New Charm In Cotton And Ermine

COTTON spells smartness as never before for fall and winter apparel. Furthermore, it is just now highly favored for both formal and semi-formal types of costumes. Cotton and ermine! This is a new combination of fashion significance this season due to the present popularity of velveteen in the evening mode. Nothing could be more striking or effective in black and white than the combination of velveteen and ermine shown in the accompanying new evening gown. This model has been fashioned in the latest silhouette with deep rounded décolletage and the drop shoulder that make it distinctly 1930. The other photograph shows velveteen in a new role for a hostess pajama costume with youthful bolero jacket which repeats the circular lines of the trouser skirt. Indeed there is a charm and distinction that would add to the pleasure of many afternoons "at home".

OUR RALEIGH LETTER

(Continued from Page Three)
 State profited thereby to the extent of \$1,266.12. Fines imposed on offenders totalled \$2,683.15, according to reports, and costs amounted to \$1,486.53.

Chairman Odus M. Mull, of the State Democratic Executive Committee, reached "the goal" with a cash balance of \$80.54 to his credit, his committee having received \$15,893.37 and disbursed \$15,812.83. The largest contributor was former Governor Cameron Morrison who "put up" \$3,000. Governor Gardner contributed half that amount and the chairman himself gave a thousand. Of the Democratic expenditures, \$5,937.83 was spent at the state headquarters of the Committee for stamps and envelopes, office hire and expenses, printing, telephone and telegraph. The balance, \$9,875.53, was used for organization work in the counties, according to the final report filed by Chairman Mull, who says all funds expended by his committee came from within the State.

A number of State departments are said to be behind in the submission of their biennial reports and may not be able to comply with the 1929 statute requiring them to make full reports of their operations, together with recommendations for future operations, to members of the General Assembly not later than twenty days after the general election. The State Department of Agriculture and the State Educational Commission have met the requirement; and the others, except the Industrial Commission, are subject to impeachment and removal from office the twenty days having already expired.

Reapportionment under the 1930 census gives North Carolina an additional congressman and a rearrangement of the districts in the State will be necessary before adjournment of the 1931 General Assembly, unless a decision should be reached to defer the matter for two years and elect a congressman-at-large in 1932.

Members of the defunct Tri-State Tobacco Growers Co-operative Association are cheered with the news that receivers for the organization have around \$500,000 for distribution without delay, unless attorneys asking additional fees, which have been denied by Judge Meekins, appeal from his decision to a higher court. The funds to be distributed will be announced to members in North and South Carolina to a great extent.

Raleigh went beyond expectations last week in the drive for \$53,000 with which to care for her unfortunates the next year. Final reports of canvassers showed subscriptions amounting to \$53,637.68. More than 5,000 persons pledged their support, or 2,000 more than last year when 3,000 contributions reached a total of \$41,000.

To Charles Keck, noted sculptor of New York City, has been awarded the contract for the work of designing a statue of the late Governor Charles B. Aycock to be placed by that of Senator Vance in the statuary Hall.

Over a Billion Deadly Germs in a Single Drop of Water

Germs are so small that there may be as many as one billion, seven hundred million of them in a drop of water. And just a few of these tiny germs, if they get into your blood through a cut in your skin, may make you so sick you will be in bed for weeks—may cause the loss of a limb through blood poisoning—may even infect you with that most dreadful and fatal of diseases, lockjaw.

Just because you can see no dirt in a cut does not mean that it is clean. You cannot see germs. The only safe and sane thing to do, is to thoroughly wash every cut, no matter how small, with Liquid Borosone, to kill the germs, and then dust it with Borosone Powder, to hasten the healing. Liquid Borosone costs 30 cents, 60 cents, \$1.20 and \$1.50; Borosone Powder, 30 cents and 60 cents, and can be had at F. R. Pleasants, Adv.

RESOLUTION OF RESPECT

It has pleased the Supreme Councilor of the universe to take from the turmoil of this life to that blessed harbor where the weary shall find rest our friend and brother, William O. O'Neal.

1. Therefore be it resolved by Youngsville Council No. 273 Jr. O. U. A. M. that while we humbly submit to the will of our heavenly Father who doeth all things well, we contemplate with sorrow the loss we have sustained through his passing.

2. In his going we recognize the loss of a faithful friend and brother to the bereaved family we extend our heartfelt sympathy and direct them to lean heavily on Him that doeth all things well.

3. Be it resolved that a copy of these resolutions be spread on our minutes, a copy be sent to the Franklin Times, for publication and one sent to the bereaved family. C. E. JEFFRIES, E. M. CARTER, J. R. PEARCE, Committee.

Felt Bad After Eating

"Before I started taking Black-Draught, three years ago, my health was very bad," writes Mrs. C. C. Carson, 945 Concord St., Beaumont, Texas. "I suffered constantly from constipation. I had headaches when I got up in the morning, and I felt dull and sluggish. I hardly ate a meal that my food agreed with me. Frequently I would have gas on my stomach, and felt awful."

"I read about Black-Draught, and I thought it might help me. After I had taken it a little while, I felt much better. It relieves constipation. I keep it on hand so when I need a laxative I will have it. In the three years I have been taking it, I have never found anything as good for constipation."
