

EPSOM SCHOOL NEWS

Published by Pupils of
Epsom High School

Athletic Club
The program consisted of a challenged basketball game, between the first and second girls' team. The game was eagerly watched by the other members of the club, who cheered mostly in favor of the second team, this turnback on the part of the spectators from our first team did not daunt them in the purpose of winning the game. They came out with a victory of two or three points over their sister team.
The outcome of the games played last week by both teams was good. On January 8, a double-header was held at Franklinton. Both teams were victorious. The scores being 45-8 in favor of the girls and 19-18 in favor of the boys. A double-header was held at Gold Sand on January 10, the scores being 24-17 in favor of the girls and 30-9 in favor of the boys.

O'Henry Society
The officers for the second semester have been elected. They are as follows: President, Edwin Fuller, vice president Edwin Pernell, secretary and treasurer, Virginia Lassiter, assistant secretary and treasurer, Adelle Finch, chaplain, Christine Eaves, musician, Elaine Weldon, reporter, Virginia Perkinson, junior critic, Mattie Leigh Dickerson, Annie Roberson was appointed as chairman of the program committee.

On Friday, January 10, the society held its regular meeting, the new officers presiding. Business was discussed and transacted, after which a very interesting program was given.

Sidney Lanier Society
The Sidney Lanier Society held its regular meeting Jan. 10, 1936. The program was on New Year, which was as follows:

Songs, Society; Devotional, Chaplain; Why we should make New Year's resolutions, Joseph Ayscue; My New Year's resolutions, Louise Stainback; New Year's poem, Irene Lancaster; Ten years hence, Emma Lou Grissom.
We had delicious refreshments served to us, of which everyone enjoyed.

Fannie Pearl Ayscue, Girl Scout News

On Tuesday a call meeting was held. The leader was absent, so the patrols assembled separately. Roll was called and business was discussed in each patrol. Fruit and candy was graciously served to the whole troop by members of the second patrol.

Plans were made to go on an observing hike next week in order that second class workers might pass by observation, all song "Girl Scout Spirit," then we adjourned to meet with our captain next week.

Reporters.

Personals
All the students were glad to get back to school after the Christmas holidays.

We have had some exceedingly bad weather during the past three weeks.

We are very sorry indeed to have right much sickness in our community. We are hoping they will soon be well.

Mattie Leigh Dickerson and Margaret Dickerson spent the Christmas holidays with her sister and aunt in Richmond.

The first team of the girls basketball squad comes from the senior class.

The home of Mr. Henry Finch was burned on January 9.

Mr. Carl Ousley is still teaching in the absence of Miss Cooke.

MRS. AMA G. MITCHELL WILL ATTEND LIFE INSURANCE CONVENTION

Mrs. Ama G. Mitchell, of Youngsville, N. C., and Mr. Lena B. Freeman of Wake Forest, N. C., will leave on Saturday to attend the sixteenth annual convention of the leading salesmen of Atlantic Life Insurance Company to be held at the Hollywood Beach Hotel at Hollywood, Florida, from January twelfth to fifteenth. In order to earn this trip it was necessary for Mrs. Mitchell to meet high requirements, and only a limited number of representatives will be in attendance.

Mrs. Mitchell has represented the Atlantic Life at Youngsville and Wake Forest for a number of years and is well known in these cities.

ALL AAA PAYMENTS WILL BE COMPLETED

All AAA benefit payments due North Carolina farmers up to January 6, 1936, will be paid, according to word from Washington received by Dean I. O. Schaub, of State College.

The treasury department has announced that all AAA checks now being distributed are good and may be cashed at any time.

The dean could not say just when checks for payments now due will be distributed, as preparations for these payments had not been completed at the time the AAA work was suspended.

The tobacco marketing cards used during the past season had been checked over at the state AAA tobacco office at State College and were almost ready to be sent to Washington for final approval.

The marketing cards are necessary in determining the amount of the tobacco adjustment payments for each grower, the dean said.

The state AAA cotton office

was making preparations for the cotton price adjustment payments which were offered to assure growers at least 12 cents a pound for their lint.

Dean Schaub expressed his belief that some way will be worked out for completing these and other payments within a reasonable time.

Farmers who kept faith with their crop adjustment contracts up to the time the Supreme Court invalidated the AAA deserve to get the payments promised, the dean said, and the government intends to keep faith with these farmers.

THE MIRACLE OF MAN O' WAR

AMONG ALL THE HORSES that have thrilled sport-loving America, Man O' War holds first place. Nature favored him as she did no other. To him she gave her greatest gift—perfect natural balance of all the elements that go to make a champion.

Back through the ages, Nature began the miracle of Man O' War. Speed from one strain, courage from another, endurance from still another—blended at last into perfect balance in this horse with the natural ability to prove his superior qualities every time he ran. A champion in every respect.

And here's another champion—another of Nature's miracles—Natural Chilean Nitrate. With its natural balance of vital impurities over and above its nitrogen, this natural fertilizer stands out as a champion should, by its everlasting ability to produce. Nature herself blended the vital spark into Natural Chilean. It's there—the natural blend and balance of many elements—the vital impurities. That's why Natural Chilean is the logical nitrogen for your crops.
