Poultry Show And Sale Thursday At County Fair

On Thursday, October 2nd, there will be a poultry show and sale held at the Franklin County Fair. These pullets are of the sex link Harco Red Breed, and known over the years as high producers of brown shelled eggs. These pullets will be judged by a specialist from North Carolina State University.

Blue, red and white ribbons will be placed on each pen indicating their productive ability.

The pullets will be on display for your viewing pleasure from Monday through Friday.

On Thursday, October 2nd, these pullets will be auc-

tioned off and sold to the highest bidder at 4:30 P.M. Proceeds from the sale and show will be used to start new projects next year. We are expecting each and everyone of you to be there to place your bid. L. R. Leary, auctioneer, will settle all disputed bids.

ECONOMICAL LUXURY - The 1970 Dodge Polara has the look of a high priced luxury car yet features a low price tag. Hood has been lengthened, rear deck shortened for longer, lower look. Nine models, including the Custom, go on display in dealer showrooms September 25th.

SEE THEM TODAY! 1970 DODGES NOW ON DISPLAY.

The '70 Dodges have more of what you're looking for. There's more luxury for big-car fans, more zip for performance buffs, and more ways to save you economy-

mind people money. Visit your Dodge Dealer now to find the car that's just the right size and the right price for you. Come in and drive it out today.

CHALLENGER '70. Every decade has its challenger... this is 1970's. Challenger is the only new entry in the sports compact field. Engine choices run from a thrifty Six up to the optional 426 Hemi. Nine models in all, priced to compete with the pony cars. Your new Challenger will change the world you drive in, for good.

CORONET... very big for its price. Enter 1970 Coronet. Low on price, big on room. Big? You bet. Coronet seats six adults comfortably. Looking for a car with a price that will drive you right out of the high-rent district? See Coronet. At the Dodge Boys.

DART SWINGER... the peoples' choice with a new look. Take a good look at the new-looking Swingers today. '70 Swingers come with a smooth, longer hood designed to house new, larger engines. A thrifty new 198-cu-in. Six or a snappy 318-cu-in. V8 on most models. Dart Swinger—the going compact for the man going compact.

CHARGER... a new version of Dodge's success car. It's a sharp-looking, sports-type car with a little three-room. What else is new? A continental-type front bumper that encompasses the grille. Your choice of bucket or bench seats. See it, drive it now.

MONACO... a new concept in luxury. Test drive the 1970 Monaco. You'll like the new Torson-Quiet Ride. The engine, the seats, the front base and the steering wheel are mounted on a massive frame which is isolated from the chassis with special rubber mounts in critical areas. The result, Torson-Quiet Ride. A new concept in luxurious driving.

File Your Request At ASCS Office

Now is a good time for farmers who have had no government assistance under the Agriculture Conservation Program to file a request at the ASCS Office in Louisburg.

Assistance is available to non-participating farmers to seed winter cover crops such as oats, wheat, rye, barley, fescue and rye grass at a per acre rate of \$2.00. These crops must remain on the land thru March 1, 1970 and can be grazed with good measurements.

There are many producers eligible to receive government assistance under the 1969 AC Program. There are only 400 farmers signed up in the program. The procedure for getting financial help is very simple; file a request at the county office and receive a purchase order, obtain material from an approved vendor, establish the crop and report it.

Mr. Gordon Moore of Route 1, Franklinton is a fine believer in the seeding of winter cover. He like many producers is seeding oats following his tobacco crop. This will help reduce diseases, retard erosion and give beauty to his farm.

Mr. C. T. Dean, County Extension Chairman, is also impressed with winter cover crops. He says, "As one rides across Franklin County during the months of May, June, July and early August, to me there is nothing more beautiful than a good crop of tobacco. This scene changes in late August and September as the once beautiful fields change to ugly fields of empty stalks. I guess the reason this scene looks so bad to me at this time of year is that I know this is just a breeding place for insects and diseases that can cause trouble for next year's tobacco crop."

To regain the beauty in our Franklin County tobacco fields and reduce pests at the same time follow this simple four-step program: (1) Cut tobacco stalks, (2) Plow out tobacco stubbles, (3) Disk under old tobacco crop refuse, and (4) Seed a winter cover crop."

Come See Us Before It's Too Late!!

The first specimens of the modern Chihuahua reportedly were found about 1850 in the Mexican state of the same name, the National Geographic Society says. The tiny dog rapidly gained popularity, and some brought more than their weight in gold.

Shown above is Gordon Moore filing a request with Mildred Bobbitt, ASCS employee, for winter cover.

Shown here is Fred Lawrence who thrives with the plow getting the land ready for seeding oats.

The whole family loves an Essotane home!

"Our house stays clean with Essotane LP-Gas."

"Saves money—modern LP-Gas equipment is more efficient."

"Good cooking's a snap with Essotane."

"With automatic gas appliances the old days are gone forever."

And we feature automatic delivery. Let us start now!
