From this date the mails will close as follows:  
Northern (morning) mail, 5:30 a. m.  
Northern (night) mail, 8:30 p. m.  
Southern mail, 8:30 p. m.

## LOCAL ITEMS.

Just received at VanOrsdell's another lot of those beautiful Walnut Mouldings.

**THE WILMINGTON TRIPLE GUARDS.**  
This new company, under command of Captain J. S. W. Eagles, made a remarkably fine appearance in the procession on the 30th ult. Their soldierly appearance and that peculiar veteranish way of handling their muskets and promptness of step, showed careful drill and attention to minor detail, worthy to be imitated by older companies. We more than half suspect that many of those stalwart men have smelt gunpowder in its most dangerous form, before to-day.

**THE ANATEM dramatic performance** last night was very entertaining. The movements of the young gentlemen in "woman's togger" was amusing, but much better managed than we supposed possible. Mr. Brown's immense as Margery, speaking so clearly and distinctly, which, by the by, is more than we can say of some others of the young gentlemen. Their by-play is good, and the groupings excellent, as well as their make up. The stage was charmingly arranged also, and now let our young friends speak a little more distinctly and they will be a perfect success.

**CAPE FEAR TEACHER'S ASSOCIATION.**  
Once more the attention of the public is called to this institution, which has now been in session three weeks. The first three days of next week will be devoted to a review of the studies that have been taken up. Any teachers who have thus far failed to attend can have an opportunity of availing themselves of this review. On Thursday, June 6th, the closing exercises of the session will be held at the Williston school house. Prof. McIver will be present and all the friends of education in this part of the State are earnestly invited to attend on that day. The sessions next week will be at 9 A. M., and 3 P. M.

**I. O. O. M. NORTH CAROLINA LODGE** No. 1 of this new but rapidly increasing Order was formed last evening, and the following officers elected, viz: W. M., W. A. Jobson; J. M., W. H. Day; R. S., L. L. Boon; F. S., E. S. Woodford; F., N. Gillican; Chaplain, W. M. Hays; C. J. S. Dudley; R. G. to W. M., L. W. Hodges; L. G. to W. M., F. T. Skipper; R. G. to J. M., R. C. Orrell; L. G. to J. M., B. F. White; I. S., S. M. Browning; O. S., Doctor Hays; Representatives, W. H. Gerken, J. W. Schenck, Jr., W. P. Canaday, J. H. McGarrity.

It is expected that the Lodge will be instituted and the above officers installed during the beginning of the coming month.

**THE AMERICAN FARMER** for June is received, filled, as usual, with a large amount of valuable matter appropriate to the season. We note particularly an account of the breed of Percheron horses, an interesting sketch of the Manufacture of Silk in this country, the customary and excellent monthly Calendar of Farm-work, original correspondence from agriculturists of all sections, including a paper of Hon. W. Newton, of Va., on Capital, Currency and Money; in connection with the needs of the South, others on Root Culture, the cultivation of various forage crops, the saving of cloverseed, &c. The Dairy, Poultry Yard, Apiary, Fireside, &c., all furnish useful and attractive reading. The "Farmer" is worthy the attention of our farming readers. Published at Baltimore, Md., by Sam'l Sands & Son, at \$1 50 a year, or at \$1 to clubs of five or more.

## PINE FOREST CEMETERY.

Interments for May; adults 8, children 18. Total 26.  
DURING the month of May there were 33 arrests made, 14 sick and wounded sent to the City Hospital, and 3 sent to the Work House. No recruits for the Poor House.

**THE SCIENCE OF HEALTH.**—A new independent health monthly—devoted to the preservation and restoration of Health on Hygienic principles.  
Health is the great want of the age. It is the first need of the individual, the nation, and the race. Health is long life; Disease is premature death. Health develops body, mind, and soul; Disease dwarfs and paralyzes all. To educate the people in the Science of Life, which includes all that relates to preserving health, and to the art of treating disease without medicine, is the object and purpose of this new health journal.

**THE SCIENCE OF HEALTH** will aim to disseminate throughout the world a knowledge of Hygienic principles. It will not be the organ of any person, business, or institution, but an earnest teacher of the laws of life and health.  
The Science of Health will be the exponent of all known means by which health, strength, happiness and long life may be obtained, by using and regulating those agencies vitally related to health and the treatment of disease, including air, light, temperature, bathing, diet, clothing, exercise, rest, sleep, and all normal agents and hygienic materials.

**TERMS.**—Published monthly at \$2.00 a year in advance; single numbers, 20 cents. Clubs of ten at \$1.50 each, and an extra copy to agent. We are offering the most liberal list of premiums. Local Agents wanted everywhere, and cash commissions given. Address all letters to Samuel R. Wells, Publisher, 389 Broadway, New York.

## CORRESPONDENCE.

The Editor of this paper is in no way responsible for the views or statements of Correspondents; no communications of an anonymous character will be published; the real name of the writer must accompany all communications. Any one who may feel aggrieved at statements made by correspondents can obtain the name on application to the Editor.

**The Liberal Conservative Democratic** Greeley Situation.  
NASH COUNTY, May 30, 1872.  
EDITOR EVENING POST.—The *outlet* "Paul Pry" in the "Star" of the 29th inst., not unlike his prototype, misstates the political situation in this section of the State. As he says—"so far as his observation extends, (which any one would infer was limited), may be correct as to the diminutive number of G. e. e. y. e. i. t. e. s. But when the mass of voters are referred to as fusing daily with the Cincinnati movement, the facts will not sustain him.

Outside of himself, it would be difficult to find any democrats strong or weak-kneed that will openly endorse the Greeley and Brown ticket. They are all non-committal on the subject—and are waiting, and watching for the word of command for Belmont, Stephens, Forsyth, Pendleton, Blair & Co., when they will fall into line to meet a shure but signal defeat, as usual. It is believed that Greeley's high protection failing, will not do so well in the cotton consuming States, and viewing his past record as the one last besting him for the Presidency, they draw back, and will doubtless not let him fall in the same fold together. The Northern democrats cannot—or will they affiliate with Southern democrats to an extent to jeopardize the National integrity. The Voorhees cast will not swallow Greeley & Brown, being honest and consist it, and differing on the most vital points, they cannot stoop to small things—nor adopt a platform which they have no confidence, will be practically operated, nor will they compromise their lifelong record for honesty as democrats of the old school to serve in the cry of anybody to beat Grant.

They view the situation from the stand point taken by Jerry Black and his kith. They believe that Mr. Greeley's peculiar ideas of government unfit him for the chair of State, and that if accidentally elected, the interests of the whole people and country would be thrown into confusion and chaos.  
Now, so far as the invulnerableness of the Commons candidate in Nash, on the democratic ticket is concerned, the point can not be seen by observing men—don't think he can see it himself. It is simply *barney*, to please the palate of a few, and the candidate. It is understood, however, that he is invulnerable against *roast pig* and the like, and able to bear up under a pretty heavy meal of such. It is true he is active in hobnobbing the blacks and whites, begging their support, but he will be left at home after the election, if the Republicans will do their duty on the 13th of June, at Nashville, by nominating their best men and put them before the people. "Paul Pry" exhibits the fact that

he is not posted on the subject upon which he writes, except in reference to the Messrs. Butler & Son factory—when he says the Republicans throw their best man overboard and substitute another. Who is the other one? It is known no permanent nomination was made for the Senate in the meeting referred to. The district is entitled to two Senators, one is already in the field and the other will be nominated the 7th of June.

Doubtless "Paul Pry" is of the milk and cider cast, and believes others see through his smoky lens. But, the good people of Nash are beginning to look at things through their own eyes and senses. They are getting from under the old Bourbon influence. They see and feel the difference between a Democratic and a Republican administration and are becoming satisfied the latter is the one that aids most to the laboring man's interest. And they are going to support such measures, and men who will carry them out in good faith.

## LATEST BY TELEGRAPH.

**From Washington.**  
WASHINGTON, D. C., June 1.  
Carpenter continues his political debate in the Senate today. A prolongation of the session of Congress is considered inevitable. The West and South, in the House yesterday, voted almost solidly for sixteen cents uniform tax on tobacco. A compromise on twenty cents is considered probable.  
In the United States District Court orders were made for the payment over to Dr. Cornelius Boyle, H. B. Tyler and the administrators of C. S. Walloch, of this city, of the proceeds of the sales of their property here, made under the confiscation act. Under the amnesty act they become entitled to whatever sum the United States derived from the confiscation of their estates, less the costs, which were comparatively enormous, amounting in one of the cases to \$1,500. These parties left here and served in the Confederate armies. H. B. Tyler had been a Major of marines in the federal service.

**From New York.**  
NEW YORK, June 1.  
J. Gordon Bennett is unconscious. Doctors hope for his recovery.  
Col. St. Clair and General Trevin's Chief of Artillery, arrived here yesterday from Matamoros; he reports revolutionists as very enthusiastic in support of Trevino, and that many of the States desire to see him president instead of Grant.

The col. speaks in strong terms of resources, and declares the revolutionists likely to gain strength.  
The Times says that Sumner's speech is a collection of slanders against the president with literary antiquarian and scholastic embellishments. The Tribune considers Sumner's speech one of the greatest he ever delivered. The World says Sumner's indictment of Grant recites nothing which the Democratic press has not reiterated for months, but coming from a man whose biography is the history of the Republican party, will carry conviction where Democratic vapid would pass as the wind.  
The Sun styles Sumner the American Caesar, and calls the speech magnificent.

**From Virginia.**  
READING, June 1.  
Resolutions declare that a party is bound upon the constitution. Jackson's farewell address and Jefferson's inaugural, large Democracy to support the ticket and secure triumph of the cause, there is no allusion to any presidential candidate.

**From Ohio.**  
CLEVELAND, June 1.  
H. HARVEY & SON'S City Mills were burned with 1,000 barrels of Flour. Loss one hundred and twenty thousand dollars.

**From Tennessee.**

George T. Clark, Ballouist of Naves circus fell fifty feet, and will probably die.
