

EPSOM SCHOOL NEWS

Published by Pupils of Epsom High School

Improvements of The School Cafeteria

The P. T. A. gave Mrs. R. H. Ayscue the profits which she collected from the lunch room to spend on its improvements.

Formerly there were two long tables and two long benches. There was no separation between the kitchen and the cafeteria. Now there are eight tables with six chairs to each table, curtains, and a linoleum rug has been added. Oilcloth coverings are on all the tables. A partition now separates the cafeteria from the kitchen.

Delicious and enticing food is served daily.

Freshmen Class Project

In connection with the study of eighth grade civics, Mrs. Jewel C. Bartholomew is making editors of the class.

We were studying the newspaper and its influence on public opinion. She asked for all kinds of articles of news, editorials etc., hoping for a great variety in the contents of the newspapers to be published as "The Epsom Times." Many articles were (almost duplicated and many things or happenings in the community had no comment on them.

Wednesday morning Sarah Gill was appointed as editor in chief, Janie and Juanita R. Ayscue were appointed as assistant editors.

School Playground Equipment

The playground equipment is now all installed, Seesaws, swings and more recently the giant slide has been fixed. Although it seems to have been meant for the first seven grades the high school is enjoying it as well.

Equipment for the boys and girls basketball team has been bought also.

Cooperation in keeping the school campus beautiful as it is at the present, seems to be very active.

Epsom Electrified

An extension of the power line of Henderson is coming down the Henderson - Louisburg highway past Epsom to Mr. Johnny Wilson's home. From Epsom it is branching down the Milford road to Miss Margaret Alston's.

Everyone is looking forward to rural electrification throughout the community.

Schools Need of a Good Library

Epsom High School, as well as the community, is in need of an improved library.

Although we have received some materials necessary for repairing the old and worn out books, we are in need of more and better books to meet the demand of the children.

We are hoping to improve our library in every respect.

Basketball Teams

The Epsom boys and girls have a good record for 1935-36. The girls have lost only one game. The girls have made an application in the tournament at Raleigh. Their records surpasses any other team yet entered.

The teams played Oxford Orphanage last Saturday night. The boys were defeated but the girls were victorious. Both teams were victorious over Franklinton Wednesday night and Louisburg Thursday night.

Sportsmanship

Sportsmanship is essential for any harmoniously run school. People called sports are numerous but many are not good sportsmen nor have good sportsmanship. This word in a general application to people in the athletic field, I think it applies in our living together constantly, being able to accept defeat or victory with the same applause. When a person has learned to be a good sport he has practically mastered the rules of the games of life. This may be applied as a definition. Everyone probably has his ideal sportsman but excellent idealisms are awaiting the cooperation of even more. In our school! Here, There, Everywhere.

O'Henry Society

On Friday, February 28, the regular meeting of the O'Henry Society was held. The meeting was called to order by the president minutes read and the roll call was given by the secretary. The Devotional was taken from the 7th chapter of Matthew, Mrs. Journigan led in prayer. A very enjoyable impromptu program was given with most of the members on program serving. Business matters were brought up and Hilda Hayes and Rilla Collins were appointed as program committee.

Junior News "Literature"

In literature we have been studying the National ideal as expressed by Shakespeare in his play King Henry the Fifth, by Dickens, The Tale of Two Cities and by Theodore Roosevelt in his speech, The Development of American Nation, which was delivered at the opening of the Jamestown Exposition, Norfolk, Va., on April 20, 1907, celebrating three hundredth anniversary of Jamestown. Roosevelt expressed the National ideal thus: The corner-stone of

the Republic lies in our treating each man upon his worth as a man, paying no heed, to his creed, his birthplace, or occupation, asking not whether he is rich or poor whether he labors with head or hand, asking only whether he acts decently and honors ably in the various relations of his life.

Senior News

We held a class meeting last week and selected our superlatives. They were as follows:

Prettiest girl, Emma Lou Grisom; Most handsome boy, Edwin Pernel; most humorous girl, Grace Thompson; most humorous boy, Edwin Pernel; most dignified, Annie Roberson; most completed, Perry Lee Ayscue; most independent, Mattie Leigh Dickerson; most popular girl, Sallie Lou Thompson; most popular boy, George Eaves; best girl athletic, Wilma Overton; best boy athletic, Perry Lee Ayscue; best mixer, Minnie Belle Short; best all-round girl, Evelyn Ayscue; best all-round boy, Perry Lee Ayscue; best sport Wilma Overton; historian, Evelyn Ayscue; giftorian, Lector Mae Tutor.

Minnie Belle Short, Reporter.

Girl Scout News

Epsom Girl Scouts met Tuesday for the first time in over a month, but with renewed vigor. We found Girl Scout spirit liking, so plans were made for a hike and outdoor supper. Plans were made to fix our Scout Hut. Come on, girls lets show our colors.

Virginia Perkinson.

Sidney Lanier Society

The Sidney Lanier Society held its regular meeting Friday, Feb. 28. A very interesting program was given on sportsmanship. As we are now entering the Franklin County Tournament of basketball the program was very appropriate. We were very glad to have the basketball players from the other society to visit us.

The society then adjourned to meet again next Friday.

Janie Ayscue, Reporter.

For Greater Profits...

FEED COTTONSEED MEAL!

Cottonseed Meal, our own protein-rich feed, is needed to balance farm grains, hays and pasture in the rations of all classes of livestock. Two pounds of Cottonseed Meal per head per day will save four pounds of corn in the ration of work mules. A mixture of equal parts fish meal and Cottonseed Meal is an economical protein supplement to be self-fed with shelled corn to fattening pigs. Be sure your dairy cattle and beef cattle get the Cottonseed Meal they need, too.

Cottonseed Meal also contains the organic nitrogen that gives life and power to your acres. The growing of crops takes plant food; but there is a way to grow crops and restore the fertility to the land.

For Your Land's Sake...

USE COTTONSEED MEAL!

Feed Cottonseed Meal to your livestock and get the feed value of each ton and the manurial value in addition. This DOUBLE-VALUE use of Cottonseed Meal will give you a livestock profit and conserve your soil. Cottonseed Meal may also be applied direct to the soil as a nitrogenous fertilizer. Each ton of Meal contains an average of 40 pounds of available phosphoric acid, 138 pounds of nitrogen and 36 pounds of potash.

Call at your local oil mill for literature or write

TRUSTEE'S SALE OF REAL ESTATE

By virtue of the power of sale contained in that certain deed of trust from H. J. House and wife, Katie K. House, to the undersigned trustee, dated April 26, 1926, recorded in Franklin Registry in Book 285, page 387, default having been made in the payment of the indebtedness thereunder secured, and demand having been made upon the undersigned trustee for foreclosure, I will, on **APRIL 4, 1936**, at or about the hour of noon, at the Courthouse Door in Louisburg, N. C., sell at public auction, for cash, the following described real estate:

That certain tract of land situate in Cedar Rock Township, adjoining the lands of J. G. Murphy and others, containing 14 acres, more or less, and being lot No. 10 allotted Agatha L. Nash in the division of the John Brewer land in that special proceeding entitled, "W. S. Brewer, et als, vs. Anna Gupton, et als", recorded in Orders & Decrees Book 5, page 317, et seq., Clerk Superior Courts Office, Franklin County, N. C., reference being here made to said proceedings for a more particular description of said lands.

Dated and posted this 29th day of February, 1936.

Green; the delivery of such letter or letters to be made to Douglass & Douglass, Attorneys, Raleigh, N. C. 2-28-2t

-- What Others Say --

Shorten The Route To Better Crops --- By Using --- CENTRAL TESTED FERTILIZERS

G. T. Page, of Clayton, N. C., says: "I first used your fertilizer in 1928 and found it paid so have used it ever since." (Mr. Page last year planted 34 acres of cotton and harvested 38 bales, averaging 514 lbs. lint cotton per acre. He used 400 pounds Clayton Rooster per acre.)

Turner Vinson, of Clayton, N. C., says: "Last year where your fertilizer was used I made over \$300.00 per acre on tobacco and over 400 pounds of lint cotton per acre. For ten years I have liked your fertilizer as well as any I have ever used." (Mr. Vinson last year planted 50 acres tobacco, 300 acres in cotton.)

E. P. Sauls, of Raleigh, N. C., R 3, says: "I like your fertilizer better than any other I have ever used and plan to use it again this year. My crop of 40 acres averaged better than \$300.00 per acre last year including all tenants."

T. E. Dupree, of Angier, N. C., R 1, says: "Your Tobacco brand beats all I have ever tried. On test last year against a good competitive brand I made a third more cotton where I used your Clayton Rooster Brand."

Wade Dupree, of Angier, N. C., R 1, says: "I made a test with a fertilizer that cost \$5.00 per ton more than yours. Your fertilizer beat the other brand \$800 on less than 8 acres of tobacco," and I have never heard anyone that had anything but praises for your fertilizer.

R. C. Roberts, of Willow Springs, N. C., R 1, says: "I planted 14 acres in tobacco last year and tested your Fertilizer against another Premium Brand and yours netted me \$92.25 per acre more." "In 1933 when tobacco was low in price Mr. Roberts averaged \$400.00 per acre where he used our White Oak 3-8-5 Tobacco Fertilizer."

R. W. Sanders, of Clayton, N. C., says: "On 212 acres I averaged over 400 lbs. of lint cotton per acre. For eighteen years I have used your fertilizers and find it well balanced and as good as any I have ever used."
