**Would You Know One If You Saw It?**

If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood streams through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning, and many more dangerous and perhaps fatal diseases. There is one sure safeguard against these dangers — washing every cut, no matter how small, thoroughly with Liquid Borosone, the safe antiseptic. You can get Liquid Borosone at F. R. Pleasant's. DR. CALDWELL'S THREE RULES

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation is a mild vegetable compound. It can not harm the most delicate system and is not habit forming.

The Doctor never did approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. Use Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds. Get a bottle today, at any drugstore and observe these three rules of health: Keep the head cool, the feet warm, the bowels open. For a free trial bottle, just write "Syrup Pepsin," Dept. BB, Monticello, Illinois.
