report from Goldmine Township that he grew 25 barrels of corn last year at a cost of 50c per barrel. If this farmer can grow corn for 50c per barrel, I believe we have some good farmers in the county that can grow it for 50c per bushell. Lets try our dead level best on these crops for 1930.

## Twentieth Century Book Club

On Tuesday P. M. March 11th, at 3:30 o'clock, Mrs. A. B. Perry was hostess to the Twentieth Century Book Club. The soft mellow glow from many candles and shaded lights was very pleasing and restful. Yellow daffodils, golden-bells, sprays and other early spring flowers were placed at vantage points and not only added charm, color, and spring-time atmosphere but were truly in keeping with the study of the P. M. that of "Flowers and Shrubs."

First on the program was a very interesting and instructive paper "Flower Borders" by Mrs. Grady Harris.

Second, a reading "Magnolia Gardens" illustrated with pictures, by Miss Eleanor Collier. At the moment, all felt that a trip to this lovely place near Charleston, S. C., was one of the most desired things in life.

Third, a paper "Suggestions for Early Spring Sowing" by Mrs. H. J. Hayes, gave hints and suggestions about spring gardening.

A very interesting program, and a call and urge was felt to get close to "Old Mother Nature" and make her smile with loveliness in beautiful flowering blossoms.

Most delicious refreshments, consisting of creamed chicken on toast, orange salad, sardines, pickle, coffee and that most delicious of desserts—strawberry short-cake, were served.

Invited guests enjoying Mrs. Perry's hospitality were: Miss Lucy Allen, Mrs. B. N. Williamson, Mrs. W. M. Freeman, Mrs. S. L. Blanton of Louisville and Misses Murray, Fannie Underhill, and Hazel Maddrey of Louisville College.

According to the records reported by Coach Evangeline Lawson, the Louisville lassies scored 150 points to 116 by their opponents.

## NEW HOME OIL LAMP

Being Introduced on the Local Market by L. P. Hicks, one of Louisville's popular Merchants.

L. P. Hicks our progressive local Grocery and Hardware dealer has made announcement in this paper which is of particular interest to every home owner who is without electricity for lighting. They have just secured the local franchise for the famous new "Instant - Light" Aladdin kerosene mantle lamp, which gives a beautiful modern white light equal to ten ordinary oil lamps. It is over four times as economical as the best open-flame lamp, the reason being that it burns only 6 per cent kerosene to 94 per cent air. It will save its cost in a few months' time.

The Aladdin is simplicity itself in operation—anyone (even children) can run it. It is perfectly safe. Does not require generating, pumping up, or pre-heating. It gives off no offensive odor, does not sputter, hiss or make the slightest noise—burns without smoke.

These new Aladdins may be secured in either bronze or nickel finish and are available in either table, hanging, bracket or floor lamp styles.

The Aladdin Floor Lamp is something new and distinctly different—never before available in an oil lamp.

All Aladdins may be equipped with either plain glass shades or decorated glass or parchment shades, except the floor lamp which comes with parchment shades only. All decorated shades are beautifully designed and are in five colors.

Every home not equipped with electricity should have at least one Aladdin. It would be advisable to visit this store at as early a date as possible while the line is complete so that you may secure a wider choice. Read the important announcement elsewhere in the paper for further details.

## Stanley Neal Acquitted Charge Of Rape

In a hearing before Judge J. L. Palmer of Franklin County Recorder's Court, Wednesday afternoon, Stanley Neal was acquitted of a charge of rape.

From the evidence the alleged crime was committed on Miss Grace Talley, of Cedar Rock township on Sunday morning. The court taking the position that the crime was mitigated by the parties riding together later and the girl not telling any one until the next day, when the circumstances which were seen and heard by parties nearby had been caused to be told to her brother. The girl gave as her reason for not telling was a threat from Neal if she did so.

Prosecuting Attorney E. F. Griffin was assisted by Ben T. Holden and W. C. Webb. The defense was represented by W. H. Yarborough and C. Hill Yargorough.

## Old Person House Damaged By Fire

The home place of the late Mrs. Pride Person, now owned by Mr. A. W. Person, was badly damaged Monday afternoon about 3 o'clock when fire was discovered in the roof on the back of the residence. The firemen made quick work of getting the blaze under control, confining it to the attic and putting it out before it had done any considerable damage.

The damage to the residence and contents was mostly smoke and water and owing to the most of the contents being furniture and furnishings of an antique nature it is hard to give an estimate of the damage. The damage to the house from fire and water was approximately \$750.00 and that to the contents is undeterminable at present, both were insured.

No one was living in the house at the time. It was in process of repair and remodeling. The fire is supposed to have caught from sparks from piles of trash being burned nearby.

## A Tribute From The U. D. C.

Whenever a Confederate Soldier passes into the "Great Beyond" we feel that it is a sacred duty of our order to tell to others how we cherish his memory and how we still honor his heroism and bravery, though expressed long years ago in giving willingly the strength of his young manhood to the defense of his native land. Mr. D. C. Tharrington a native of Franklin County, was born Dec. 6th, 1845, and at eighteen years of age enlisted in the Confederate service in Company C, 15th N. C. Regiment. He was in Cook's Brigade, Hill's Corps, Heitz's Division. He was in the regular service until near the close of the war, when he was captured and carried to Point Lookout, where he was held until May 1865.

He returned and like many others struggled on for home and country. In 1868 he married Mary Elizabeth Wilder and to this union were born 7 children who can treasure with love and reverence the memory of a life so worthily lived.

He became a successful man, his home was a happy one and the influence which he wielded was for good, for he had interred the service of his maker and gave to his cause the same loyalty he had given to his country.

He was popular with the people of his community and always loved by his comrades of the past. At the time of his death he was Commandant of the camp of Confederate Veterans here.

He lived to be a little more than 84 years old. At last the end came in peace and quietness, for 'twas without a pain. As the shadows of the day were lengthening about him, he quietly sank into his last dreamless sleep.

He knew "It would not be long, 'twould soon be o'er."

For down the West, Life's sun was setting, and he saw the Throne Where he would rest."

## S. A. R. ELECTS OFFICERS

Hill Yarborough, president of the Harrison Macon chapter of the Society of the Sons of the American Revolution, entertained the members of the chapter at a supper Wednesday night. The election of officers for the coming year was held, and a short program was presented.

Tempe Yarborough gave a short selection on the history of the flag from its beginning to the present time. Dr. D. T. Smithwick, national trustee of the state society, spoke on the purposes and objects of the society, and outlined the objectives for the year. Hill Yarborough, in a short address, reviewed the activities of the local chapter for the past year, and stated the plans for the convention.

The following officers were elected: Hill Yarborough, president; James C. Harris, first vice-president; W. A. Hunt, second vice-president; M. S. Davis, third vice-president; Dr. S. P. Burt, secretary-treasurer. The position of chaplain was left open. Dr. P. T. Smithwick, M. S. Davis, James C. Harris, and Hill Yarborough were chosen delegates to the state convention. Major S. P. Boddie was elected alternate delegate.

A condemnation of wealth that closes with an appeal for funds is not very convincing.
