Navy Wants Workers

The Navy has issued a call for thousands of additional civilian workers for the Norfolk Navy Yard at Portsmouth, Virginia, and representatives of the Yard are now interviewing and hiring men and women in this section.

Mr. J. A. Savelka and Mr. James Banko, representatives of the Navy Yard and the Civil Service Commission, which is in charge of the recruiting, has been stationed at the U. S. Employment Service Office in Raleigh, N. C., where they are giving immediate employment to qualified persons.

The Navy Yard representatives said that many types of skilled workers, including automotive mechanics, welders, pipefitters, and electricians are urgently needed, as well as unskilled workers, helpers and trainees.

Men and women who can transfer from non-essential work are particularly sought, since War Manpower Commission regulations, under which the recruiting is being conducted, forbid consideration of applications from persons already employed at their highest skill in essential occupations.

The coming spring is expected to see the Navy carrying out its greatest offensives against the enemy, L. J. Craven, Manager, said, and he declared that men and women who answer the Navy's call now will play a vital part in helping to bring the war to a quicker end.

In an effort to speed up the recruiting here, the Navy has arranged free physical examinations for applicants, and those accepted will be provided free transportation to Portsmouth and Norfolk, Virginia.

These representatives explained that the housing situation at Portsmouth has been vastly improved and said that a housing office is now maintained by the Yard to see that every worker and his family has adequate liv-

ing quarters. Pay at the Yard is excellent, the recruiters said, explaining that employees work 54 hours a week, with time and one half for all over 40 hours.

DEAD

Funeral services for Mrs. Mandy Ann Spruill, 86, were held from her home on Franklinton, Route 2, Thursday afternoon at three o'clock. Rev. Forrest D. Hedden officiated. Burial was in Pine View cemetery, Spring Hope.

Mrs. Spruill died Wednesday morning. Her death was not unexpected. She was the widow of the late Alfred Spruill and is survived by four grandchildren, Miss Lizzie Edwards, Franklinton, R. 2, J. T. Edwards, Louisburg, R. 4, J. H. Edwards, Bailey, R. 3, and A. C. Edwards, Franklinton, R. 2. Six great-grandchildren and several nieces and nephews.

Pallbearers were as follows: R. N. Kearney, Claude Purdue, Moses Upchurch, Andrew Smith, Robert Lee Jennings, Eugene Wilder.

The floral offering was especially pretty.

BAKER-WRIGHT

The marriage of Miss Ovetia Wright of Franklinton, and Raymond Ivon Baker, Corporal U. S. Army Air Forces was solemnized on Saturday evening at 6:30 o'clock, January 15th in a quiet ceremony in Dillon, S. C. The impressive ring ceremony was used.

The bride was attired in a two piece dress and coat of light blue with Navy accessories and gloves of white kid. Her flowers were a shoulder corsage of sweetheart roses and lilies of the valley.

Immediately following the ceremony Cpl. and Mrs. Baker left for a wedding trip and then returned to spend several days with their parents. Mrs. Baker is the daughter of Mr. and Mrs. Roy Lee Wright, of Franklinton. Cpl. Baker is the son of Mr. and Mrs. W. I. Baker, of Youngsville, and is now stationed at the Roswell Army Flying Field, Roswell, New Mexico.

Why VICKS VAPORUB Is So Good For Relieving Miseries of Childrens Colds

More than two generations ago—in grandmother's day—mothers first discovered Vicks VapoRub. Today it is the most widely used home-remedy for relieving miseries of children's colds. And here is the reason . . .

The moment you rub VapoRub on the throat, chest and back at bedtime it starts to work two ways at once—

and keeps on working for hours—to ease coughing spasms, help clear congestion in cold-clogged upper breathing passages, relieve muscular soreness or tightness. It promotes restful sleep. Often most of the misery of the cold is gone by morning! That's why VapoRub is so good to use when colds strike. Try it!

INVASION CALLS for MORE PULPWOOD

DURING this Invasion Year of 1944 thousands of shiploads of food, ammunition and supplies must be rushed overseas. One item called for in the production schedule is:

14,000,000 CORDS OF PULPWOOD

This mill will make every effort to contribute its full share in meeting military and essential civilian needs in 1944. But to do so, it will have to have more pulpwood than it was able to purchase last year.

We are appealing to every pulpwood producer in this area to increase his production. We are asking every one who has cut or who could cut pulpwood to devote all spare time possible to help meet this emergency.

This is one thing you can do to back up the invasion plan.

We pay O. P. A. Ceiling Prices for pine pulpwood.

Write us for specifications.
