Look what's happening at Mercury!

Mercury unleashes Cougar!

Untamed elegance! America's first luxury sports car at a popular price.

This is the day of the Cougar. An entirely new kind of driving machine from Mercury.

Mercury Cougar is a true luxury car. With an ice-cool elegance. With a European flare and thrust to its styling. With a roomy, full-width rear seat! With standard features found, until now, only in expensive cars. Examples:

- Sequential rear turn signals are standard! They flash in three steps (at the rate of 70 times a minute) to point the way you're turning.
- Concealed headlamps are standard! They hide by day and, carlike, open at night.
- Inside, vinyl-covered bucket seats, cushioned with molded foam, are standard!
- Wall-to-wall deep-loop carpeting, standard!
- 3-spoke steering wheel, standard!
- And in a car this luxurious, you'd expect a V-8 engine. Cougar has it. A 289 cu. in. V-8. Compression ratio: 9.3:1. And it uses regular fuel.

When we say Mercury unleashes Cougar, we mean it. Cougar is a superb sports car. It moves on cat feet. Tracks true. Rides smoother, quieter. The price! Less than you'd expect. At previews, people have overguessed by \$1,000! We believe Cougar is the best-equipped luxury sports car for the money.

And at Cougar's price, you can indulge yourself in such better-idea options as:

- Stylish steel wheels. 4-speed
- 4-barrel Marauder 390 GT V-8. Vinyl-covered Oxford Roof. Sports Console.
- Tilt-Away steering wheel. Power disc-brakes up front. A finger-tip speed control mounted on the turn signal lever. But first: See Mercury Cougar. Untamed elegance. At your Mercury Man's, your Mercury dealer's.

Cougar excitement runs through the whole Mercury line. See all 28 models. See your Mercury dealer listed at right.
