6,500 Arrested For Drunken Driving

Raleigh - Approximately 6,500 arrests for drunken driving were made in North Carolina during the third quarter of 1969-July 1 through September 30-according to the Department of Motor Vehicles.

Figures compiled by the department's Driver Education and Accident Records Division show that court disposition of drunken driving cases was up 35 per cent over the same quarter last year. Courts disposed of 6,062 cases this year; compared to 4,454 in 1968.

Convictions for driving under the influence were up even more dramatically-44 per cent. There were 4,121 convictions during the quarter this year, compared to the 1968 total of 2,868. The con-

viction rate was up from 64 per cent in 1968 to 68 per cent this year.

In 1968, judges handed down not guilty and not pros verdicts in 500 cases during the three-month period. Similar verdicts were ruled in 701 cases this year-not a significant increase in view of the larger number of cases processed.

The number of motorists charged with drunken driving, but found guilty of lesser offenses, dropped from 24 1/2 per cent in 1968 to 17 per cent in 1968.
