Embraces an endless variety of lenses which together with our practical experience enables us to correct almost any error of refraction in Myopia (nearsightedness), Presbyopia (far sight), Presbyopia (old sight), Asthenopia (weak sight) and giving prompt relief from that distressing headache which often accompanies imperfect vision.

OUR ARTIFICIAL Human Eyes

Look and look like the natural organ do pain when inserted. Glasses are made having a broken eye as if they were made (though costing very little).

NATIONAL SALUTE TO BE FIRED.

A Case of Yellow Fever in Florida. By Telegram to the News and Observer. Washington, April 23.—The Secretary of War has ordered commanding officers at all military posts to fire a national salute of thirty-eight guns on April 30th, the centenary of the inauguration of Washington.

Surgeon General Hamilton of the marine hospital service, was informed today by the President of the Board of Health at Sanford, Fla., that a case of yellow fever existed in that city. Dr. Hamilton says that every precaution has been taken to prevent a spread of the disease and no danger is apprehended.

Do It Ever to Such Friends. By Telegram to the News and Observer. Danville, Va., April 23.—Yesterday at Halifax Court House Scott Bailey, colored, made a desperate but unsuccessful attempt to commit an outrage on the person of one of the most prominent young ladies in the village. The attempt was made in the day-time on the premises of the lady's home in the village while a large crowd was on the court ground. Bailey was caught soon afterwards, confessed his crime and was lynched about midnight. He was hanged from the same place from which Bruce Younger was hanged less than a year ago for a similar offence.

Postmasters Appointed. By Telegram to the News and Observer. Washington, April 23.—The President today appointed the following postmasters: Archibald Brady, Charlotte, N. C., vice John A. Young, deceased; Thos. J. Bagley, Bessemer, Ala., vice A. R. Megrue, commission expired; Miss Mary Fettele, Uniontown, Ala., office became Presidential April 1, '89; Chas. W. Basler, Athens, Ala., vice L. R. Davis, nomination not confirmed; Ervin H. Mashburn, Athens, Tenn., vice J. A. Turley, resigned; Mary Simpson, Pass Christian, Miss., office became Presidential April 1, '89; Samuel M. Mowry, Oxford, Miss., vice L. S. Dillard, removed; Carl O. Creppen, Easton, Fla., vice Florence J. Tolcomb, commission expired.

Others Create a Sensation. By Telegram to the News and Observer. Pittsburgh, April 23.—The arrival this morning of eighteen colored non-union men at the Allegheny Bessemer Steel Works at Duquesne, where a strike for an increase of wages is now in progress, created considerable excitement. About two hundred of the strikers had assembled about the gate leading to the works, and when the colored men marched up a number of the strikers pulled their revolvers and threatened death to any man who entered. They seemed in earnest, and after a parley of nearly an hour, during which threats of violence to the "black sheep" workmen were made, the non-union men agreed to return to the city and not go to work. A subscription to pay their fares back to the city was raised and they returned to Pittsburgh on the afternoon train. The big plant is still idle, the attempt to resume today having been abandoned. The strikers keep the company's property, but get as close to the line as possible. As both sides appear firm a long struggle is to be expected.

Capt. Knudson Arrived in London. By Telegram to the News and Observer. London, April 23.—Capt. Knudson, of the wrecked steamer Danmark and three engineers belonging to that vessel have arrived at London on board the steamer New York City. They are enthusiastic in their praise of the steamer Missouri.

Bring the Denmark's Passengers. By Cable to the News and Observer. Hamburg, April 23.—The Hamburg-America Packet Co.'s steamer Wisland, which sailed from Havre today for New York, will call at the Azores and take on board the passengers of the steamer Denmark who were landed there.

Colored Preachers in Favor of Ex-Gov. By Telegram to the News and Observer. Charleston, S. C., April 23.—Eleven colored preachers and teachers of this city have united in a petition to President Harrison asking for the appointment of Ex-Gov. Thompson as a member of the civil service commission.

Supreme Court Decisions. Digested by the News and Observer. Lily vs. Bimer. The appellant must show errors in the orders and judgment—the presumption is in favor of their correctness. When it does not appear that the widow of a non-resident decedent was constituted executrix, and she had failed for many years to apply for letters, the appointment of an administrator in this State will not be void, and any objection to such appointment must be made in a proceeding to remove him, and cannot be heard collaterally. An order of payment by an executor through mistake after the estate is settled, not being a mistake "of law" is not officious and the money is recoverable.

State vs. McMahon. One who was acting as a constable and recognized as such having arrested the defendant and apprehending that he was armed, which defendant denied, said he would have to search him, whereupon defendant began to move off, and the officer called on a bystander, Buchanan, to assist him. Buchanan seized defendant, who drew his pistol and killed him.

Held, That where one is known to be acting as an officer his official character and qualification is presumed without his producing his commission. Such an officer charged with process is clothed with full power for its effectual execution, and it is the duty of those present when called on to assist. The defendant is guilty of murder.

BLOOD-SHED BEGINS.

THE GREAT RUSH IN OKLAHOMA.

FIVE MEN WHO TOOK CLAIMS MURDERED BY CLAIM JUMPERS—SOME ONLY RUMORS.

By Telegram to the News and Observer. ARKANSAS CITY, Kan., April 23.—A special from Guthrie at an early hour this morning says: Three men who took claims here yesterday were murdered about 5 o'clock by claim jumpers. The names of the assailants and their victims could not be learned. A vigilance committee is now scouring the country in search of the murderers.

LIKE A FAIRY STORY. ON THE OKLAHOMA BOUNDARY. April 23

Lieut. Foster, who started the pilgrims, Saturday, coming via the Arkansas City trail, estimates that at least 400 outfits and 1,000 people, ranged along the border of his trail, started at the sound of the bugle. Lieut. Waite, nephew of the late Chief Justice Waite, started those entering at Caldwell to the trail and Col. Wars started those on the Hunsell trail, he being in charge of this territory. Capt. Hayes started those entering by the Back Bear trail. It seems like a fairy story, but there is scarcely a doubt that from 20,000 to 30,000 entered by these trails, while six trains that came in from Arkansas City to Guthrie brought at least 6,000 people. The wagon road runs within 100 yards of the railroad all the way. The Cimarron ford on the Cimarron, or Little Arkansas, river, is just three-fourths of a mile from where the railroad crosses that stream, near the old site of Camp Russell.

DEER, ANTELOPE, PRairie CHICKENS AND QUAIL. All along the route were to be seen deer, antelope, prairie chickens and quail. Two deer were within ten rods of the train, and at least fifty shots were fired at them from the car windows and by those on the roof without effect. The prairie chickens and quail that were near enough to the train to sight were also treated to a similar salute.

When the train crossed the last stream, Cottonwood creek, just before entering Guthrie, the passengers began jumping out and rushing up the hill on the east side of the track towards the land office where the town site is to be laid out. One fellow became so excited that he jumped through a car window. When the train stopped at Guthrie station there was an indiscriminate rush, men and boys running over each other to get to the land office first or squat on a claim. Scarcity of water will cause suffering until wells are dug, unless the water in Cottonwood creek can be filtered. An enterprising real estate man had a carry-all at the depot when the train arrived and carried people to his lots over on the east side and to see other lots at a dollar a piece. The crowd around the land office is too great to be numbered, and those who did not get in to file their claims last night slept where they were, in line, to be on hand this morning. Two miles east of Guthrie station town sites are staked out and there was not a section between them and Alfred that did not have one or more quarter sections staked off. The people here are dumb-founded, and look at the vast multitude crowding into the country in silent wonder. Returning on the train hundreds of prairie schooners were passed, still winding their way to the promised land.

SOME UGLY RUMORS. As Guthrie was found already staked out when the first train got there, some ugly rumors were at once started reflecting on the United States officers and the officials of the Santa Fe R. R. It is claimed that the directors' car of that road has been at Guthrie for several days, and that they, as well as the government officials, continued with the men hiding in the brush on the west bottom, shielding them from the scrutiny of the soldiers; that those officials on both sides had the town all laid out quietly and had an understanding with these brush hidders so that they all rushed in and staked off claims before any train arrived. Although the regular train from the South, which arrived about 12:45 p. m., was not allowed to carry any boomers, when it reached Edmunds, at 11:30, it laid there until 12:05, when a party of surveyors got off, said to be railroad men. When the people at Edmunds saw this they rushed out and began staking off claims also. Persons who arrived on the regular train from the South say that hundreds of claims were staked out at Guthrie when they got there. A sixty room hotel will be shipped from Kansas City and be ready for business at Guthrie by Saturday.

GUTHRIE, THE PIONEER CITY OF OKLAHOMA.

ARKANSAS CITY, Kan., April 23.—Fifteen thousand home seekers are camped on the grassy upland of Guthrie, the pioneer city of Oklahoma. Their camp fires gleam in the darkness and their tents loom athwart the sky like an army in bivouac. Guthrie, hitherto an insignificant station in a wild and uninhabited country, remote from civilization, has now a population of more than 15,000. All these were gained in an afternoon. In no country save America, and in no part of that country but the great west could such a thing be possible. When the first train arrived at Guthrie from Arkansas City the embryo streets and lots of the new city had already been laid out by enterprising citizens who had been early on the scene. Hardly had the cars stopped at the station when eager men leaped from the cars win-

THE MISSING BOX

THE ARKANSAS ELECTION MYSTERY.

IMPROMPTU TESTIMONY OF A WITNESS—WHAT BECAME OF THE BALLOT BOX.

By Telegram to the News and Observer. St. Louis, April 23.—Warren Taylor, of Morrilton, Ark., gave some very important testimony before the grand jury at Little Rock yesterday concerning the stealing of ballot boxes in Conway county at the election last fall. He said that on the night of the ballot box robbery, November 6th, he and Charles Reid, a young lawyer of Morrilton; Geo. Bentley, city marshal of the same place and seven others went from Morrilton to Pimmerville. The crowd halted outside of the town and five went in, as they said, to reconnoitre. In a short time they returned, saying all was quiet, and the crowd returned. When about half way home it became generally known in the crowd that one of the party had a ballot box. Arrived at Morrilton the box was taken into the back room of Wells' store and it and its contents buried.

Charles Reid also testified before the grand jury confirming part of Taylor's statement, but denying that he had any hand in the stealing of the ballot box or that he knew it was stolen until the next day. The statement of Reid and Taylor is getting nearer the Pimmerville murder than anything yet, so far as the investigation has gone, and specific facts are expected to be made known that will perhaps develop into something sensational.

A Receiver Appointed. By Telegram to the News and Observer. New York, April 23.—Counsel for V. Henry Rothschild and Isaac Greyfue, partners in the fancy shirt manufacturing firm of Downs & Finch, stated today that he had learned that partner Downs was in Canada. The partners have brought suit to set aside the firm's assignment, and have secured the appointment of Miles M. O'Brien as receiver. If Downs returns here counsel says he will have to meet criminal charges. Within one week of the failure over \$300,000 in cash and stocks convertible into cash were disposed of. Most of the money went to Mrs. Downs, although she does not appear by the firm's books to be a creditor. According to counsel, Downs has defrauded every bank with which he was connected and made the most extravagant misrepresentations to get money. Rothschild & Co. hope to get back into the estate the bulk of the money withdrawn. Suit has been begun in New Jersey, where the factories are located, to set aside two mortgages— one of \$20,000 and one of \$10,000 to Mrs. Downs, recorded on the day of the assignment to Downs' lawyer. The assignment is also attacked for fraud.

Centennial Services. By Telegram to the News and Observer. Trenton, N. J., April 23.—Rev. Michael J. O'Farrell, Bishop of the Roman Catholic diocese of Trenton, has issued a circular to the clergy of his diocese directing them to hold special services in their churches April 30, in connection with the Washington Centennial celebration.

Legitimate Burns a Town. By Telegram to the News and Observer. New York, April 23.—Capt. Miller, of the steamer Caroline Miller, which arrived this morning from Cape Haytien, reports that the forces of legitimate burned and destroyed the town of Petite Bervere on the 7th inst. Easign Pigot and Peckham of the U. S. steamship Galena and Brown of the Ossipee were passengers on the Caroline Miller.

Read Offerings. By Telegram to the News and Observer. Washington, April 23.—The bond offerings today aggregated \$285,000, all were accepted except five hundred dollars of fours at 130. The rates paid were 129 for fours and 108 for four and a half.

Brilliant Social Event. The crowning social event of the season was the german given last evening by Mr. Geo. C. Heck complimentary to Miss Winder, of Raleigh, and Miss Burwell, of Charlotte. It was an occasion which had for weeks been eagerly anticipated by Raleigh society and the brilliancy of the affair in no wise fell short of what it had been looked forward to.

Raleigh society was present en masse and many visiting belles lent the charm of their presence, and gallants gave from various parts of the State did honor to the occasion. Henry Hall had been transformed into a bower of loveliness by profuse and beautiful floral decorations, while ropes of evergreens hung in graceful festoons from the walls. The costumes were elegant and dazzling. The chaperones were Mrs. B. Grimes Cooper, Mrs. Minnie Hayward Bogley and Miss Rosabelle Engelhard, who distributed the beautiful and unique favors. These were in many odd and fanciful designs and were the most handsome and costly ever seen in Raleigh. The dancing continued till a late hour and the affair was in every respect the most successful event of the season. Disturbances have broken out anew at Suakim. Once it was "Pike's Peak or Bust" just now it is "Oklahoma or we'll know the reason why!"

The rush of emigrants from the southwest of Ireland is causing alarm. The country is being rapidly depopulated.

BROADWAY BARRAGE OF POLICE.

By Telegram to the News and Observer. New York, April 23.—Broadway from Twenty-third to Thirty-third street is now entirely a city of police, the last fire department pole having been removed this morning by Precinct Company of the Department of Public Works. A gang is now working on Broadway between Thirty-third street and Forty-second street, and expects to have that portion of Broadway cleared by 6 p. m. today. At various points along Broadway the United States Electric Light Company and the Manhattan Company have gangs at work making connections at the man-holes.

An encounter took place on the 10th inst. at a place called La Trute, Hayti, in which Hyppolite's forces were victorious.

Centennial Service.

Just one hundred years ago, on the 30th day of April, George Washington was inaugurated as the first President of the United States. The historical importance of this event was fully and vividly realized by our ancestors. Says one Historian: "On the morning of the 30th of April, 1789, the bells at nine o'clock summoned the people to the church to implore the blessing of Heaven on the nation and its chosen President, so universal was the religious sense of the importance of the occasion." In view of the blessings that Almighty God has bestowed upon our country, in these one hundred years, and the manifold evidences of His divine guidance; and in view also of our needs as a nation, the President of the United States has issued a proclamation, recommending, "that on Tuesday, April 30th, at the hour of nine o'clock in the morning, the people of the entire country repair to their respective places of divine worship, to implore the favor of God, that the blessings of liberty, prosperity, and peace may abide with us as a people, and that His hand may lead us into paths of righteousness and good deeds." In consequence of this proclamation, preparations are being made all through this country, to celebrate with fitting religious services of thanksgiving and prayer, the Centennial Anniversary of our Nation's Birth. Many of the Bishops of the Protestant Episcopal Church in the United States, including Bishop Lyman of North Carolina, have called the attention of their clergy and people to the importance of this occasion, and recommended and advised its observance.

Here, in Raleigh, the Episcopal Churches propose to observe with fitting religious exercises this solemn anniversary. The Bishops of the diocese, and Revs. M. M. Marshall, Bennett Smedley and W. M. Clark will unite in a joint service to be held in the Church of the Good Shepherd, at 9 a. m. of April 30th. A special service, drawn up by the Bishops of New York for this occasion will be used, and there will be an address, suitable to the day. All are cordially invited to be present on the occasion and take part in this National service.

Removing Postal Clerks. The Charlotte Chronicle of yesterday says: P. S. McLaughlin, postal clerk on the C. O. & A. R. R., received a letter from the superintendent of the railway postal service department at Washington, notifying him that he had been removed from the service. The superintendent requested Mr. McLaughlin to continue his run until his successor reported and qualified for duty. As it is generally understood that the negro E. Kennedy is to be his successor, McLaughlin replied to the superintendent as follows: "As there is nothing small about me, I will continue my run until your favorite cock ro-pet and qualifies." The supposed "favorite cock," H. B. Kennedy, he had no papers to show that he was Mr. McLaughlin's successor. Mr. McLaughlin consulted acting-postmaster Adams, but Mr. Adams had received no notice that Kennedy is to be Mr. McLaughlin's successor; consequently, Mr. McLaughlin will continue his run until he receives official information on the subject.

Postal Clerk J. S. Grant who has long been running on the Raleigh & Gaston, and who was hurt in the accident just North of this city a few months ago, has also been removed, and Wilson Hicks, (col.) appointed in his place.

Appeals from the eleventh district were disposed of as follows on yesterday: Simpson vs. Simpson, from Union; Miller vs. Pierce, from Alexander; Miller vs. Harris, from Rutherford; continued.

Baker vs. Brem, from Mecklenburg; argued by Burwell & Walker for plaintiff, and Jones & Tillet for defendant.

State vs. Nichols, from Union; argued by Attorney General for the State.

State vs. Hinson, from Mecklenburg; argued by Attorney General for the State, and Jones & Tillet and Burwell & Walker by brief for defendant.

Opinion in Giles vs. Hunter, from Madison was handed down. The judgment of the court below was affirmed.

For lane back, side or chest use Shiloh's Potent Plaster. Price 25 cents. Sold by A. W. Goodwin & Co.

Seville Cathedral is again in a tottering condition. Extensive repairs are required.

The New Discovery. You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it, and should be afflicted with a cough, cold or any throat, lung or chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottles free at Lee, Johnson & Co.'s drug store.

If you want the latest and most attractive designs in all kinds of picture frames, window shades, wall papering and decorations, mirrors, plush goods and fancy goods of all descriptions, you can find them in all their beauty, perfection, profusion and cheapness at

NOW FOR THE GRAND RALLY.

Now, gentlemen, we have settled our differences as to the majority. Let us bury them out of sight. Let us rally to the support of the good man and true we have chosen for alderman. They are the men after all to legislate for the city. The mayor is but their executive officer. Let us see that the election of all the democratic candidates is made sure.

WELL! That audacious Charlotte Chronicle actually says in so many words that the Wilmington star's brag editorials are refreshes of magazine articles! Ye gods and little fishes, what are we to look for now?

It is not often that there is presented in the Senate chamber of one of these United States the spectacle of a Senator shaking his fist at the presiding officer and threatening to drag him out of the chair, yet that is what occurred Friday in the Senate chamber of New York, which proudly takes to itself the title of "the Empire State." The Times (wagwump) says: "Politics, naturally, was at the bottom of the entire business and Gov. Hill was at the bottom of the politics. The Governor no more wants the Crozier Excise Commission bill or the Saxton Ballot Reform bill placed before him than the republicans want to pass Mayor Graff's Rapid Transit bill. On the horns of this dilemma the Senators found themselves poised. The republicans were as determined to bring forth ballot reform and excise bills as the democrats were determined to frustrate them and push forward the Mayor's Rapid Transit bill. The Senate filibustered from 11 o'clock in the morning until 7 in the evening and then took a recess to 8:30." The Press (rop) says: "The struggle in the Senate today was almost as lively as last night. Senator Fassett said that in future the republicans proposed to rule the Senate. Several Senators protested against the treatment accorded them by the Lieutenant Governor, characterizing the action as most outrageous. General Jones threatened to allow no further business to be transacted unless he were allowed to make a statement, and then went on saying that Mr. Erwin forgot that the rules were made for the protection of the minority. Then the Rapid Transit bill was taken up again." The World (democratic) says: "The Senators awoke this morning with the bare blades in their hands and they have been wielding them savagely all day. The masks were thrown aside. Republicans openly avowed that they would not allow the Rapid Transit bill to be further considered until the High License and Saxton Electoral Reform bills had been disposed of. Neither of these bills having been yet reported, republicans had been cold nerve to ask that a bill amended ready for passage should be laid aside till their political measures should be passed. Their game was twofold, for by holding back the Rapid Transit bill until after May 1 they hope to coerce the mayor. Now the temper of both parties is such that each may wedge in and slaughter every bill of its opponents." Again we see the high hand of the republicans which they never hesitate to put forth in utter disregard of law and justice when fair means fail their purposes.

Croup, whooping cough and bronchitis immediately relieved by Shiloh's Cure. Sold by A. W. Goodwin & Co.

For Rent. The stables and barn on Wilmington street opposite Col. Faison's warehouse, containing four good stables, harness room, carriage house and loft, are for rent. Apply to DE. W. H. BOHRETT.

Sir Julian Pauncefote, the new British Minister to the United States, has arrived.

APPEALS FROM THE ELEVENTH DISTRICT were disposed of as follows on yesterday: Simpson vs. Simpson, from Union; Miller vs. Pierce, from Alexander; Miller vs. Harris, from Rutherford; continued.

Baker vs. Brem, from Mecklenburg; argued by Burwell & Walker for plaintiff, and Jones & Tillet for defendant.

State vs. Nichols, from Union; argued by Attorney General for the State.
