Had your soil tested lately? FCX will do it for you... Free. Now. If it's been more than 3 or 4 years, it'll pay you to have another soil test made. Without a recent test to guide you, you can easily apply too much fertilizer or lime for your next crop. Or not enough, which is more likely. A soil test now will help you avoid these costly mistakes. Take advantage of FCX's FREE soil testing service. We'll come out, gather the necessary samples and have them analyzed. If additional plant food or lime is needed, we'll tell you how much, what kind and where. At no cost to you. We custom-spread fertilizer & lime! If you prefer, we'll apply it for you. Probably for less than it would cost you to do it yourself. So why wait? Contact us now, while weather and field conditions are favorable.
