SPINAL TROUBLES

Spinal Troubles are not so limited in area in the field of involvement as one would think from only the area of pain. After a spinal trouble—"crick" in the neck, sprain, twist or severe pain—if the pain has been endured for a period of time, a general achiness, weakness and stiffness of the entire body, and even a mental agitation is manifest. Therefore, it can logically be understood that the area of true involvement is greater than is ordinarily supposed.

Our entire body is built with the Spinal or Vertebrae Column as the "keystone" in the architecture or the "backbone". Its normal balance and movement are influential and controlling factors in one's Health.

Chiropractic is the modern, drugless system of Health which endeavors to maintain normal and natural functions of the human body.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work. They do not act as Nature intended. This is a common ailment that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes, a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder trouble may be burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is what you need. Use Doan's PILLS. Doan's have been creating new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!
