George Washington in North Carolina

A few weeks ago, Washington's

Diary on his return through North

Carolina was copied in the *Journal*

of the State. It is interesting to

read the diary at this point in his

journey.

On March 21st, 1791, President

Washington began his Southern

tour. On his way Southward he

passed through the eastern part of

North Carolina, taking in Halifax,

Tarboro, Newbern and Wilmington.

On his return he entered the

State from Camden, S. C. We copy

from the diary at this point in his

journey.

passed through the eastern part of

North Carolina, taking in Halifax,

his their Seat of Government; but

it being lower than the book mem-

bers (of the Assembly) who hither-

to have been most numerous in-

clined to have it, they have found

means to obstruct the measure, but

since the Session of their Western

territory, it is supposed that the

matter will be revived to good ef-

fect.

THURSDAY 21ST.

Dined with the citizens at a pub-

lic dinner given by them; and went

to a dancing assembly in the eve-

ning, both of which was at what

they called the Palace, formerly

the Government House, and a good

looking building, but now, destined

to ruins. The company at both

was numerous as the tar makers are

there. The article is contrary to

all ideas, one would entertain on

the subject, called as tobacco by an

axis, which goes through both

heads—our horse draws two bar-

rels in this manner.

FRIDAY 22ND.

Under an escort of horse and

many of the principal gentlemen

of Newbern I recommenced my

journey, dined at a place called

Trénon, which is the head of the

best navigation of the River Trent,

which is crossed at this place on a

bridge, and lodged at one Shrine's

10 miles further, both indifferent

Hotels.

SATURDAY 23RD.

Breakfasted at one Everett's 12

miles, bated at Mr. Foy's 12 miles

farther and lodged at one Sage's 20

miles beyond it, all indifferent

Hotels.

SUNDAY 24TH.

Left Charlotte about 4 o'clock,

lined at Col. Smith's, 13 miles off,

and lodged at Maj. Pifer's, 10 miles

further.

MONDAY 25TH.

At 4 o'clock I was taken on Maj.

Pifer's, and in about 10 miles, at

the line which divides Mecklenburg

from Rowan counties, I was par-

tyed by an escort of 10 men, the

latter, who came from Salisbury to

escort me on. (It ought to have

been mentioned above, that on my

entering the State of North Car-

olina, I was met by a party of the

Mecklenburg horsemen, who these

being near their homes I dismissed

them.) I was also met 10 miles

from Salisbury by the Major and

many others. Mr. Stues, repre-

sentative for the district, was so

polite as to come all the way to

meet me. The latter, which is no

object of the latter, which is no

object, however, before we came to

place, the idea of poverty could

be separated from the said, the

opportunity of it are agreeable, re-

sembling a lawn well covered with

evergreens, and a good verdant

lawn, from a beam of coarse grass,

which having sprung since the

burning of the woods, had a neat

and handsome look, especially as

these were parts entirely open,

and others with ponds of water,

which contribute not a little, to

the beauty of the scene. At Wil-

mington, where the Cape Fear River

crossed at this place, the water from

its mouth, but uncleanly by hand. It

was some good houses pretty com-

pletely built. The whole under a

hill, which is formed entirely of

sand. The number of souls in it

amounting by the enumeration to

about 1,000, but it is agreed on all

sides, that the Census in this

State has been very inaccurately

and shamefully taken by the Mar-

shall's deputies; who, instead of

going to Peoples houses, and there,

on the spot, ascertaining the

number of persons, by which

means, those who did not attend

at the polls, were purposely

omitted, so that, from an ap-

parently correct list, some 100,000

persons were omitted, and the

total population of the State, there-

fore, is not more than 1,000,000.

WASHED OUT OF THEIR HOME.
Citizens Turn a Fire-Engine Hose on
Objectionable Neighbors.

COMMENTS O. June 3.—The town
of Ashley, forty miles north from
here, on the Big Four Road, adopted
a novel but effective means of
reform on Monday night. A white
family and a negro family have
given offense to the good people of
the town by living together in the
same house, which was a resort for
both characters. The families were
given to understand that it would
be prudent for them to leave town,
but they did not take the hint.

At midnight about 10 masked
citizens seized a fire engine, and
drawing up in front of the house
turned on the hose, literally wash-
ing the inmates along with their
furniture out of the place. The
weather-boarding being old, the
house was well demolished by the
force of the stream.

Big Foot on a Big Man.
MAYNARD'S FERRY, June 4.—An
iron fast was made here yesterday
for Roy John Farrington, of Char-
lotte, N. C., which was 20 1/2 inches
long and 7 1/2 inches wide. The
solemn prospector who owns the big
foot is 6 feet 10 inches tall and
weighs 410 pounds.
