The Harvest Festival at Louisburg High School was a great success! Congratulations to the new Mr. and Miss Louisburg High, Kay Rowe and Robert Patterson. Kaye and Robert, representing the Sophomore Class, were crowned during the festival.

Congratulations also to Pete Joyner, Jane McKinne, Emma Ruth Bartholomew, and Lin Howard for the excellent hootenanny they presented at the festival. Good work, everyone! Louisburg had several week-end visitors. Some of these were students returning home from schools, such as, Mary Charles Wheelless from Peace, and Shan Pruitt from Meredith.

The Radfords - Jimmy, Linda, Rose, and Sue - were all back in town this weekend. Nice seeing you again! We've missed you. Visiting Beth Bullard was her cousin Helen Finch of Raleigh. Good to see you, Helen. Come again soon.

Two girls who are not exactly strangers in the town were here again. Ann Terrell Cobb and Cookie Foreman from Wilmington were seen around this weekend. It's always nice to see you, girls. Hurry back! Several things will be happening this week to celebrate Thanksgiving. There will be a band at Lake Donna Thursday night, and The Embers will be in Raleigh Wednesday night. Be sure not to miss these.

Seems several people did their celebrating early. Lewis Pleasants, Forb Perry, Tommy Edwards, and their dates did a real good job of cooking and consuming some steaks with all the trimmings last weekend. Who was the chief cook?

Some six hundred-or-so students will be leaving Louisburg College on Wednesday to spend a long weekend observing the Thanksgiving holidays. At the same time, quite a few Franklin County students will be returning to be with us a few days. Hope everyone will have a fine holiday with all the good food and fun that go along with it! Several girls from Louisburg attended the F. H. A. rally at Enloe High in Raleigh. Those present were Anna Rose Cash, Elaine Debnam, Donna Strickland, Mary Ann Moore, Kaye Rowe, and Judy Tharrington. Thought for the day: "No duty is more urgent than that of returning thanks." -St. Ambrose.

Tortoise Outdistances Man In Race

Washington -- Man is living longer than ever, but in the longevity race he still hasn't caught up with the easy-going tortoise.

Life expectancy for Americans has increased from 47.3 years in 1900 to about 70 today. More and more people are reaching the century mark. The Social Union reports 21,708 centenarians, including 592 who say they are over 120. Even a 120-year-old is a mere whippersnapper compared to some tortoises, the National Geographic Society points out. Claims of tortoises living 300 years and more cannot be authenticated, but one famous Marlon's tortoise lived on the Indian Ocean island of Mauritius from 1766-1918 when it was accidentally killed at the age of 152.

Program Presented By Home Life Department

Youngsville--The Home Life Department of the Youngsville Woman's Club planned the club meeting which was held at the community house on Friday night, Nov. 20. Members of the committee conducted the program and also served as hostesses for the occasion.

Program chairman Mrs. W. C. Timberlake introduced four phases of home life which were emphasized at the meeting; and related pamphlets were given out to all persons present. She then led off with her subject on home finances, making suggestions on such items as banking, budgeting, and various ways of effectively and efficiently handling money.

Mrs. Mack DeMent spoke on "Home Decorating," using attractive posters and pictures to display color planning and to demonstrate some of the basic principles of balance, accessory arrangement, and unity in relation to interior design. Mrs. N. A. Brown, dramatically dressed as a house maid with her basket of cleaning and polishing equipment, explained

"Floor and Furniture Care with a Flair."

The fourth topic was "Hospitality Party Without Even Trying" was first shown with color slides. Hospitality chair-then invited club members to assemble around a banquet length table which was laden with representative beautiful party food, decorations and ideas for each month of the year or for special holidays and events. Among the foods which Mrs. Patterson and other hostesses served were ham biscuits, party loaf, tarts, colorful party sandwiches, molds, cake squares, nuts, mints, punch, Coco-Colas, and coffee. The fancy foods were placed around the decoration for which each was made. Napkins typical of each season were in individual napkin rings around each center of interest. These were favors for guests.

As featured hostess for the Home Life Department, Club President, Mrs. G. E. Winston, was formally dressed for the occasion and she presided at the silver service pouring the coffee. Mrs. Patterson was also formally dressed for her role in the program.

Prior to the program a business meeting was held at which time reports were made and plans discussed. Members voted to participate in a Help-A-Home Christmas under the leadership of Mrs. W. O. Roberts.

District President, Mrs. J. W. Weathers, Jr., was recognized to present to the local club a Citation for the General Federation of Womens Clubs for meritorious participation in the nationwide Community Improvement Program.

Members made individual contributions to be sent to the CARE program.
