Religion is one thing nobody can take from you, if you have any.

### Orange-Honey Bubble Loaf

Orange-Honey Bubble Loaf, glazed and fragrant, reflects the wonderful Southern tradition of delicious hot breads. It's typically easy to prepare, also, by forming a loaf of biscuit balls, glazing, then baking.

Treating your family to this breakfast eye-opener is easy when you prepare the biscuit dough with enriched self-rising flour, the flour with baking powder and salt already carefully blended in. Enriched self-rising flour in Orange-Honey Bubble Loaf and other good baked products contributes important amounts of three B-vitamins and iron. Complete your menu with scrambled eggs, bacon and beverage to provide a nutritious attractive day-starter for your family.

#### ORANGE-HONEY BUBBLE LOAF

Orange-Honey Glaze  
1 tablespoon lemon juice 1/2 cup honey  
1 teaspoon grated lemon rind 1/4 cup butter or margarine  
1 teaspoon grated orange rind  
Combine all ingredients in small saucepan and heat until butter or margarine is melted. Simmer about 3 minutes. Remove from heat.

Biscuit Bubbles  
2 cups sifted enriched self-rising flour\* 1/4 cup shortening  
2 teaspoons grated orange rind 2/3 to 3/4 cup milk

Sift flour into bowl. Stir in orange rind. Cut or rub in shortening until mixture is crumbly. Add milk to make a soft dough. Turn out on lightly floured board or pastry cloth and knead gently 30 seconds. Divide dough into pieces about size of walnuts. Shape into balls. Place balls in layers in ungreased loaf pan, 4 1/2 x 8 1/2 inches. Pour Orange-Honey Glaze over all. Bake in moderately hot oven (400 degrees F.) 30 to 35 minutes. Let bubble loaf cool 10 minutes in pan before serving. Remove from pan and serve hot.

Makes 1 bubble loaf.  
\*If you don't sift or in the absence of other directions, spoon flour directly from container into a 1 cup dry measure, level off, then remove two level tablespoonfuls, according to USDA recommendations.

## Teenage Chat

By Faye Rudd

It seems as if Richard Alston was home Saturday and Sunday from Fort Bragg where he has been in the six months training for the National Guard. He has about two more weeks before he'll be through. According to him, he would have been through a little sooner if he hadn't joined up in the air division. It seems he wants to be able to fly an airplane. As soon as he gets out of camp, he will start attending Fayetteville Methodist College. In fact, he'll have a very short vacation since he will be out of camp one day and into college the very next day. We wish you good luck in college, Richard. Let us know how you're getting along. By the way, did you really have to pick "invisible dandelions" about a week or so ago?

Jean Zealand was back in town again after living in Beaufort most of the summer. It's good to see you back again, Jean, and we hope this time you'll stay with us for good. Word has it that many Virginia boys made their way to Louisburg this past week end for various reasons which we won't go into. Some of those were Henry K., Russ, Gay J., E.B.M., Andy J., George G., and many more. It's always nice to see you boys. Congratulations go out to Betty Wren Summerlin and Betty Lou Cash at the completion of their formal education. Betty Summerlin graduated from the W. W. Holding Industrial Education Center in Raleigh as a nurse. Betty Lou graduated from East Carolina College and is going to teach in Forsyth County this year. Here is a little news from Youngsville. Has anyone noticed Jimmy K.'s eye? Door knobs do get

in the way, don't they, Jimmy? Friday night D. A. gave a going away party for a friend. Many people attended and really had a blast. Wonder why M. H. couldn't do a favor for T. P. Could his being "L. P." have been the reason?

The Keys were at Lake Donna Friday night. Heard they could really play. Saturday night the Castaways were really putting out a wild sound. The thought for the day is: "Never be ashamed to be ignorant; only ashamed to remain so." -Cane.

### Hitchhiker A Horse

Malibu, Cal. -- Gordon F. Buck, Jr., 29, was driving along about 65 miles an hour when suddenly he had a passenger riding beside him in his small convertible. Buck's car hit a horse in the rear and flipped him in the front seat beside him. He pulled over to the side of the road--the horse jumped out--and galloped off. The car was dented but it still ran.
