TOBACCO MEETING

Columbia, S. C., July 12.—Governor Olin D. Johnston today changed the date for a conference here of four tobacco-growing state governors to Saturday, July 15. The meeting of governors, originally set for July 27, will discuss protests against proposed curtailment of sales (time on the states 1944 tobacco markets which open in South Carolina August 1. Johnston said the date for the meeting was changed at the suggestion of tobacco men and Agriculture Commissioner Tom Linder of Georgia who will represent Governor Ellis Arnall. Linder pointed out that the Georgia markets would open July 24 and suggested that the con-

ference be broadened to include a discussion of a market holiday if prices were unfavorable. Linder said that reports that the Office of Price Administration planned to cut the ceiling price of tobacco from the 1943 average of 41 cents to 39 cents had brought vigorous protests from farmers.
