The State Debf-Who is Responsible-Who got the Bonds-Who Squandered Them.

The tollowing article, with a slight correction, was taken from the Raleigh Era. We ask a careful perusal of its statements, which are undeniable:

There has been so much misrepresentation in regard to our State debt and the manner in which it was created that we have concluded to make the state card ; ment which will be found below. For the facts which we state we challenge contradiction, and if this true exposition is " cold comfort" to the howlers of stop thief, lying scoundrels who had so much to say about the squandering of money by Republicans, we cannot help it.

THE OLD DEBT.

in the first place let us see what would have been the State debt it " our own people" could have had their way. The whole recognized debt of the State, July 1st., 1865, was \$10,899,500, to which add Internal Improvement Bonds, authorized but not issued (717,000,) and the debt of the State

during the Confederacy for war purposes, \$18.117,836, and on July 1st, 1865, there would have been a total of \$29,734,336. To this add the interest to July 1st 1872, (seven years at six per cent.) \$12,488,421, and our debt would stand at a total of \$42,

But in addition to this there was the authorized by the Legislature of 855 to the Western N. C. Railroad, amounting to 4,000,000. Of this only \$2,268,000 had been issued prior to 1868 leaving \$1,732,000 which was issued after reconstruction and counted on the addition to the debt made by the Republicans. This with the interest for four years amounts to \$2,147,680, which added to the \$42,222,757, makes the total State debt, as it would have stood under Democratic management, \$44,-

370.437. This is what the State debt would have been if those who now desire to get control of the State had remained in control and had their own way. For it must be remembered that it was only on compulsion that the Confederate debt was repudiated. Therefore it does not lie in the mouths of the old regime like Merrimo Vance or Graham to

THE PRESENT DEBT.

Our whole recognized State debt at the end of the last fiscal year was \$34. 887,464, or \$9,481,973 less than it would have been if there had been no reconstruction acts and no Republican party. This collection of "carpet-baggers, scalawags and negroes," called the Republican party, having saved the State more than nine millions which it would have lost if the wealth and respectability" party had been in power, we think the people of the State will be quite willingto trust them.

In 1868, when the Republicans took control of the State the debt was as recorded, \$15,799,945, but to this must be added to the balance of the principal of the appropriation for the Western N. C. Railroad, 1,732,000 making \$17,534,945 as the actual authorized debt of the State at the time reconstruction commenced. at the time reconstruction commenced. To this actual debt various additions were made by legislative appropriations, some of which were declared unconstitutional by the Surreme Court, while others entered into the State account of the state others entered into the State account nothing to the taunts of the victors. and become a legitimate part of the State debt.

WHO GOT THE NEW BONDS. Of the bonds voted by the Legislature and the Convention, a part were declared unconstitutional by the Supreme Court.

Now let us enquire who urged the voting of those bonds, and who received them. The following are the names of the Presidents of the several roads for which the bonds were appropriated, and the amounts opposite their names are what they severally received. They are all Democrats : R. H. Cowan, Pres. W., C & R.

W. J. Hawkins, Pres. Raleigh & democrats support Greeley. Gaston R. R. 3,200,000

Mallatt, Pres. Western R. R. 500,000

R. Stubbs, Pres. Wilmington & 450,000 - Belo, Pres. Northwestern N. C.

R. R. 2,000,000

Total.....\$16,256,000 Our comments on the above are brief There is no need of comment. Everybody will see at a glance that of the appropriations \$16,256,000 were voted to Democrats at their instigation, were received by them, and if any of it was squandered, it was squandered by them .-What then becomes of the miserable, lying, and oft repeated allegation that "carpet-baggers, scalawags and negroes" have pillaged the State? Who first urged the voting of bonds? Democrats. Who received the issue of bonds? Democrats. Who squandered them, it anybody? Democrats. Think of this tax payers! and let the responsibility rest where it belongs. It necessary we can refresh our friends with a few more details on this subject, which would be

interesting. The case then is this: First, the State is more than nine millions better off financially than it would have been had the so-called Democracy retained entire control. Second, if there has been any fraud in the appropriations, it must rest upon the heads of Democrats, since they received nearly all the bonds. To these indisputable facts we ask the attention of all honest and thinking men.

We will give him the benefit of the For sale, wholesale and retail, at card until we have further advices from the party who gave as the information and the necessary affidavits which are promised.

It seems the Colonel, in spite of his big speech in Congress, now admits that murders were committed by the ku klux. We don't see as this card

To those who know me, and whose good opinion I value, it is unnecessary to say that the statement of the gentleman who informed the Fost as above is false. I think I know who he is. What I said, and what I repeated to day to a large crowd here, was this : That I had always condemned Ku Kiuxism in 5000 public and private, but as they had killed men I was sorry that, instead of killing poor deluded negroes, they had not killed the carpet baggers who had misled them and had caused our trouble since the war. Senator Pratt, of Indiana, a leading Radical and a member of the K. K. Committee, said the same thing in his speech delivered just before Congress adjourned, and every good man in the country will agree with us.

Yours truly.
