NOTICE OF REHEARING BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of Petition by Carolina Telephone and Telegraph Company, United Utilities, Incorporated, and New Carolina Telephone and Telegraph Company for authorizations in connection with plan of merger, including issuance of a Certificate of Public Convenience and Necessity to New Carolina Telephone and Telegraph Company, authorizations for issuance of securities. Assumptions of rights and obligations, and transfer of assets.

Notice to the public is hereby given that a public hearing will be held in the Hearing Room of the North Carolina Utilities Commission, Old State Library Building, Morgan Street, Raleigh, North Carolina, beginning at 9:30 a.m. on Wednesday, January 29, 1969, on petition of Carolina Telephone and Telegraph Company (Carolina) and United Utilities, Incorporated (United), and New Carolina Telephone and Telegraph Company (New Carolina) for approval of a plan of merger between Carolina Telephone and Telegraph Company and United Utilities, Incorporated.

Briefly, the plan of merger is as follows: Prior to the merger, Carolina will transfer all its operating public utility assets to New Carolina in exchange for all the capital stock of New Carolina, the latter to assume all outstanding liabilities and obligations of Carolina. It is proposed that New Carolina be issued a Certificate of Public Convenience and Necessity for all territory for which Carolina now holds a Certificate and is serving. As soon as practicable thereafter, Carolina would merge into United, the latter thereafter owning all of the common capital stock in, and controlling, New Carolina.

Through the merger, the common capital stock of Carolina would be converted into "Preferred Stock - second series, Convertible" of United. Each converted share would have one vote and could be further converted at any time into one and one-quarter (1 1/4) shares of common capital stock of United. Each share of Carolina stock converted to United preferred, unless further converted to United common capital stock by the stockholder, would draw a fixed dividend of \$1.25 per share

Legal Notice

to 1970, \$1.37 1/2 per share through 1972, and \$1.50 per share thereafter. After 1975, United may redeem each such preferred share then outstanding at a price of \$50.00 per share. Utilities Commission records show that Carolina earned \$97 per share on its common stock in 1967.

The complete plan of merger and petition is on file with the North Carolina Utilities Commission and is open for public inspection in the offices of its Chief Clerk.

At said hearing the burden of proof will be upon the petitioners to justify approval of the petition. Evidence will be received from the Commission's Staff and from any other person, firm, or agency having a direct interest in the proceeding, whether such evidence is in support of, or opposition to, the plan. North Carolina law does not permit letters, telegrams, petitions, and communications other than personal appearances as evidence in the proceedings.

All persons desiring to present evidence, cross-examine witnesses and otherwise participate fully in the proceedings as a party protestant or intervenor should file with the North Carolina Utilities Commission a written protest or motion to be made a party. Such protest, motion, or petition should clearly state the name and address of the person, firm, or agency making it, should disclose a direct interest in the subject matter of the proceedings, and should state the position which the party intends to support by personal appearance or through counsel at the hearings.

The tests which the Utilities Commission is required to apply in considering the petition are contained in North Carolina General Statutes G. S. 62-110 and 62-111.

This 31st day of December, 1968.
