A LAW FOR THE PROTECTION OF DOGS. By common consent a dog caught in be looked for more and more, just as the the act of killing sheep, (which is a natu- country shall be deprived of its timbered ral instinct), is doomed to death by the lands. A wooded country takes up the rope or the shot. This is very hard on waters of our heavy rains and holds them him, for we may not suppose that he back sponge-like to be given out by deknew the consequences, or that he incur- grees ; whereas, a land denuded of its red the penalty with malice, or in de- trees and leaf-covered grounds shed off fiance of the assented law. It is beyond the waters in rushing torrents, quickly dispute unjust to the dog, as any think- filling up and overflowing the banks of ing, reasoning master must feel, when he rivers and other streams, destroying growreluctantly consents to the killing of his ing crops and driving out the inhabitants. dog taken in the act. A law for the protection of the dog would be more in harmony with reason and human sensibilitics than a sanguinary statute against Moore county, sustained a loss by a storm from his quarters except when his ser- ed. vices are needed, and then to be returned ed, would practically protect the dog and since been replaced. encourage sheep husbandry. Since it is impossible for both sheep and dogs to run at large without depredations being com mitted, and that it is easier and cheaper to keep dogs in confinement than sheep, the reason of such a law is apparent, and man not influenced by prejudice.

C. Elam, editor of the Whig; and Mr. R. | ending in self-destruction. F. Birne, of West Virginia, were deprived of the satisfaction of shooting at each other a day or two ago, by an officer of the law who kept his eye on their movements and lit upon one of the parties, Mr. Birne and his friends, about twenty minutes before the time appointed for the fight. Elam is a native of this State, from Fayetteville. They are both married men of high character and standing, and it should gratify every good citizen that a bloody affair has been prevented.

There has been a reduction of forty-six in the number of internal revenue collection districts of the country. North Carolina will hereafter have one less than hitherto. It will require some time to rearrange the districts so as to distribute the territory of abolished districts among those still remaining. It is claimed that the reduction will save \$200,000 annual expenses for collecting services, which, in view of the cost of the business in the 6th North Carolina alone, is a very small
