IN MEMORY OF MRS. S. M. PARRISH

On May the eleventh 1943 God saw fit to take from us our beloved mother, S. M. Parrish. She had been in ill health for several years, but her health didn't stop her from enjoying life. Her pleasures and smiles was the joy of her community. She was a member of Mt. Zion Baptist Church, which she attended regularly as long as her health would permit. Her whole desire was to do the will of God, she was a good and kind mother. Our loss here on earth is God's gain in Heaven. How we miss her there's no one ever tell. She leaves to mourn her loss six children, Mrs. H. T. Fuller, Mrs. E. G. Foster, and Mrs. L. P. Gupton, all of Louisburg, Route 2. Three sons, W. H. Parrish, J. A. Parrish, Louisburg, Route 2, and M. V. Parrish, of Spring Hope. And one sister, Mrs. L. L. Kennedy, Louisburg, Route 2, and twenty-three grandchildren and nine great-grandchildren. Her Daughter.

WPA Locks Up And Goes Home

130 Millions Turned Back To Treasury

Washington, June 30.—The Works Project Administration, (WPA) turned back \$130,000,000 to the treasury today and went out of existence.
 Only a small "liquidation staff" of the depression-born relief agency remained at the end, getting records and accounts into shape for a final report on its operations.
 The records will show, officials said, that WPA spent some \$10,500,000,000 and employed 8,500,000 persons from its inception in 1935.
 The turnover to the treasury, they said, was \$105,000,000 in unexpended funds and \$25,000,000 in supplies and materials.

FLYING EVENTS

A-C David H. Brackett gave a remarkable performance in winning the "Hurdle Stage" event in which the contestants have to clear an eight-foot "hurdle" and land as close to it as possible.
 A-C C. G. Johnson amply demonstrated his flying ability by winning the "Accuracy Landing Stage" event. In this event, which requires precision flying, the cadets try to land at a designated "spot" on the field—using a 180-degree side approach.—Pee Dee Advocate, Bennettsville, S. C.
 It will be interesting to Franklin County friends of Flight Instructor J. Linwood Gupton, to know that the two Cadets mentioned above were students of Mr. Gupton and that of sixteen contesting in the field day exercises they were the only two who won prizes. This speaks very complimentary of Mr. Gupton's ability in training his students.
