**Nature Thought of Everything**

Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle, and can be bought from F. R. Pleasants.

**The Haunted House**  
(Susie Belle Hight '34)

There was once a haunted house in which the owner could get very few people. Since he was a rich man he was able to do most anything about the house that he wanted to do, and so he offered the sum of fifty dollars to the family that would live in the house for a month.

Not far from there a family lived in a small broken down shack. Although they were superstitious and didn't like the idea of living in a haunted house, they decided to try it because they were very much in need of money.

When the day for them to move arrived, they were ready to do so because they wanted to get settled as quickly as possible. It was not long before they were moved, however, and ready to settle down and listen for ghosts.

Around midnight, when all was quiet around the house, a loud shriek was heard from the back of the house and sent them hurrying to the same place which happened to be over the room that they had heard the shriek from.

"What is this?" asked a voice from below the room.

"Oh, a family reunion I guess", murmured another voice.

By this time the people were almost frightened to death and ready to expect anything. For a few minutes they prayed, and as they were ready to close their prayer, a trapdoor from beneath this room opened and two men walked into the room.

"I guess God heard your prayer, but we answered it", murmured one of the men.

With these few words everyone was satisfied because they had recognized the two men as the owner of the place and the attendant, who, as the owner had explained, was the ghost.

Have you tried the Brown Bobby Doughnuts? They are delicious. Order them through your grocer, druggist or call 39 and get them fresh, direct from the home of the Brown Bobby. 10-17-tf

**REASONS WHY ZEPHYR FLOUR**

is better than any other Flour handled in Franklin County, although a dollar to a dollar and a half cheaper than some others. Mill advantages as follows:

- 1st. Unlimited Capital.
- 2nd. Located in best wheat section of the World.
- 3rd. Owns large number of Public Wheat Elevators scattered throughout that section with chance to buy from the farmer before the wheat is withdrawn for shipments to Markets.
- 4th. Owns large line of Private Elevators for storing their wheat till needed.
- 5th. Their main business is developing generating and selling Water & Electric Power. Always having a surplus which costs nothing. (Look at name of Mill on each bag.)
- 6th. Flour is water ground. (Look on each bag.)
- 7th. No other flour on the market with as strong guarantee printed on each bag. (Look for it on each bag.)

Compare the taste of Zephyr with flour made by any other mill, and sold here. None of them have that sweet nutty taste. The wheat it is made of is full of gluten or protein, and this is where you get your food value and good taste. The others as a rule use wheat which is full of starch, white, flat taste, and no food value.

We have many merchants to tell us, "People who have used this flour will have no other." Sold by nearly all the merchants in the county. Call for it. If one merchant does not have it, his neighbor has.
