It seems a few teens of Franklin County like to eat at the King of the Sea in Raleigh. Isn't that what you say, Milton Holmes and Patricia Wrenn?

Please don't forget anything the next time you go, Milton, especially something as important as "that."

Beginning Friday of this week, the Louisburg High School students will be having a "hectic" time. Mid-term exams start Friday and last through Monday and Tuesday. Some students are wishing for good luck because they say they are really going to need it. I'm afraid it's going to take more than just plain luck, though. Louisburg College began its exams last week and are continuing them through this week. Some students have already gone home until Monday. Hope you all did very good on them.

Christine Roberson and Becky Mosely are back in school again after being sick. Glad to see you again, girls.

Ricky E., Chris B., Al B., Boyd M., Steve H., Buddy O., Johnny C., and Wayne D. were all seen at Skateland this weekend. Are you sore from falling, boys?

Butch S., Ricky E., Al B., Boyd M., Buddy O., Bill W., Roger C., Kate H., Phyllis J., Paulette M., Billy D., Larry B., and Bo A. went to Lake Donna Saturday night and from what I hear really had a "blast." How about it?

First-Nighters

To Discuss College Play

First-nighters at the Louisburg Players' January 30, 31, and February 1 production of ANTIGONE will have an opportunity to attend a discussion

following the play.

Examining and explaining the themes of the play will be Mr. Gerald Shinn, professor of Philosophy and Religion at Louisburg College, and Mr. William Wagner, professor of Spanish.

Director Bob Versteeg says: "This play asks important questions. We hope that by thrashing it out a bit on the first night we can start the ball of thought rolling, so that all the rest of our audience

will deepen their experience with this play. Mr. Wagner and Mr. Shinn are alert thinkers; they express themselves clearly and forcefully. I think they'll enlighten us and stimulate thought."

The audience will also have the chance to speak to the actors about their characterizations and interpretations.

Curtain time for the show is 8:00 p.m. The play is to be seen on the auditorium stage at the College.

March Of Dimes Are We Forgetting 1964?

There are some achievements of which we can be proud and for which we should be thankful; since 1954 there has been a decrease of 99% in number paralyzed by Polio only two per million in 1963, states V. E. Duncan, County Chairman.

In North Carolina 2,500 have been spared, with a saving of \$74,000,000. Add this to the % of contributions from North Carolina, and we see that our people have received \$5.00 for every \$1.00 donated.

On January 2 The National Foundation opened a New Arthritis Center in the Bowman Gray Medical Center, Winston Salem, by giving 60% of the annual grant for its operation. Our chapter should be able to participate in further grants.

THE BIRTH DEFECT ESTIMATE for this year in North Carolina is 7,500. It is estimated that 560 will die. Our percentage of this number is 35. There is no "Epidemic Season" for birth defects but that many polio cases would stir our people to greater support of the Foundation.

Who is there that would say that the same results cannot be achieved in this new field of arthritis and birth defects, as in Polio, Duncan queries? WHAT CAN WE DO? Participate in the following services: Scholarships, center grants, birth defect and arthritis patient aid, (recent expenditures in these two have made a big dent in our local resources.) A workshop for the county is planned for this spring.

Our challenge now is to support the Mothers March in your community. We have asked the churches of Franklin County of all denominations to support the Campaign. This was very effective in some churches last year. Our Oil and Gas Distributors have been helpful

in placing Coin Collectors in their Stations.

As County Chairman we appeal to every one for your support to this most worthy cause. Because of numerous appeals, all fund-drives have been eliminated from the schools. These diseases affect our children more than any other age group, so for the sake of the future generations give to the March of Dimes, urges chairman Duncan.

Thanks

We would like to take this opportunity to thank the nurses and doctors at Franklin Memorial Hospital for services rendered during the illness and death of Mrs. Annie Champion Harris. To our friends we are grateful for the many deeds of kindness rendered to us during our bereavement.
