

Street Fighting--Philippine Style

The Philippine village of Paving, on Leyte Island, offers a moment of rest but not relaxation to these American infantrymen of Gen. MacArthur's liberation army. Cleaning out the last of the enemy required not only men, but hundreds of items of materiel which were made possible only by your purchases of War Bonds.

ORGANIZATIONS AT LOUISBURG COLLEGE COMPLETE ELECTIONS

C.; Faculty Sponsor, Mr. J. W. Carmichael, Louisburg Col-

BUY BONDS THEY'LL COME IN MIGHTY HANDY Right Around HOME by Dudley Fisher. A cartoon illustration showing people in a town square buying war bonds. Speech bubbles contain humorous dialogue about the benefits of buying bonds, such as 'WELCOME HOME, NUTTSY!' and 'THAT'S SWELL, UNCLE FREDDIE, BUT DON'T FORGET THE NAVY THAT GETS US THERE...'.

THE LOW DOWN from HICKORY GROVE

If I was to pick out one outfit in our U.S.A. set-up of departments that could have a squinting-into, I would say Agriculture.

ished proving it is a sort of security or something, when it closed down early in the war for a long spell, but the weather kept right on being good or bad, as it chose. And we were not then deceived by any prediction that it would be fair and mild—and then it rained, and we had left our rubbers at home.

Yours with the low down. JO SERRA.

SOIL CONSERVATION NEWS

By W. O. Lambeth Thirty pounds of kudzu and 50 pounds of Bi-color Lespedeza have been gathered in Franklin County so far this season by Technicians of the Tar River Soil Conservation District. The kudzu seed will be shipped to the Soil Conservation Service nursery at Chapel Hill for planting and the seedlings produced will be returned to the county in the spring of 1946.

Mr. Chien-Chih Yeh, Counselor, Ministry of Agriculture and Forestry, of the Republic of China, who is studying American agriculture under a cooperative project with UNRRA spent last Thursday in Franklin County observing soil conservation practices in the District. Mr. Yeh is a very interesting figure. He stated that Chinese farmers long ago learned

to conserve their soil by means of terraces and contour tillage. They have had to follow soil conserving practices in order to continue production on fields that have been under cultivation for the last five thousand years. Mr. Yeh visited the Leonard Brothers farm to see the construction of terraces with a disc tiller plow, and the Howard Cooke farm to see the woodland management plan being followed by Mr. Cooke.

PING PONG TOURNAMENT

Greensboro, Nov. 25.—Finalists were determined this week in badminton and ping-pong tournaments at The Woman's College. Entrance was open to all students. Winner in badminton was Miss Dixie Holeman, Raleigh, who defeated Miss Gertrude Archer, of Greensboro, in the finals. Scoring was based on winning two out of three games, and Miss Holeman won the match by scores of 13-9 and 13-8.

Ping-pong champion of the college is Miss Martha Hamby, of Boone, who copped the title by defeating Miss Martha Anne Strowd, of Louisburg, by the scores of 21-17, 21-16, and 23-21. Miss Strowd won one game by the score of 21-17. Winner of the first three out of five games was the requirement for victory.

George and Q. S. Leonard have just finished terracing a 12-acre field alongside N. C. Highway No. 56 near Mapleville. They built the terraces with a tractor and disc tiller plow.

- International Relations Club President, Langill Watson, New Bern; Vice-President, Carolyn Driver, Smithfield; Sec. and Treas., Mary Frances Oakley, Morrisville; Faculty Sponsor, Mr. V. R. Kilby, Louisburg.

Beta Phi Gamma President, Charlotte Usher, Asheboro.
Lt. Richard J. Reynolds, of Winston-Salem, now with the Navy in the South Pacific, has presented 6 motion pictures on North Carolina agriculture to the Extension Service at State College. Three other pictures are to be completed.
American cotton will meet increased competition in foreign countries, both from synthetic fibers and from foreign cotton, says economists.
Some farm lands in North Carolina are now being sold at about 2 1/2 times their normal value. It takes about 2,500 pounds of tobacco to make a thousand dollars now. What about the future?
