

BUNN SCHOOL NEWS

Bunn At Home to Kiwanis Club
The Home Economics dining room of Bunn High School was the scene of the Louisburg Kiwanis Club on Friday evening, Nov. 14. The banquet was well attended by the Kiwanians of Louisburg and Bunn besides a number of outsiders from Bunn. Rev. Crawford, of the Bunn Baptist Church introduced the principal speakers of the evening. Mr. S. L. Bowen, principal of Bunn High School gave the Welcome Address. He began his speech by saying, "You are as welcome as the flowers in May." This was responded to by Mr. Mills, Superintendent of Louisburg Graded School. Mr. Mills assured the people of Bunn that they were glad to be at the banquet, and that they would come any time that the folks from Bunn "whistled" for them.

The club was favored by some special music and two dances by some boys and girls from Bunn High School. A very humorous contest was performed by Mr. Weathers and Mr. Wright of Bunn. Both given a suit case filled with women's clothes. The object was to see which one could put on and take off again the quickest the apparel contained in the bags. The prize was awarded to Mr. Weathers. Every one seemed to enjoy the banquet immensely and we are looking forward to having the Kiwanis back again with us.

Our library is in great need of new books. We are attempting to accumulate funds for our library by asking each pupil in high and elementary schools to bring one penny for each birthday he has had. A prize will be given to the grade that gets the highest percentage.

On December 9, 1930 in the High School Auditorium a play, "Miss Blue Bonnet," which is to be sponsored by the Parent Teachers Association will be presented. The cast will be composed of home talent. The play will be directed by a coach of the Wayne P. Sewell Producing Company, of Atlanta, Georgia. It is a three-act musical comedy with a rural setting, and is full of splendid humor, melody, and possibility for excellent acting.

The Bunn Chapter of Young Tar Heel Farmers has initiated eighteen members. The initiation was held in the Bunn High School Gymnasium on Tuesday night November 11th. Much interest was shown by the spectators. The initiating team carried out the program in good style, and for the most part it was enjoyed by all. With, probably, an occasional exception on the part of some good candidate. We candidates had the privilege of using their voices in several of the following ways: Singing, speech making, yodeling, and the imitation of locomotive whistle etc. The entire group made good candidates, and the program was exceedingly interesting, as well as instructive.

The Bunn Chapter has at the present forty members on roll. With applications from three other candidates. We are expecting the initiation to be held for these three at an early date. The officers of the Bunn Chapter are: President—Bruce White, Vice-Pres.—Everette Bunn, Secretary and Treasurer—Melrose Cyrus, Reporter—Wayne Winstead.

It is hoped, and believed that this year 1930 and 31 will be the greatest in the history of the Young Tar Heel Farmers.

Chapel Programs Continue To Be Enjoyed
We are still having some very interesting chapel programs, which are being given by the different grades in our school.

The Monday morning exercises were conducted by Mr. Bowen, who gave an interesting talk on, How to Beautify Our School Grounds. The exercises on Tuesday morning, conducted by our Home Economics teacher, Miss Johnson, were greatly enjoyed by everyone. The importance of Home Economics as well as other helpful facts were given.

The eleventh grade wonderfully entertained the students and teachers on Wednesday morning by giving a splendid Thanksgiving program. These programs are being put on each morning in Chapel in order that some helpful advice may be obtained. They will continue to go on through out the following few weeks.

Bunn Plays Ball
On Tuesday night, Nov. 25, between 8 and 9 o'clock, we had the hottest game in our gym that we have witnessed in a long time. It was between the Bunn boys and Middlesex boys. All of the boys showed very good play.

The Bunn boys playing were Bert Jones, Bruce White, Wayne Winstead, Glyn Dickerson, Dillard Privette, Millard Mitchell, Ira Pearce, Horace Cheeves and Raymond Land. Everyone enjoyed the game very much, spectators as well as players. The game was very tight. At the end of the first half Middlesex had the lead. But in the end the score was Middlesex 10 and Bunn 13. We enjoyed playing the Middlesex team to play and are ready to welcome any other teams.

Our slogan is, "We are going out to win. Watch out!"
Juanita Perry, Reporter.

The following is an Honor Roll for 3rd Month:
1st Grade—Lettie Gray Wheeler, Joyce Harris, Audrey Hayes, Elly Ney, Beddingfield, Doris Williams, Melvin Mullen, Pauline Cheeves, Thelma Denton, Eunice Pearce.

2nd Grade—Carl Mullen, Bob Wheelless, Maynard Strickland, Dorothy Land, Ruby Perry, Sarah Wil-

der, Alma Strickland.

6th Grade—Merla Johnson, Laurence Horton, Randolph Alford, Carolyn White, Gladys Mae Winstead, Elizabeth Dickerson, Jay Bird Winstead.
7th Grade—Reba Holmes, Sidney Strickland, James Shearon, Juanita Cyrus, Kathleen Cheeves, Mary V. Williams.

The New Tobacco Co-operative Marketing Association and What it Means to North Carolina Farmers.

T. E. Browne, State director of vocational education said: "the tobacco farmers occupy a position of great possibility if they will fall in line with the movement for organizing Co-operative Marketing associations under the statesmen like leadership of Governor Gardner, supported by state and Federal agencies."

When the fall comes the farmer is anxious to get hold of some money, so he works his tobacco and sends it off as early as possible. Not waiting to find out which place is best to take it to. Tobacco growers should keep their tobacco until it is in the best possible condition. If they would, they could co-operate in shipment of tobacco with less trouble and most likely get more for it. The president of N. C. State College said: "the co-operative marketing plan has been tested through out the world. It is endorsed by our Federal Government. We should make use of this plan by marketing our agricultural products, particularly tobacco.

There are some things, however, that must not be expected of the organizations. Some think the associations can take a poor quality tobacco and sell it for a high price, but it can not be done. The associations can guarantee to all growers the cost of production plus a profit. There is some tobacco that cannot be expected to make a profit.

The co-operative marketing insures better handling. The tobacco is carried directly to the manufacturers, or to redrying plants, in this way the unnecessary handling and tramping under foot is avoided.

If you join the associations and want to withdraw you have to do so in April. If you join the associations and sell some of your tobacco some where else and they find it out you have to pay them five cents a pound for doing so.

The tobacco growers of North Carolina are in a very bad fix, they are always talking about hard times, and have tried in almost every way to find out what is causing these hard times. No doubt much of these hard times are caused by the farmers being in such a rush to sell their tobacco and get some money that they don't wait to see the best place to carry it. The farmer tries to plant to much money crop instead of raising food for his family and live stock. If the farmer would be able to raise all the feed for his stock and almost everything for himself and his family, he could plant a little tobacco and not rush in selling it, but co-operate with other growers in the shipment of their tobacco and get more for it in less expense.

This system insures better selling of tobacco than individual farmers could hope to attain. Tobacco is bought on strict basis of quality. The tobacco will be graded and sold on fair bases not sold according to the man but to the product.

Mr. Jas. C. Stone, of the Federal

Business Man Makes Strong Statement

ROBT. A. STRATE

Robt. A. Strate, prominent business man, owner and general manager of the Bakery Equipment Co., Oklahoma City, makes the following statement regarding the recent recovery of his health: "I suffered ten years with as bad a case of stomach trouble as any man ever had. It was impossible for me to enjoy a meal without suffering. I was terribly rundown. Five bottles of Sargon made me feel like a new man have gained sixteen pounds and have as much strength and vitality as I had twenty years ago. I have never found anything to equal Sargon Soft Mass Pills. They regulated me perfectly. Scoggin's Drug Store, Louisburg; L. W. Henderson's Pharmacy, Franklin, Agents.

Farm Board, says that the most important thing in marketing farm products is to regulate the time, manner, and place of feeding the supply to the demand so that the producer will get a fair price under exciting conditions. This co-operative marketing can do the following: The association will equalize prices on all grades of tobacco through out the entire season.

By doing a great deal of business and cutting down the number of tobacco handlers, over-head expenses can be cut and savings accumulated. The associations will set up credit organizations which will mean much to the farmers of North Carolina. The growers can mortgage any crop—the association, when it has notice of the mortgage, will apply the proceeds of the mortgage and

The People of Franklin County Have And Are Receiving With Great Enthusiasm Our Offerings At The Most Unusual Low Prices

Yes our customers responded in great numbers to our unusual values, we wish it was possible to give you a list of all of our prices here but this is impossible in this small space, and we can only "SAY TO YOU COME AND SEE FOR YOURSELF" for a visit to our store will more than repay you now.

Our Low Level Prices Are The Lowest In The State!

Mother! Clean Child's Bowels "California Fig Syrup" is Dependable Laxative for Sick Children

Happy Mother! Even a fretful, feverish, bilious or constipated child loves the pleasant taste of "California Fig Syrup" and it never fails to sweeten the stomach and open the bowels. A teaspoonful today may prevent a sick child tomorrow. It doesn't cramp or overact. Contains no narcotics or soothing drugs. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

then pay the balance to the growers. When the association is organized by bitts, the growers are benefitted in proportion to the way in which they co-operate. The association will also loan money at a low interest to its members. The legal office located in Raleigh, but bank officers may be located elsewhere. The books and papers of the association are to be examined by the Farm Board, and its findings are to be reported to the members of the association. Also give the growers of tobacco advice and assistance in the management and marketing of their products. The new contracts give the growers the privilege of annual withdrawal while the old contracts did not give the members this privilege.

In the old organization the members had little or nothing to do with its affairs, while in the new organization, each member has one vote. Governor O. Max Gardner said, "We must not let up in every lawful effort to organize, and persistently go forward to meet a most critical situation. I renew my pledge to do everything with in my power to improve the present conditions and to co-operate with you and every agency in the state to prevent its recurrence next year. Go forward!" I think if we all held the same opinion that Governor Gardner does of this movement, this critical situation would not be so bad as we might think. By this new association a great number of farmers in the state are prospering as members, and find the

association to be very satisfactory and helpful. Two thousand selected Mimosa trees were planted on Highway No. 79 out of Morganton in Burke County on November 11 as a memorial to Burke County boys who served in the World War. The trees were selected from local forests by R. L. Sloan, County Agent. Farmers in two communities of Jackson County cooperated to order 20 tons of cottonseed meal as cattle feed at a saving of from \$5 to \$8 a ton, depending on the haul from station. All suits and overcoats 1-2 price at F. N. Spivey's. 11-28-4t

REASONS WHY ZEPHYR FLOUR

is better than any other Flour handled in Franklin County, although a dollar to a dollar and a half cheaper than some others. Mill advantages as follows:

- 1st. Unlimited Capital.
2nd. Located in best wheat section of the World.
3rd. Owns large number of Public Wheat Elevators scattered throughout that section with chance to buy from the farmer before the wheat is withdrawn for shipments to Markets.
4th. Owns large line of Private Elevators for storing their wheat till needed.
5th. Their main business is developing generating and selling Water & Electric Power. Always having a surplus which costs nothing. (Look at name of Mill on each bag.
6th. Flour is water ground. (Look on each bag.)
7th. No other flour on the market with as strong guarantee printed on each bag. (Look for it on each bag.)
Compare the taste of Zephyr with flour, made by any other mill, and sold here. None of them have that sweet nutty taste. The wheat it is made of is full of gluten or protein, and this is where you get your food value and good taste. The others as a rule use wheat which is full of starch, white, flat taste, and no food value. We have many merchants to tell us, "People who have used this flour will have no other." Sold by nearly all the merchants in the county. Call for it. If one merchant does not have it, his neighbor has.
