Mrs. C. Ray Pruette Speaks To Ruth Mercer Circle

(FRK. B.W.) Mrs. Ray Pruette was the guest speaker at the monthly meeting of the Ruth Mercer Circle on Thursday evening at the Methodist Educational Building.

Introduced by Mrs. Virginia Patterson, Mrs. Pruette gave an interesting account of her trip to Europe during the summer. Traveling on the Queen Elizabeth 2, which had a crew of 900 and room for 3,000 passengers, was quite an adventure.

Of all the large cities the speaker visited she liked London the best. She distributed picture cards of Westminster Abbey, Buckingham Palace, Tower of London and other famous sites in London. Mrs. Pruette saw the change of guards at Buckingham Palace.

A tour of southern Ireland reminded Mrs. Pruette of Western North Carolina. A visit to the Blarney Stone at Cork, Ireland gave the tourists a thrill. The flower clock at Edinburgh, Scotland was a beautiful sight.

While in Holland, tourists learned that the 700 windmills were under government control. After leaving Belgium, the tour continued into Germany. Some of the landmarks seen there were the

Cologne Cathedral and the Heidelberg Castle.

From Switzerland, the tourists traveled into Austria and visited Salzburg, the Vienna Woods and other beautiful landscapes. A short stop in Yugoslavia revealed little prosperity. Stops at Venice, Florence, Rome and Genoa revealed many historical sites in Italy. The last country on the tour was France. Picture cards were continuously distributed for the audience's pleasure.

Miss Edith Jackson presided over the business session at which time Mrs. Phil Franklin Whitfield gave a financial report.

Mrs. Walter W. Cooke, chairman of the visitation committee, reported 15 visits made by the committee during the month.

Miss Jackson spelled out the circle's responsibility in regard to the luncheon for the District Woman's Club meeting on October 24 at the local Methodist Church.

During the social hour, Mrs. Eugene Pearce and Mrs. Richard Whitfield served orange sherbert, cookies and nuts.

Mrs. Ollie Jenkins was welcomed as a new member of the circle.

About Your Home

A good carpenter will tell you that the final blow of the hammer which sinks the nail-head flush with the surface is just right and usually a light blow at that. Too often the enthusiastic Saturday carpenter not only drives the nail into the wood but leaves the impression of the hammer there as well.

Many a well-meaning gardener has killed his prize plants by over-fertilizing them. Again this could be avoided if the directions on the container were followed to the letter. This way you will not only save time and money but have a more beautiful garden to boot.

This time of year many housewives have a problem with the common house spider. They can cause a lot

of extra dusting on the inside and the outside of the home. You can get rid of most spiders by saturating pieces of cotton wool in oil of pennyroyal and placing them in the haunts of the spiders.

make a donation of fifty dollars at present, towards purchase of encyclopedias. Explanation of library needs and goals were made by Librarian Mrs. W. F. Mitchell.

Miss Susie Tharrington was voted on to serve again this year as club Recording Secretary. This office was open due to a vacancy since officers were installed in May.

The Club financial report was given by Treasurer Mrs. E. J. Pearce. Hostesses for the evening were Chairman Mrs. Marvin Roberts and Mesdames G. W. Barnes, Evelyn Freeman, A. Y. Allen and B. G. Mitchell. Lime punch, cake squares and nuts were served from a table covered with a green cloth centered with a colorful floral arrangement.

Health And Beauty

One thing no one wants is false teeth; however, it is a good bet that we will all come to this point sooner or later. To insure that it will be as late as possible, take the time to take perfect care of your teeth that nature gave you.

Your first trip to the dentist should start at age three. The trips should be spaced six months apart from there on. Does this seem like too often to you? I can assure you it is not. Troubles with the teeth and gums begin as little troubles that, in almost all cases, you are completely unaware of.

Little problems can be treated with little discomfort and less actual expense to you if caught in the beginning. If allowed to drag on and on the discomfort and the cost will rise and rise-and worst of all, you may lose a tooth or several teeth in the process.

Heels on shoes are higher but not the spike type of several years ago. These have a square, sturdy look.

A feature of some jackets is the tiny panel covering the buttons and button hole when the coat is closed.

Long sleeves are smart but dresses worn under jackets may have short sleeves or be sleeveless.

The coat which almost reaches the ankle is being shown in smart shops but whether it will appeal to the American woman remains to be seen.

One of the new coats sports a fur collar and rows of fur around the bottom part of the coat.

Participates In Farmville Antique Show

Mr. Herman Spencer, local barber and antique dealer, will participate in the Farmville Junior Woman's Club Antique Show and Sale next week.

The Farmville Junior Woman's Club will sponsor the town's first Antique Show and Sale on Tuesday, September 23 from 10:00 A.M. - 9:00 P.M., and Wednesday, September 24 from 10:00 - 6:00 P.M. It will also be the first antique show of the fall in this area. The two-day event will be held at the National Guard Armory on Horne Avenue in Farmville, N. C.

A snack bar will be open at the Armory throughout the show, and a buffet luncheon will be held at the Shamrock Restaurant from 1:00 - 2:00 P.M. on both days. Tickets for the buffet and the show will be on sale at the Armory.

Nearly 20 dealers from all over the state and a few out-of-state dealers will set up their booths displaying antique furniture, glass, china, pewter, silver and coins for sale.

The club will use all the proceeds to finance its new \$15,000 Little Red School Kindergarten and Nursery, which the club has recently rebuilt and wholly maintains as its major service project to the community.

On behalf of the Varsity Cheerleaders of Franklinton High School, I want to thank the merchants of Franklinton and friends for contributions made to our group.

BARBECUED STEAK ROMANO IS COOL ON THE BUDGET

If you can't take the heat, get out of the kitchen and try this backyard barbecue dinner of elegant marinated steaks that, despite today's beef prices, won't cost what you think. That's because the recipe takes chuck, which is less expensive, and turns it into a juicy, tender steak treat. You add the tender-

ness with a pre-blended meat marinade, a gourmet mix of herbs and spices that marinates in 15 minutes. And the deep-down marinade flavor won't burn off even over hot barbecue coals. So try this Steak Romano al fresco, and take the heat off yourself—and your budget!

Barbecued Chuck Steak Romano

3 chuck steaks, round bone or blade bone, cut 1 to 1 1/4 thick
1 package Adolph's 15-Minute Meat Marinade
1/2 teaspoon sweet basil

2 8-oz. cans tomato sauce
1 medium clove garlic, minced or pressed
1/2 cup grated Parmesan cheese

Slash fat edges of steak to prevent curling. Blend contents of marinade package with one can of the tomato sauce, garlic and sweet basil. Place meat in marinade, piercing all surfaces of meat deeply with a fork so marinade will penetrate. Turn steaks several times, and after 15 minutes, remove steaks and drain. Reserve remaining marinade for Romano Sauce. Barbecue steaks if you would like a free recipe booklet on "How to Marinate Meat the Modern Way," just drop a card to P.O. Box 828, Dept. B, Burbank, Calif. 91503.
