Government positions pay high starting salaries. They provide much greater security than private employment and excellent opportunity for advancement. Many positions require little or no specialized education or experience.

But to get one of these jobs, you must pass a test. The competition is keen and in some cases only one out

of five pass.

Lincoln Service has helped thousands prepare for these tests every year since 1948. It is one of the largest and oldest privately owned schools of its kind and is not connected with the Government.
