

The three Whorley murderers will be hanged at Goldsboro on Friday next. The Whorley of that town has got up a history of the murder trial and will append an account of the hanging.

Maj. Harry Sheets, an old soldier, well and favorably known, arrived here yesterday, in good condition, aged 79, bringing news from the south and south-west generally.

Col. Armfield delivered the address at the closing exercises of the Mooresville High School. The occasion was an interesting one, and largely attended.

Commencement Exercises at Davidson College will begin June 23d and close on the 27th. Charlotte and Statesville, and Richmond & Danville R. Roads will sell round trip tickets at reduced rates.

It is conceded on all hands that T. K. F. Kluttz came out of the Sheriff's quibbles in this county with increased strength. He will walk the track one of these days and travel faster than he who runs.

Mr. WADSWORTH has been re-nominated for Congress in the Wilmington District. No State in the Union is as well represented in Congress as North Carolina, but can we hold the position against the capacity of office-seekers?

"Peach Brandy Bitters," "Old Crow Bitters," and "Bourbon Bitters," &c. &c. Dose: wine glass full three times a day. Commissioner Rains says it is too thin! Those who are selling liquors thus labeled must pay special tax as liquor dealers.

Maj. WILLIAM M. ROBBINS writes to the Statesville Landmark, June 6th, that the House has decided by a vote of 34 to reduce the tax on tobacco, and that the bill will also pass the Senate. Well done for our able and persevering representative.

The Y. M. C. A. has organized here by electing Theo. F. Kluttz, president; Rev. Mr. Smith, vice president; R. M. Davis, recording secretary, and J. D. Gaskill, treasurer. The Association have delegated to the annual State meeting at Greensboro, the following members: John W. Manner, J. Samuel McCabbin, John A. Ransay, J. D. Gaskill, J. E. Ross.

J. F. Graves, Esq., of Mt. Airy, Surry county, received the nomination for Judge in this District. The nomination is a good one and gives satisfaction here.

Joseph Dobson, Esq., of Kerr (Craig) was unexpectedly complimented with several votes for this office. The selection is good; Mr. Dobson is well known throughout the district.

Does any body know of any man who broke with his party and ran as an independent for office who prospered by it? Does any one know of a man who has obtained position under circumstances stained with suspicion as to the means employed to gain it, who has prospered by it? Truth and honesty will assert themselves against all the powers of earth and hell. The man who deceives himself on these points is as much to be pitied as blamed.

Senator Merrimon's Card (the greatest blunder of his life) crowds out our usual variety of news. We give it place because many of our readers hearing of it may want to see it. It is as unjust as it was unexpected.

The "Card" meets with no favor here. A writer in the Raleigh Observer proposes to open a box at the next election at each Courthouse (precinct, we suppose), and let the people themselves decide between Vance and Merrimon for U. S. Senator. Gov. Vance wants nothing the people are unwilling he shall have. If this plan would convince those who affect to doubt the popular feeling, the Governor's friends would gladly accept it, we think, for the sake of peace.

JERUSALEM, DAVID CO., N. C. June 8th, 1878.

MR. J. BRUNER: Dear Sir, I see a statement in the Watchman of this week, that John S. Henderson, in the recent Davie county convention, received the vote of three townships out of six, for Senator. I avail myself of this opportunity to correct the statement and say, that it is untrue. As soon as the convention was organized, Mr. H. Daily introduced a resolution, endorsing Mr. Henderson for the Senate; the resolution was laid on the table as soon as it was offered, and remained there until the convention adjourned. The townships were not called upon to vote for a Senator at all; but four out of six voted for J. C. Foard, and all six of the townships would have gone unanimously for Mr. Foard had an opportunity been offered them.

These are the facts in the case, and will be endorsed by every gentleman that was in the convention, with the exception, perhaps, of a small clique of six or eight persons in the town of Mocksville. We think Davie is entitled to the Senator this time, and are contending only for our rights. Our choice, Mr. J. C. Foard, is well known in your county, and many of his warmest and truest friends reside in Rowan. The people of Davie desire the citizens of Rowan to appoint delegates to meet with them in convention at Foard's Mill at an early day, to decide the question, as to who is entitled to the Senator. We are confident of the fact, that if J. C. Foard proves to be the choice of the people, he will reflect due credit upon his district.

Very respectfully, W. H. HOBSON.

At the time we made our notice of the Davie county meeting, referred to above, we had not received the official proceedings. They have since come to hand and will be found in first column of the 1st page.

Personally we have no objection to Mr. Foard, and if Davie were entitled to the Senator at this time, the conservatives of Rowan, we doubt not, would vote for him very cordially. His friends in Davie, it must be said, were very tardy in putting in any claim. The conservative delegates from Rowan two years ago, say that by the agreement and understanding then entered into, Rowan is entitled to name the Senator. Our primary meetings proceeded under this impression, and those townships which voted on the subject nominated Mr. Henderson.

The Governor returned from Chapel Hill yesterday. He expressed his earnest satisfaction at the success of the University as shown by the interest and enthusiasm in the commencement exercises.

"Red Hot"—good joke—get Bob. Price to tell it.

Mr. Jno. Snider has the finest early peaches we have seen.

Chicken thieving is again popular. This time J. M. Brown lost all his poultry.

Some one pulled by the roots two of Mrs. Wms. Brown's finest geraniums and carried them off. This is small stealing.

Misses Lillie and Maggie Brown have returned from Staunton, Va., where they have been attending College.

Runday.—Charlie Holmes was thrown from a buggy Saturday evening. He escaped with a bruised face.

THE SOUTHERN FAVORITES—a company of blind musicians will give a concert this (Wednesday) evening at Meroney's Hall.

Mr. W. L. Crump has returned from Philadelphia. He has been attending Jefferson Medical College.

When a young man borrows a buggy, a horse, a set of harness, a lap-robe and a whip, all from different parties, and takes a girl to ride, what does he tell her when she asks whose team he is driving?

The railroads running into this place will find it to their interest to examine the report of the city Aldermen in this paper. The suggestion that they "hold up a little" as they near the depot is a good one. Now instruct the police to be present at the arrival of all day trains, and keep a space of ten feet between the train and the thoughtless children of both sexes, white and black.

Mary Hairston and Fanny Hairston were committed last week for the theft of a Poland China pig from Mr. C. R. Barker, a goose from Henry Dickson, colored, and a duck from some one else. Evidently they like high living.

In the prison cell we set, "Thinking, Poland China, of you; No goose, no pork—you bet; But corn-bread and bacon we chew."

PERSONAL.—Auditor Love was in the city last Monday. We notice among delegates to the State Convention, R. M. Farman of the Asheville Citizen.

S. G. Worth and Prof. N. Simmons of the U. S. Fish Commission was here last week and put into the Yadkin river, fifty thousand shad. The same number of fishes were put into the Catawba river.

The Democratic Congressional Convention will meet in Wilkesboro on the 25th of June.

If this Convention were postponed, it would give Robbins some chance before the people. As it is, it is an easy matter to elect against a man who is in Washington. While Maj. Robbins may not be the choice of the men who "run" conventions, we believe him to be the choice of the people, and it is for the people we speak.

Some of Mrs. Neave's music pupils gave under her directions, an entertainment of vocal and instrumental, at the residence of Capt. T. B. Beall, on last Friday night. They were assisted by several gentlemen. The evening was a very pleasant one. The chief attraction was the rendition of "Mocking Bird Fantasia," a new arrangement, by Prof. W. H. Neave. It was a duet between Slide Trombone and Cornet, and was executed in fine style—the Trombone carrying the air and the cornet playing a difficult, but very pleasing variation. These two instruments were in the hands of Messrs. W. H. and E. B. Neave; two soloists unequalled in the South.

The Potter Committee.

WASHINGTON, June 7.—It appears that the first returns brought from Louisiana were irregular. The returns for President and Vice-President were grouped. The returns were signed properly by the electors but were replaced by others in legal form, to which the name of Judge Levesee was forged. Pitkin and Mrs. Jenks left New Orleans yesterday to appear before the Committee, Judge Levesee's name was forged nine times to the amended returns. Judge Levesee is in doubt whether Asher and Hernandez, who tempted him by a bribe of \$100,000, were among the Democratic party, or the agents of the gamblers, who wished to save their bets. The tone of his evidence indicates that his better impression is that they were agents of the sporting men. The Committee is in secret session.

People of all classes will acknowledge that in this world much depends upon our financial condition, yet how many wisely regard that our financial condition depends upon our physical. It is even so, for we can labor without health, and who can accumulate money without labor? Hence the importance of using Cassell's Compound Honey of Tar, which is a sure cure for Coughs, Colds, and all diseases of the Throat and Lungs. Remember you can buy a bottle of Compound Honey of Tar for 50 cents. For sale by C. R. Barker.

Liver is King. The Liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. These doses will prove that it is just what you want.
