

JOHN ROBINSON'S Great Traveling Museum, Menagerie, Caravan and Hippodrome, Combined with the Grand International Zoological Garden, Polytechnic

Institute, and Mammoth Circus, in Four to Ten Tents. As the space of the Grounds will permit. JOHN ROBINSON, Proprietor and General Director, JOHN ROBINSON, JR.,

Manager. This gigantic enterprise, which has been at vast expenditure of time and money, thoroughly reorganized and equipped for the present traveling season, presents the startling. Novel, unique and colossar spectacle never before witnessed in the annals of amusement either in this or any other age, of

"IWELVE SUPERIOR SHOWS IN ONE."

All for a single price of admission, In the collection and organization of the shuseum the

ntmost care has been taken to gratify and enlighten the public by presenting in one vast assemblage an accumulation such as has never been attempted or dreamed of by the comsistemblage an accumulation such as has never been attempted or dreamed of by the combined tact, talent and liberality of all other managers in America or Europe. It may be interesting for the public to understand that for nearly two years Mr. Robinson's numerous agents, who are found in almost every part of the World, have been atively employed in Procuring curiosities for his great traveling Show. Some o' their were put on chibition for the first time last year, but they have been largely supplemented for the present season by new accessions and consignments brought by almost every steamer from foreign ports which has arrived in New York for the past eight months. As an illustration of the interestinate energy of the ween known proprietor of this establishment it may be accessed.

which has arrived in New York for the past eight months. As all mustrotion of the indomitable energy of the ween known proprietor of this establishment it may be well to remark that the exhaustless resources of Europe, Asia, Africa and America, with the subdivision of China, Japan, Australia, the Polar regions, South Sea Islands, Arabia, Turkey, Siam, Circassia, Egypt the Pacific, Arctic, Indian and Atlantic Oceans, together with the Red Sea and Holy Land, have all been levied into, contributing to swell the aggregage of this single department, which, after all, constitutes but a moity of all that may be seen.

It is estimated that in the Aquarium, Museum, Menagere and Caravae there are TWENTY THOUSAND CURIOSITIES. If traveling by wagon would require the actual services of nearly two thousand men and horses, it is furthermore confidently believed by those most competent to judge, while

the management are very emphatic in the statement that, that taden in the aggregate. J Robidson's World's Fair has more real solic attraction, merit and value, with a greater Narvelous features than is usuallo contained in twenty ordinary Shows In order that the public may be able to form an approximate conception of the mafinitude of this concern, we volunteer the statement that—which will be qualified at any time—the daily expenses attending John Robinson's exhition are three times more than the gross receipts of any of the self-styled first-class shows in American. It is, therefore, with with no ordinary degree of confidence that the management announces that these twelve great shows for only one price of Admission are positively the largest ever seen earth.

We respectfully solicit the attention of the reader to the folling enumeration of only the leading features of the great exhibition, as we have not the space to mention the multinudenous curiosities with which the entire exposition so amazingly abounds. The Monster Sea Lions, from Alaska, Nine in number, the largest weighing Two Thou sand pounds, consume five hundred younds of fish dair; the Egyptian Crocodile, twenty feet long; a den of American and South African snakes, the longest one thirty feet long, a Texas steer with three horns and eyes, an educated Hog, that can read and talk; the largest Elephant in the world—actual weight five tons; a drove of Camels, Buffaloes, Bisons Sacred Cattle, Limas; Forty of the smallest Ponies ever seen; or Rhinoceros, or Unicorn of Holy Writ, one of the most marvelous specimens ever imported—weight eight thousand pounds, cost \$15,000; a pair of Giant Ostriches, twelve feet high; South American Hippopotamus, Harte Beast, Horned Horse, Capa Bara, Cashmere Goats, Ebony Headed Palatine Sheep, Spotted Axis Deer, Bison, of Colorado, American Fallow Deer, South American Jaguar; Silver Lions, of California; striped and spotted Hyenas, Peruvian Alpaca; Llama or Camel of the Andes; Puma, or American Cougar; American Buffalo, Virginia Panther, Badgers, Senegal Leopards, Australian Kangaroo; Rat Kangaroo, of New Zealand; Tawmy Lion, of Zaffra; Shetland Cow, Dabyrousa; the Zehu, or Ox Nunda; spotted Tigers, Black Tiger, African Porcupines and Beavers, the whole forming the most magnificent collection of wild animals eyer seen at one time. with no ordinary degree of confidence that the management announces that these twelve of wild animals eyer seen at one time.
