G. W. MURPHY & SON, Louisburg, N. C.

FORCED TO RETIRE

DR. ARCH HUTCHINSON, D. D. S., says he regards new Sargon as real triumph of Science.

"Up to a few years ago I practiced my profession in Seattle, Washington, where I had a large and lucrative practice. On account of poor health I was forced to retire. For four years my strength and vitality declined steadily. I traveled from place to place in search of health but continually grew worse. The Sargon Treatment completely restored my health. The way it restored my energy and vitality is nothing short of remarkable. I feel better than for twenty years and attribute my present good health to this great medicine. I regard it as a real triumph of Science." Dr. Hutchinson now resides at Palo Alto, California. Sold by Scoggin's Drug Store, Louisburg; L. W. Henderson's Pharmacy, Franklinton, Agents. —Adv.

PLAY POSTPONED

On account of the companies failure to send a coach for the play "Miss Blue Bonnet," which was to be given in the Bunn High School December 9th, the date has been postponed until December 18th. The play is given under the auspices of the P. T. A. of Bunn, and it is something that all will enjoy. It is a play with music, beautiful costumes, snappy dances, and a clever plot. Do not miss it!

Stokes County tobacco growers continue to be greatly interested in the formation of a cooperative tobacco marketing association and recent meetings called by County Agent J. E. Trevalhan are being well attended.

HOME DEMONSTRATION DEPT.

DAISY CALDWELL, Agent

Itinerary Dec. 15th-19th

Monday—Office Tuesday—Office Wednesday—Wood Thursday—Mitchiners' Friday—Bunn Saturday—Christmas vacation begins.

The Home agent will leave Saturday, Dec. 20th for Christmas vacation. She will be back in the county about the 27th or 28th, before leaving for Statesville to begin work there on the first.

Miss Frances Crafton, the county's new home demonstration agent will be in the county sometime Christmas week to begin work here on the first Miss Crafton is now agent in Madison county.

At the Cedar Rock Club Mrs. Phil Inscow who was on the program for "An adequate supply of household linen" read the following clipping: The linen closet should be filled with the bedroom and bath room linen, while the dining-room linen should be stored in a closed cupboard, or in drawers in the pantry or dining-room.

For Bedroom and Bathroom 2 scarfs for each dresser, 3 face towels for each member of the household, 3 bath towels for each member of the household, 3 small guest hand towels, 2 guest bath towels, 4 wash cloths per person, 4 sheets for each bed, 3 pillow cases for each pillow, 3 bed spreads for each bed.

For Kitchen and Dining Room 12 dish towels, 6 glass towels, 7 kitchen hand towels, 1 silicone cloth, 2 dish cloths, 4 centerpieces, 3 dust cloths, 2 oven cloths, 2 table cloths for dinner, 24 napkins, 12 tea napkins.

The clothing specialist Miss Willie Hunter, promises the county four leaders schools in clothing next year. The first will be sometime in January and on millinery, Club programs for the year have been planned on the following subjects: Use and care of the sewing machine, Home sewing equipment, Alteration and use of commercial patterns, Problems in fitting, The dress Clinic, Line and design, Neck and shoulder lines, Seams and finishes and dress accessories.

It will be remembered that "Beautification of the home grounds" was the minor project chosen. Two club meetings will be devoted to this subject, and that will leave two for special "live-at-home" programs that Governor Gardner wishes put on this year.

The year book is made out but there is some delay in getting it mimeographed so it may be January before it is in the hands of the club committees.

OUR RALEIGH LETTER

(Continued from Page Two)

is expected to have it ready for members of the Legislature when it meets.

The State board of Assessment has planned for a meeting with county tax supervisors starting on Wednesday of this week and continuing three days. Re-valuation of property is to be made between the first of January and the 31st of March and plans for uniform procedure are to be perfected at the approaching meeting, it is said. A program of general discussion by the county supervisors, with each topic presented by a member of the State Board, has been prepared and the work of putting on valuable suggestions in the counties touching re-valuation will start early in the new year. A meeting of the State Board of Equalization is called for Thursday and the members are expected to take in the conference of county officials "from the side-lines."

In November 1929 State revenue collections amounted to \$547,501.17 for general fund purposes. Last month these collections reached the low level of \$233,301.84. The high-way fund collections last month were \$1,239,892.21. In November, 1929, the amount garnered for this purpose aggregated \$1,185,989.21, or an increase of \$54,108. Federal collections for the month were \$2,974,365.99 less than for the month of November last year, according to figures compiled by Collector Grissom's office. The reduced collections are taken by officials as a reflection of current economic conditions.

Last year the Federal government set aside \$1,716,619 for road construction in North Carolina under the proviso that the State must match dollar for dollar the money thus appropriated. The State, according to Federal statistics, used only \$798,658, thus depriving itself of government funds in the sum of \$1,018,261 because it failed to live up to its part of the "compact." Now Chairman R. A. Doughton, of the State Highway Commission suggests a loan of a million dollars from the Government to be used as the State fund is toward meeting the federal appropriation. At its present rate of income Chairman Doughton says North Carolina should have its State Highway System of more than 9,000 miles completed within five years, at a cost of \$21,424,941. During this period the cost of bridges to be built would aggregate \$4,592,700; for top-soiling roads, \$13,306,968; oil treating, \$5,847,775; and paving, \$9,384,000. The State constructed system at present contains 6,895 miles of high-ways and has added to the system mileage built by counties. The majority of the roads to be built will be of the lower type of construction, it is said, including approximately 2,000 miles which are yet below standard. Governor Gardner would have federal restrictions on the road appropriations made

more flexible, so states may meet requirements.

The Southern Society of New York City will have the privilege of hearing North Carolina's Senator-elect Josiah W. Bailey on Wednesday evening, December 10, who accepted an invitation from that organization to speak at its annual dinner. On his return Mr. Bailey contemplates a stop over in Washington and a look-in on Congress, of which he will become a member on March 4, 1931, succeeding Senator F. M. Simmons. He may also put in a few licks against the confirmation of F. R. McNinch as a member of the Federal Power Commission. Senator Overman has already heard from the Raleigh Democrat in opposition to the Anti-Smith leader.

In his biennial report to Governor Gardner and members of the General Assembly, Dr. A. T. Allen, State Superintendent of Public Instruction, advocates changes in modernizing the present school system, which now involves annual expenditures of \$30,000,000 for more than 860,000 pupils. The Superintendent recommends consolidations of administrative and spending units, reductions of districts and uniformity of terms. He would also like a financial arrangement to bring the actual tax average nearer the level for participating in the equalizing fund for the constitutional six months term. The average tax for maintaining the six months term in counties last year was 49.3 cents, while the participating basis was 30 cents. Doctor Allen is naming no figures to fit these particular items, leaving that to the Educational Commission's report later to be submitted. A total of 165,018 more children are in schools operating eight months or longer now than there were in 1925-26, during which period 459,080 children, both white and colored, were answering the "call to books" eight months in the year. In 1929-30 the number attending such schools was 600,000. There will be no change in the textbooks now in use in the public schools for 1931-32 sessions, the State Board of Education having rejected all of the bids for new arithmetics, writing books and drawing books recently submitted on recommendation of the State Text Book Commission.

The erection of a new State Prison on the Raleigh prison farm, the abandonment of the old Central Prison and the acquisition of a new farm in Western North Carolina are some of the plans in prospect by the State Prison Advisory Commission appointed by Governor Gardner some time ago. There is also talk of establishing new prison industries. Meeting here during the week the State Literary and Historical Society elected Bishop Joseph Blount Cheshire president for the ensuing year. A similar honor was conferred upon Mrs. Josephus Daniels by the North Carolina Folk-tore Society at its 19th annual session held in Ra-

leigh on Friday afternoon.

The Eastern Southern Conference on State Institutional labor will meet in Raleigh, December 15 and 16. Approximately 75 outstanding penologists from 14 states and the District of Columbia are expected to attend.

A CARD OF THANKS

We want to express our many thanks and appreciations to our many friends, for their kindness and support they have rendered us during our disastrous lossage of our feed barn by fire, including live stock, feed, tobacco, and farming implements. They will be long and tenderly remembered. Mr. and Mrs. D. W. Richards, and Children.

A labor income of \$1,318.20 from 2000 bushels of apples grown on 3500 young trees is reported by J. W. Daniels of route 3, Taylorsville in Alexander County.

LOST STRAYED OR STOLEN

A light brown German Police puppy male about 7 months old and weighs about 50 or 60 pounds. Any information leading to his recovery will be liberally rewarded by A. C. Collins, Route 4, Louisburg, N. C. 12-12-11

Speedy Relief For Sore Throat

This Doctor's Prescription Requires No Gargling

No longer is it necessary to gargle and choke with nasty tasting medicines to relieve sore throat. Now you can get almost instant relief with one swallow of a doctor's famous prescription. This prescription was refilled so often that the druggist who originally filled it decided to put it up under the name "Thoxine" and make it available to everyone.

The remarkable thing about Thoxine is that it relieves almost instantly, yet contains nothing harmful. It is pleasant tasting, and safe for the whole family, and is guaranteed to relieve sore throat or coughs in 15 minutes or money back. Put up ready for use in 35c, 60c and \$1.00 bottles. Sold by Beasley Bros., and all other good Drug Stores. —Adv.

S. P. Honeycutt of Johnston County produced 105.3 bushels of corn an acre on his five-acre demonstration, reports J. B. Slack.
