

College

(Continued from page 1)

lected group "to participate in a particular discipline in a much more informal and exhaustive way".

A Freshmen Honors Program is also being established, also for a select group and will correspond with the Sophomore Seminar in its functions. Both are voluntary programs. Also established in a Limited Tutorial Program to aid students at both extremes of the spectrum.

It was also disclosed Wednesday that out of 800 Junior Colleges in the country, Louisburg College is one of the forty chosen to conduct a Competitive Guidance Placement Test under auspices of the Educational Testing Service.

NEW FACILITIES

New facilities were also announced Wednesday. The old library has been converted into two student lounges. One will be a television viewing lounge seating approximately 50 students and the other will be a hi-fi and table game lounge accommodating around 75 students.

A new modern metal building, measuring 40 by 80 feet has been built to house the college maintenance department. The building located at the rear of the west campus will contain a paint shop, storage and work area. Construction of a new women's dormitory and infirmary is expected to get underway around November 1 with completion expected next fall. The new structure will house 104 women students and the 24-bed infirmary will occupy the first floor.

"This will bring a much needed residence balance," says Daniel. "We will then have approximately 300 boys and 300 girls living on campus and will bring us closer to our optimum operating efficiency of an 800 student body".

"For the first time in history, Louisburg College will pass the 700 enrollment mark," Daniel stated with obvious pride. "This includes 275 returning students". "Some will come from as far away as Greece, Alaska, and Spain", he added.

FAR-A-WAY GREECE

States represented this year in the student body include Delaware, New Jersey, New York, Pennsylvania, and Tennessee. The majority of the students will come from North Carolina and Southeastern Virginia, Daniel said. Faculty members will begin a two-day Workshop Retreat here Friday in the Cecil W. Robbins' Library. Theme of the Workshop was announced as

Changes In Guard Felt

Major General Claude T. Bowers, The Adjutant General of North Carolina, today announced that the new proposed troop list for the reorganization of the North Carolina National Guard had been received and was being studied for implementation.

The reorganization would change the 30th Old Hickory Division from an infantry division to a mechanized division. The proposed troop structure for North Carolina will allow this State 77 Army Guard units--a reduction of 15 units from the 92 currently on hand. The new structure would provide for 10,872 officers and enlisted men--a reduction of 390 from the present priority aggregate strength of 11,262. All units, however, would be maintained at a minimum of 93 per cent strength.

The new structure would provide North Carolina with a State Headquarters Detachment to include a Selective Service Section, a Headquarters augmentation and an Officer Candidate School augmentation.

Other non-divisional units would include one armored battalion, one mechanized infantry battalion, one engineer company, one medical detachment (dental service), one military police battalion headquarters detachment and two military police companies, one maintenance battalion, one quartermaster portable bath detachment, one special forces company and three companies.

The one single organization in North Carolina that would be affected the most would be the 30th Infantry Division as it reverts from an infantry to a mechanized division. The division would be reduced from its current 88 units to a total of 54 and its strength reduced from 10,986 to 7,882.

Retained in the divisional structure would be the division base: one signal battalion, one engineer battalion less two engineer companies, one brigade

"Looking at Ourselves". "We will attempt to explain what each department is doing so that all involved will be informed of what is going on in other areas", said Dean York. "It is so that we will not be working at cross-purposes", added Dr. Robbins.

"You can say it is improved communications within the college", said York. This, too, is a new innovation. Undoubtedly, there will be others as Louisburg College begins another year of service to this area which it has served so well for the past 180 years.

headquarters, one armored cavalry squadron less two cavalry troops (an addition would be one air cavalry troop), one military police company less two military police platoons, one division artillery headquarters battery, two 155 mm self-propelled field artillery battalions, one Honest John rocket battalion, a headquarters company and band of division support command, one administration company less two division brigade administrative sections, one medical battalion less two medical companies, one supply and transportation battalion less two truck platoons, two quartermaster forward support sections and one maintenance battalion less two forward support companies. Also, the division would have two armored battalions and two mechanized infantry battalions.

The greatest loss to the division and to the State will be two brigades which will mean the elimination of two brigade headquarters and two infantry battalions. Also, the division will lose its aviation battalion.

These divisional losses are offset somewhat in the substantial gain of non-divisional units which include three battalions and eight supporting companies.

"No final date has been established as to when the reorganization must be completed; however, I anticipate that if this plan is carried out, we will be reorganized prior to January 1, 1968," Bowers concluded.

Mrs. Edna McLemore, Carolyn Thomas Owens, James E. Park, Mrs. Margaret Pruette, Miss Levenia Richardson, Mrs. Dorothy Shearon, Mrs. Mary Thompson, Mrs. Betty Timberlake, M. D. Tunstall, Mrs. C. S. Turner, Mrs. Jane Wilder, Mrs. Nancy Wilson, Hubert Yarborough, Mrs. Mary Yarborough, Rev. Walter Yarborough.

There are still three vacancies to be filled in the local school unit.

Supt. R. B. Gordon has emphasized that attendance on the opening day of school, August 30, is most important. Parents are urged to have their children present.

Recorder's Court

The following cases were disposed of during a session of Recorder's Court on Tuesday, August 22nd:

George Wright, bad check, dismissed on payment of costs.

Percy (Doc) Foster, unlawful possession of whiskey and unlawful possession of whiskey for sale. Case dismissed on payment of costs.

Samuel Jones Gay, Jr., n/m/40, speeding. \$10.00 fine and costs.

George E. R. Person, n/m, careless and reckless driving. \$25.00 fine and costs.

Walter Edward Champion, w/m, non support. 6 months in jail, suspended on payment of \$35.00 per week into CSC for support of children, and costs.

Jairns L. Redmond, n/m/37, operating auto intoxicated. \$100.00 fine and costs.

George Thomas Wrenn, w/m/16, speeding. Prayer for judgment continued on payment of costs.

James David Phillips, w/m/18, speeding. \$15.00 fine and costs.

Helen Hill Hart, w/t/51, speeding. \$15.00 fine and costs.

Bennie Lindbergh Whitley, w/m/39, speeding. \$15.00 fine and costs.

John Owen Eaton, n/m/36, speeding. \$15.00 fine and costs.

Minnie Mae Perry, assault on female. Discharged on payment of costs.

Willie Floyd Jacobs, w/m/20, non support. 6 months in jail, suspended on payment of \$20.00 per month for support of child and costs of court. Notice of appeal given by defendant. \$200.00 appearance bond.

Nyna Bess Neville, w/t/22, speeding. Prayer for judgment continued on payment of costs.

ment continued on payment of costs.

Patrick M. Stallings, w/m, non support. Prayer for judgment continued on payment of \$125.00 per month for support of children, and costs of court.

Grover (NMN) Hawkins, n/m/56, no operator's license. \$25.00 fine and costs of court.

Floyd Williams, n/m/30, intent to defraud. \$25.00 fine and costs.

Beats Husband

Oklahoma City -- Mickey Jean Sharp, a bride of two weeks, explained that she does not like fishing but went with her husband just to be a good sport. She told her husband she could do better throwing rocks--her second rock hit a five-pound carp on the head and she scooped it up.

Snaps Earth

Pasadena, Val. -- Lunar Orbiter 5 the "full earth." Previous Orbiters took pictures of earth in partial shadow. The globe was in full sunlight when the picture was taken. Most of the pictures Lunar Orbiter 5 has taken are of the backside of the moon.

Big Fish, Little Fellow

Ricky Duke, 10-year old son of Mr. and Mrs. Junior Duke, Highway 561, Louisburg is shown above holding his prize catch. The bass weighed 5 1/2 pounds and was snagged Monday in a private pond. Just for comparison, young Ricky weighs 56 pounds, (we suspect this would be) soaking wet.

Races At Butner Friday

The regular weekly program of stock car racing for late model and Hobby cars will be held here Friday night with 30-35 of the areas top cars and drivers expected.

All of the fast field who competed in last week's wreck filled program will be back as will several who were out with mechanical troubles. Six events are on tap, two

heats and a feature race in each division. The first event starts at 8:30 P.M. with the gates opening at 6.

Age improves most wine and most people, although some people take a lot of aging.

Pretty girls are not more deserving necessarily; they just seem so on the spur of the moment.

Race Fan

Eighteen year old Bill Jordan of Oxford is a victim of Cerebral Palsy, but he doesn't let his physical handicap keep him from being the area's No. 1 stock car racing fan. Bill, the son of Mr. and Mrs. Joe Jordan of Oxford, is on hand every Friday night at Butner Speedway. Track owner, Wallace Evans, has presented him with a permanent pass and Bill is a familiar sight to drivers and fans. He has his favorites, fellow townsman, Pete Dease, in the Hobby division and Earl Moss of Creedmoor in the late models, but anyone who drives a race car is O.K. in Bill's view.

Bill Jordan seated between favorite drivers, Earl Moss on left and Pete Dease on right, when they visit him in stands before race at Butner Speedway.

Europeans See Saucer

London--Sky watchers in Europe, from Switzerland to Britain, report they have seen a "flying saucer." The Royal Air Force at Manston, in Kent, said the object looked like a ball of fire--probably a man-made space hardware re-entering the earth's atmosphere.

U.S. Makes Promise

Moscow--The United States has promised the Soviet Union it will take every precaution to avoid bombing Soviet ships in the Vietnam war zone. The U. S. Embassy reported it had delivered a note to the Soviet Foreign Ministry that previous hits were unintentional.
