

Westminster Choir Appears At College Monday

The Westminster Choir, the world famous choir, appears at Louisburg College Monday evening, March 24, at 8 p.m. in the College Auditorium and is one of the Louisburg College Concert Series. All tickets have been sold. The Choir is a carefully matched and selected group of 40-voices performing in 26 cities in 12 states during February and March. Maestro Leonard Bernstein once commented, "Westminster Choir College supplies a great measure of beauty to the world that needs it."

Schirra To Quit

Houston - Walter M. Schirra has requested release from the Navy and the nation's astronaut corps, effective June 1. The veteran astronaut has made three orbital flights and said he and his wife were "pretty tired" of the strenuous training.

Strange Reunion

Chatham, England - While sharing a room together awaiting the birth of their babies, two women struck up a conversation. They discovered they were sisters who had not seen each other since their parents separated and they were sent to foster homes. The sisters had been living within five miles of each other.

The end of life will find most of us with a lot of business which should have been attended to several years earlier.

UDC Gets Memorial Flags

Mrs. R. H. Williams, Justice, was hostess to the Joseph J. Davis Chapter of the United Daughters of the Confederacy on March 18.

During the meeting, Mrs. Woodrow Jones presented to the chapter three flags, the United States Flag, the North Carolina Flag, and the Stars and Bars Confederate Flag. These were given as a memorial to her mother, the late Mrs. Oliver Perry, a former

member.

Plans were made for several members to attend the district meeting in Raleigh on March 26.

Mrs. Jones presented an interesting program on "Refugee Life in the Confederacy".

A dessert course, carrying out the St. Patrick's Day theme, was served to those present.

Pineapple Shortcake
1/2 Pt. Milk

Concludes Business Trip Abroad

Youngsville - Mr. Forrest S. Wiggins, son of Mr. and Mrs. Stephen Wiggins of Youngsville returned home Tuesday of this week after a three week business trip out of the country.

Representing Allied Chemicals, Inc., which has headquarters in Hopewell, Va., Mr. Wiggins traveled by plane to Hawaii, Japan, Hong Kong, and Taiwan, in the interest of product development.

A graduate of N. C. State University with a BS degree in Textile Engineering, Mr. Wiggins has been with Allied Chemicals for about seven years. He and his family are now living in Chester, Va.

In a phone call to his parents here Tuesday night, he reported on a successful trip.

On Reservist Planes

Washington - Rear Adm. Frederick H. Michaelis has reported that Navy Reserve fighter and bomber squadrons called to active duty after the Pueblo capture were unfit for deployment because their plans were obsolete. He said the Navy is undertaking a program to modernize reserve units and plants.

Safety Standards

Washington - The National Commission on Product Safety plans to set up better safety standards for gas-fired floor furnaces and certain types of vaporizers to protect children from burns. They claim industries making these two items have done little to improve their products to protect children from burns.
