### BUILDING DAYS FOR YOUTH

Thoughtful parents, who have observed and  
experienced the wisdom of thrift in recent  
years, now realize that it is very important to  
direct children's thoughts in constructive  
channels. Most important of all is the apprecia-  
tion of the rewards of thrift. To teach the child  
the value of material thrift, there is no better  
method than establishing a saving account, for  
him, his to direct, control and build.
