

THREE CONTESTS

Develops From Saturday's Filings

W. L. Lumpkin Opposes Joseph T. Inscow For State Senate; J. Ira Weldon Opposes Joel Z. Terrell For Commissioner from District No. 3; And Lester Pearce And Z. C. Wheeler Oppose Each Other For Constable In Harris Township

Political interest in Franklin County has been less evident this year than for a long number of years. This is possibly accounted for in two ways. First, two of the main offices in the County which heretofore have drawn out much interest, were not involved and second, the war activity, causing a divided attention. In all probability the local campaign will be very quiet unless the gubernatorial or Senatorial races, or both, should enter and furnish the fireworks.

The filing Saturday only brought out three local contests. At the closing Saturday G. M. Beam, J. T. Inscow and W. L. Lumpkin had filed for the State Senate. Before the tickets were printed Tuesday Beam exercising his privilege to withdraw leaving the field to Inscow and Lumpkin. Both of these gentlemen are of Franklin County's most capable and experienced Legislators. They are both too well known throughout Franklin County for us to "introduce" them.

In the Commissioner contest Joel Z. Terrell the present chairman of Franklin County's Board is being opposed by J. Ira Weldon, one of Franklin's most popular and capable business farmers and merchants.

The other contest is for Constable in Harris township, between Zolie C. Wheeler and Lester Pearce. Wheeler has served as Constable before, but not the past term, while Pearce is "new in the game."

Others filing but without opposition were as follows:
House of Representatives—H. C. Kearney.
County Accountant—J. H. Boone.
Register of Deeds—Alex T. Wood.
Judge of Records Court—James E. Malone.
Member Board of Education—R. F. Green.

PEARSON STORY DRAWS SILENCE

Washington.—Drew Pearson, newspaper columnist, disclosed today that Allied naval gunners shot down 21 U. The War Department declined immediate comment on this second incident disclosed by Pearson. The first incident had been confirmed officially after it was revealed by a returned Army combat correspondent in a speech at San Francisco.

COUNTY CONVENTION APRIL 29TH

PRECINCT MEETINGS SATURDAY, APRIL 22ND

State Convention Friday, May 4th in Raleigh At City Auditorium; Chairman Malone Makes Official Call; List of Delegates Allotted To Each Township

Chairman Edwin H. Malone of the Franklin County Democratic Executive Committee announces the call for a County Convention to be held in the Court House in Louisburg on Saturday, April 29, at 11 o'clock a. m. Preparatory to this convention all townships in Franklin County are urged to hold their precinct meeting on Saturday afternoon, April 22, at 2 o'clock and elect delegates to the County Convention and to elect a township committee. The number of delegates to the County Convention will be found in a table given below. The township committee is composed of five men and five women. This committee will meet immediately after the precinct meetings and name a chairman, a vice chairman and a secretary—the vice chairman is supposed to be named from among the lady members.
Each township is entitled to name an alternate for each delegate and the number of delegates the township is entitled to in the County Convention is based on the total vote cast for Governor in the last general election.
In the table will be found the division of the State delegation by townships which may be adopted by the Convention. The table follows:

Dunn No.	1940 Vote	Delegates	State
Dunn No. 1	439	18	3
Dunn No. 2	327	9	2
Harris	283	11	2
Youngsville	474	19	3
Franklinville	846	34	6
Hayesville	150	6	1
Sandy Creek	284	11	2
Gold Mine	303	12	2
Cedar Rock	435	17	3
Cypress Creek	110	4	1
Louisburg	989	40	7
Total	4547	181	32

The above calculation, because of fractions in the breakdown by townships carries two more delegates to the State Convention than the County is entitled to.
This is the time for the people to take a part in making the party platforms and activities what they wish it to be by going out taking a part first in the precinct meetings, then through their delegates to the County Convention and the State Convention. At the County Convention the delegates will be selected for the State Convention to be held in Raleigh at 12 o'clock on Friday, May 4th, in the City Auditorium.

Don't fail to attend your precinct meeting, elect your delegates and alternates and your township committees and send these lists in to Chairman E. H. Malone immediately.

New Battle Appears Near in Anzio Beachhead Area

Allied Headquarters, Naples, April 19.—A new battle for the Anzio beachhead appeared imminent tonight as patrol thrusts by both sides grew bolder and more frequent and the Germans brought a sudden influx of reserves into Rome from the northeast.
The big guns back of the front line were booming at an ever-swelling tempo, another forerunner of major action, and relative quiet on the Cassino front for the fourth straight day indicated that the center of activity had shifted north.
Four times the Germans attempted to raid British positions southwest of Carroceto yesterday, making two feints in the morning hours and then following through with two heavy assaults in the afternoon. Both were broken up by a combination of shell, mortar and rifle fire.
On the opposite flank of the beachhead, an artillery duel broke out when the Germans got wind of American and Canadian preparations for a patrol sortie and laid down a heavy barrage.
American artillery and tanks

returned their fire and while the guns fired over them, the American-Canadian patrol wormed through the German minefields and captured 10 German prisoners in a perfectly-executed raid.
The only Allied casualty was one wounded.
Allied reconnaissance noted the heaviest flow of German troop and supply traffic into Rome in weeks, most of it coming in via the central Italian rail and highway system from the northeast, indicating that the Nazis had repaired those oft-bombed communications.
Fighter-bombers yesterday blasted bridges in the Arezzo and Narni areas on the central rail system. A formation of Thunderbolts attacked rail targets near Viterbo, meeting the first German resistance in these operations in weeks and shooting down two of a group of enemy fighters.
Six other German planes were shot down by fighters which swept over the Udine airfields near the head of the Adriatic.
Eight planes were missing from all operations.

WAR NEWS

London, April 19.—The German high command spread an urgent alarm along more than 2,000 miles of European coast from Arctic Norway to the Spanish border today, ordering its garrisons on the alert to repel a gigantic Allied amphibious assault that might strike "at any place at any hour," according to Stockholm advices tonight.
The Nazis emphasized the imminence of the threat and, departing from their customary scorn of Allied efforts, admitted that with air and naval superiority, the Allies had succeeded in marshalling the vast shipping for the assault "with difficulty."
"The Allies success or failure is largely dependent on their ability to achieve surprise," said Berlin dispatches appearing in Stockholm newspapers. "In this connection, of considerable importance than the time of the landing is whether the Allies succeed in fooling the Germans regarding the place."

SLAUGHTERING LAW HAS TEETH

War-time Federal regulations governing slaughter of livestock were proved to have teeth in them when a Craven County slaughterer was hauled into Federal Court in New Bern April 10 and fined \$250.00 for violations of food distribution orders, reports Ira T. Inscow, of the Franklin County AAA.
David A. Grantham, New Bern, N. C., was charged in two counts with violation of Food Distribution Order No. 27, slaughtering livestock without a permit for delivery, and on three counts with violation of Food Distribution Order No. 75, slaughtering without a permit for meat production. At a hearing before Federal Judge Isaac M. Meekins, he was fined \$50 on each of the five counts.
The purpose of the two orders which regulate the slaughter of livestock is to make possible a more equitable distribution of the nation's meat supply. Application for permit or license may be made at any County AAA office.
These orders, along with 94 others, are administered by the Office of Distribution, War Food Administration, which has regional headquarters in Atlanta, Ga., and a state office at Raleigh, N. C. Hillman Moody is State Supervisor for North Carolina. The State is divided into six districts for purposes of administration with an Area Supervisor in charge of each district. John C. Anderson, Area Supervisor, is in charge of this district with headquarters at Raleigh, N. C.

London, Thursday, April 20.—Russians troops, led by veterans of the 250-day siege of Sevastopol in 1941,42, yesterday captured several powerful German strong-points guarding the approaches to the great port city, while in southeastern Poland the First Ukrainian Army stemmed strong enemy counterattacks in the Stanislawow area on the road to Lwow.

Aerial Offensive Rages

More Than 9,000 Tons of Bombs Hit Nazi Targets; Luftwaffe Overwhelmed

London, April 19.—American and British warplanes developed the greatest sustained aerial assault of the war today, rounding out a 30-hour offensive against Germany and Nazi-occupied territories during which bombs were dropped almost continuously at the average rate of 300 tons an hour, or five tons a minute.
The Allies, in more than 6,000 flights between noon Tuesday and 6 p. m., today, poured 9,000 tons of bombs on selected German targets, the Americans capping the period with a blow by 2,000 heavy bombers and fighters against plane factories and parking fields near Kassel and Hamm in Germany and installations near Calais in France.
The United States Air Forces communique referred to the offensive as "the air invasion of Germany." The more enthusiastic protagonists of air power in London began speaking of the possibility of breaking the back of the German air force in two or three weeks if the weather holds out.

RAF Hits Railroads

The British for their part dropped a record one-night total of 4,400 tons of bombs last night on railroad installations near Paris and elsewhere behind the Nazis' "Atlantic Wall."
Aerial warfare never before has witnessed a bombardment of such sustained volume and violence, and the end is nowhere in sight. Those who have followed the European air war closely the last few months feel certain that the present pace of the attack cannot only be maintained, but can be increased from British bases augmented further from the Italian theater.
The Allied 30-hour offensive cost less than one per cent of the attacking force.
All today's operations cost six bombers and two fighters, the American communique said. This brought total United States and RAF losses for the entire around-the-clock onslaughts to 42 bombers and seven fighters.
The Americans today reported they shot down 21 of the small forces of German fighters that rose to meet them.
For hours a picket walked up and down a busy street carrying a sign that was absolutely blank. Asked what was the big idea, he replied: "Looking for a sponsor!"
