- Cool. - Gold in New York \$114.

- Thermometer at noon 64. - City Treasurer Servoss is on duty, but quite feeble.

- Gen. Robt. Ransom passed through the city yesterday.

- It is getting cold and our readers

should get their cellars coaled likewise. - The ice trade is falling off which is fortunate as there is not an immense supply on hand.

Judge Can well, Solicitor for this Union Chapet district has removed his office to a room in the Court House.

- Decayed apples are bad things to throw. We saw two locals hit by one yesterday, and it scattered worse than a shot gun.

- Princess Street is becoming cityfied Judge Cantwell's old office is to be a large beer saloon for the benefit of lawyers and printers we presume.

- The tintinuabulation of the bells, bells, bells, heard about the Court House, comes from the brazen boxes suspended from bovine necks and is not conducive to happiness.

GOATS. - A composition by little Char ley: "Goats are a nuisance. They open front gates and walk into the yard with out permission, and are a nuisance. ] mean William goats. When they get into the front yard they eat the rosebushes, for they are a nuisance. Wil liam goats are a no account sort of animal, because they are a nuisance! They won't stay out of our yard, for they are such a nuisance. I wish my pa would kill him, he is such an awful nuisance. They are no use and smell badly, and commit trespass, for they are a nuisance. I shouldn't like to be a goat and be hated by everybody. We may be happy CHARLEY."

OUR COTEMPORARY don't like it be cause our President is not an orator. We presume he likes Andy Johnson, Greeley, Wendel Phillips and sich. Gen. GRANT made one speech which should forever endear him to the Southerners, but they seem to have forgotten it. He said to the Confederate soldiers after their capitulation, "go home and take your horses with you and make a crop." And again he said that if Generals Lee and Johnson were to be arrested for treason after Le had parolled them, he would resign his commission as General of the United States Army. These golden words were of more practical benefit than all the Sage of Chappaqua ever uttered.

OUR County Commissioners with the good of the people at heart, have crected a bridge as we had occasion to remark yesterday, called "Llack's Bridge." Now let our city fathers have some consideration for the inhabitants of the city and erect a decent and safe bridge over the railroad on Fourth street. The present crazy structure is a disgrace to the city, and a very dangerous thorough fare indeed. One of these days we shall have to pay more damages than a respectable bridge would cost, for some serious accident. The city "over the railroad" is rapidly growing, and the constant travel over this bridge, especially now that all the transportation to the depot goes this route, demands. some speedy action. The present structure is actually dangerous. Let us have a new bridge!

THE Raleigh News complains loudly of the "bean shooter" nuisance, which seems to be an epidemic with the boys in that city. Saturday last a small negro boy was shot in the eye by a small white boy-all in play, but it resulted in the loss of the boy's eye. The boys have destroyed with their shooters over \$50 worth of window lights of the Baptist Church; the gas lamps of the city have been almost riddled with them, and the practice is fust becoming an intolerable
