

Softball League Is Formed At Pearce's

The Franklin-Wake County Softball League was organized last Friday night in a meeting at the Pearce Baptist Church Annex. This will be the third year of operation for the league. J. W. Perry, Jr., Pearce's business manager, was elected League Director; Ellis King was named Secretary and Ronald Pierce was chosen Treasurer. The League voted to readmit Pearce's, Pilot, Wake Cross Roads, New Hope, Hopkins and Zebulon.

Two new teams were added, Louisburg and Union Chapel in Franklin. Each team will play a 28-game schedule, with the season beginning May 18th. All games will be played at the Pearce's Park.

4-H News

The 4-H Club members throughout the county are making plans for the Dress Revue, Talent Contest and Health Pageant. The three events have been combined this year and will be held April 24, 1964. The girls who are entering the Dress Revue will have their garments judged Saturday morning, April 18, at 9:00 a.m. in the Agricultural Building in Louisburg. The Revue will be April 24.

All health records will have to be turned in to the Extension Office by April 17 so the Health King and Queen can be chosen. Those entering the talent contest should turn in their names and the type of talent to their local 4-H leader by April 17 so the programs can be completed.

This is one of the annual events in the 4-H program. All the 4-H members, parents and friends are invited.

1964 FEED GRAIN PROGRAM--Friday, March 27, was the final date for Franklin County producers to sign up in the 1964 feed grain program. A preliminary report shows a total of 1,030 farms signed up to divert a total of 9,375 acres from the production of feed grains during the coming year. Producers are reminded of the limitations concerning the use of diverted acres. For example, no crop may be harvested from diverted acres in 1964, and grazing is only permitted up to March 31 and after October 1. In case soybeans are seeded as a conserving use, they must be incorporated into the soil not later than September 30. Producers are further reminded that a violation concerning the use of diverted acreage could result in a penalty. Any producer interested in learning more about the usage of diverted acreage could result in a penalty. Any producer interested in learning more about the usage of diverted acreage should contact the ASCS Office in Louisburg.

PREMEASUREMENT WORK The job of premeasurement seems to be progressing very satisfactorily with about 500 farms having been completed. If the weather permits, we are hoping to complete this job within two weeks. Producers who have requested and received premeasurement of their

allotted crops should be especially careful not to move any of the flags left by the reporter. If these flags should get moved or misplaced, it will only result in the farm being over or under planting the farms allotment. So, if it is red or white don't move it.

Sometime ago, the County Office mailed to all operators of farms in the County cards requesting certain information about their wheat plantings. It is of utmost importance that producers be reminded to return these cards to the County Office as soon as possible.

Tooth Bank

Philadelphia--A tooth bank, for experimenting in transplanting human teeth has been established in Einstein Medical Center.

The director of the bank, Dr. Ralph R. Mezrow, said that he and his staff have transplanted about 85 teeth in the mouths of 70 patients. Sixty-five of the teeth have taken root and are alive.

Asking the question is much easier than finding the right answer.
