Mr. A. L. Johnson returned Monday from a visit of several days to relatives at Thomasville.

Four large whales have been killed at Beaufort, this State, in four days, says the Wilmington Messenger.

President McIver reports 389 students now in attendance at the State Normal Industrial School, at Greensboro.

John A. Crowell, E. Q. of Albemarle was in the city yesterday, on his return from a trip to South Carolina.

The Concord Standard says that as the case now stands Cabarrus county is for the re-nomination of Congressman Henderson, of the Seventh District.

In this county, at the residence of the officiating minister, Rev. W. P. Huddle, the marriage vows were taken last Thursday, which joined in holy wedlock, Mr. J. M. Brady and Miss Pauline Linn, both of this county.

Last week Mrs. Jane Hyde's barn, near Cleveland, was accidentally destroyed by fire. All the provender it contained, and a cow, was consumed with the barn. Loss about \$600, with no insurance.

Messrs. Theo. F. Klutz, L. S. Overman and Chas. Price, and Hon. B. F. Long are in Raleigh this week attending the Supreme Court, arguing cases they have before it.

The remains of Senator Colquitt, with the Congressional escort passed through this city on Tuesday night's south-bound train, going to Macon, Ga., where the Senator was buried yesterday.

A game of base ball was played at Greensboro, Friday, by a Yale College team against the North Carolina University team, in which the University boys were beaten by a score of 7 to 4.

Died, in this city, the 24th instant, Alonzo R. son of Mr. and Mrs. J. R. Evans, aged 7 years and 4 months. The funeral services were held at the residence of the parents Sunday evening at 5 o'clock.

Mr. Ernest B. McKenzie, the soloist of the University Glee Club, left this city last Monday to join his club at Raleigh. From there the club will go to Wilmington, Newbern and Fayetteville where it will give its popular concerts.

The Thirdites have held meetings in several precincts in this county during the past week, for the purpose of organizing their forces for the coming political fray. From what we can learn the attendance at these meetings was generally slim.

The very remarkable warm spell of weather covering the first three weeks of March, 1894, has never had a parallel within the knowledge of our oldest citizens; followed as it was by the extremely cold snap of Sunday and Monday. Great loss was sustained in the destruction of fruits and garden vegetables throughout this entire section.

Mr. A. H. Graft, supt. of the Beam Mine, near Garfield, this county, writes Tuesday's Herald that "we have just struck a new vein, which is from 6 inches to 2 feet wide and assays \$103 per ton. We are now sinking a shaft on this vein and expect shortly to put up pump works on same, and sink under water level."

Dr. W. H. Wakefield will be at the Central Hotel in Salisbury, on Thursday and Friday, April 10th and 20th. Practice limited to Eye, Ear, Nose and Throat.

A negro woman, who had been doing Mrs. Doyle's washing, after finishing her work last Thursday called on the lady for her wages, which were promptly paid; noticing where Mrs. Doyle's pocket-book she loitered in the room until Mrs. Doyle's back was turned then she stole the pocket-book and left the house before the theft was discovered. So far she has escaped arrest.

At the instance of Hon. J. S. Henderson, an order has been issued by the Postoffice department restoring Faith postoffice, this county, with J. W. Frick as postmaster. Mention was made last week, in this column, of the discontinuance of this office, and we are glad that by the promptness of our representative the wrong done through a mistake of the department has been so promptly righted.

The Executive Committee of our State Fair are to meet in Raleigh next Thursday; and it is said every effort will be made to arouse such interest among the people as to insure one of the most extensive exhibits ever witnessed, and that the State Fair of '94 will be one in the fullest sense, showing every product and industry of our State. Rowan can make a fine exhibit if she will but try.

If you owe us your subscription for the WATCHMAN you know it, and you know it is an honest debt that you are as much in honor bound to pay as for the clothes you wear. It is our labor given to you for a price, and from it alone we have to get our living for self and family therefore we ask for what is our own, trusting that you pay us without the necessity of our going or sending to you.

As a result of a fight between a professor and a student at Biddle University, a leading institution of learning for the colored race at Charlotte, about seventy students have returned to their homes and the others declare that they will leave as soon as they can conveniently do so.

A white man—whose name we could not learn—while drunk, last Saturday, attempted to crawl under a car of a freight train, at the depot here and got one of his legs mashed off. Dr. J. W. Whitehead was sent for and rendered surgical attention to the unfortunate man. Later we learn the man's name is Danl' Sink and that his home is in Lexington, where he has a wife and three children. The crushed leg was amputated.

Messrs. Hurry & Reid, the former of Chester, S. C., and the latter of Mt. Morne, N. C., have rented the large store room recently occupied by R. S. Wheeler & Co., and are opening out an extensive stock of general merchandise. The new firm, we trust, will meet with a hearty welcome and encouragement from our people, and we hope they will find Salisbury a pleasant and profitable location for their business.

The Wilkesboro News reports the capture by the sheriff of Wilkes county, of Elisha Kennedy, the third remaining burglar, who, with Littleton and Moore, arrested here some three weeks ago by Sheriff Monroe, burglarized the store of D. S. Kilham & Gibson at Taylorsville in February. Kennedy, when arrested had on his person two gold watches and a quantity of the stolen jewelry.

A correspondent writing from Raleigh to the Charlotte Observer, the 23rd instant, says: "Mr. R. M. Eames, of Salisbury, was here yesterday, with others forming a company and took out a charter for the purpose of dealing in real estate, timber lands, water-powers and mining properties. It is the Allen & Boyden Company, Mr. Eames being president, V. H. Boyden vice president, and Geo. Allen, of Raleigh, secretary and treasurer."

Capt. A. D. Moore, of Cleveland, this county, is dead. He was a captain of Company E, 49th regiment N. C. troops in the late war, and he bravely served his country through the entire struggle. Capt. Moore was one of the most prominent and highly esteemed citizens of the community in which he lived; a true neighbor and friend, a devoted husband and father, and his sorrow stricken family have the sympathy of a host of friends.

Senator A. H. Colquitt, of Georgia, had a stroke of paralysis in Washington, Wednesday last week. This is twice he has been afflicted thus, and he is reported as being in a dangerously critical condition. Later dispatches from Washington announce that Senator Colquitt died in that city Monday morning, the 25th instant, and that the funeral obsequies were held in the Senate chamber Tuesday at 9 o'clock. A. M. His remains were taken to his home, at Macon, Ga., to be interred in the Colquitt family vault.

The Stanley county News gatherer for the Concord Standard says: "There are more chickens and eggs in Stanley county this spring than ever before; and that many farmers make enough in these products to pay for all they buy out of the stores. In the export car, just after the hearing of the eggs shipped by the merchants of Albemarle we counted 23 crates of eggs—each containing 30 dozens, and these at 12 cents per dozen would amount to \$86.25. This is about the usual daily shipment." Stanley is, perhaps, the greatest egg producing county of the State. The writer has seen two two-horse loads of eggs shipped by the merchants of Norwood in one day from that place.

Having added a beautiful set of Bible scenes to their grand painting of the "Crucifixion," the Geo. Ketchum company have employed Mr. J. N. Maxwell, of this city, as advance agent, and started him last Saturday to points up the Western road. They intend exhibiting at Morganton, Hickory and Asheville, and will go from thence over into Tennessee. This company is composed of clever, reliable gentlemen, and we hope they will meet with the success they deserve. The WATCHMAN JOB OFFICE got the

contract to furnish their large posters and supplied other necessary printed matter for this company, because it is the best and cheapest place at which to get such work done.

Death of Rev. D. R. Bruton, D. D. Tuesday morning last, Mr. E. W. Burt, of this city, received a telegram, from Wilson, N. C., stating that his father-in-law, Rev. Dr. D. R. Bruton had that morning died. Mrs. Burt is a daughter of Dr. Bruton, and the sudden announcement of the death of her father was quite a shock to her; for although the Doctor's health has been bad for some time his death was unexpected.

Doctor Bruton was a native of Montgomery county, where he has a number of brothers and other near relatives now living. He entered the ministry by joining the N. C. conference of the M. E. church, South, more than thirty years ago, and during most of that time he has been one of the most prominent and influential ministers of the conference. He was buried at Wilson, at 3 o'clock Wednesday evening, Mrs. Burt leaving here Tuesday evening for that place to be present at her father's funeral.

A BRIGHT LETTER FOR WOMAN. A Professional Nurse Writes—An Occupation in Which Women Can Find a Living and Do Great Good.

Perhaps all young women, of no matter what sphere in life, have ideas of self-support. Some follow the impulse and make the effort; some do not and fall easily into the conventionalities of their social environments. This is particularly true of our Southern woman. It is hard for them to face the responsibilities of "self-support," as they have not fully emerged from the effects of a life of comparative ease with dignified leisure. That is only a shadow of a dream now, but there are grave considerations which confront the woman who undertakes to become self-supporting. There are so many and varied conditions to meet as to often force the abandonment of a "pet" plan after years of patient hope that it may eventually become possible. But the question is: "What shall I do to earn my way?" Some teach—a hard mind and body-wearing occupation, honorable but poor in remuneration. Some go into the stores and shops—again hard work for lean pay. Some are stenographers and type-writers, and do one thing and another, yet all are within a limited and circumscribed space of action. For a nurse, but in my case all else has been pushed aside that I may make this my life work, and to this end I am here in the William W. Beckus Hospital.

It may prove of interest to other women to know just what is required to enable one to enter as apprentice in a hospital. These very details, so simple and easy, were the obstacles in my way for a long time. Several years ago my health was such as to require attendance at a hospital; I went to the Johns Hopkins and became a patient of Dr. Howard Kelly. How new and strange it all was to me! I watched at once upon my heart. I watched them make the bed without disturbing me in the least (and the slightest movement on my part was painful); how quickly they saw and met every wish of mine; all through the nights of pain I felt safe and cheerful in the knowledge that the nurse would peep in to see that all went well. So kind, pleasant, patient, tender and soothing! I left that hospital feeling that no one could be better than a good nurse, and I resolved to be one. I kept trying for a long time before the opportunity came.

To be able to get into a training school for nurses, the applicant must be able to read aloud well, must write legibly and accurately; must understand mathematics as far as fractions and per cent, and be able to take notes of lectures, etc., etc. This amount of education must be acquired before the applicant can enter the training school. Besides, one must be strong, healthy and without personal defects. Should one not hear well, that defect would bar entrance. The certificate of application should be accompanied by a statement from a clergyman testifying to good moral character and one from a physician certifying to sound bodily and mental health. These are the preliminaries; when satisfactorily passed the applicant is taken on probation, which lasts from one month to five or six weeks.

I have been here long enough to have passed this probationary period and am now in my pretty white cap and apron and blue gingham dress. I am to be a nurse and earn my living, provided I master the two years' training which is to follow.

The superintendent still has the right to dismiss a pupil for misconduct or inefficiency. It is apparent to the casual reader that the work undertaken is arduous, and earnest; since the profession of nurse is entrusted the skillful administration of all that training,

medicine and science gives to the physician and surgeon.

This hospital is new in every way, opened in October, 1893, and is a marvel of cleanliness. The operating room is in white marble; the operating table of plate glass; with white enameled iron frame, and is considered an ideal operating room by eminent physicians in this section.

Norwich is a pleasant old town of 25,000 inhabitants, and has an abundance of large elms, which give promise of shade and beauty in the summer. Now that I am out of "probation," I feel like the worst is over, and I may write something in the hope of encouraging some other woman to take the step she has long pondered in her heart, or to take courage and brave her heart for trials which appear to be insurmountable. Earnest effort will finally bring success. It is well for me to remember this as I have just begun the task set before me.

Two large whales were killed near Beaufort Tuesday. This makes four of the monsters killed within a week. These are the first captured on this coast in four years.

It surprised many visitors to the Chicago World's Fair to find that all the blood-purifiers, Ayer's Sarsaparilla was the only one on exhibition. The reason is that Ayer's Sarsaparilla is a standard remedy, and not a patent medicine, or secret nostrum.

The use of Hall's Hair Renewer promotes the growth of the hair, and restores its natural color and beauty. It frees the scalp of dandruff, tetter and all impurities.

Another of the many surprises floating around has it that Miss Pollard is being advanced money for her suit by Washington society, to be repaid on Col. Breckinridge for introducing her into prominent families.

Beware of Quacks for Catarrh that contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get genuine. It is by F. J. Cheney & Co., Testimonials free. Sold by Druggists, 75c.

Why Hood's Wins. President Lincoln said, "You cannot fool the people a second time." They are too quick to recognize real merit or lack of it, and cling only to those things which they find to be what is claimed for them.

It is especially gratifying that the sale of Hood's Sarsaparilla increases most rapidly in those sections where it is best known. The inference is plain. Hood's Sarsaparilla has proven that it possesses genuine merit. It maintains a high standard which others cannot even approach. It is the people's favorite blood-purifier and blood-builder, and is more popular this year than ever before. All this because Hood's Cures.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. E. J. Cheney & Co., Props., Toledo, Ohio.

We the undersigned have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by his firm. West & Traux, Wholesale Druggists, Toledo, O. Walding, Kinnear & Marvin, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system. Price 75c. per bottle. Sold by all Druggists. Testimonials free.

Tennyson on Spring. We have the word of Alfred Tennyson for it that in the spring the young man's fancies lightly turn to thoughts of love. It is singular that the great laureate omitted to mention the fact that it is in the spring that a considerable portion of the human race turn to taking Hood's Sarsaparilla. Probably nothing but the difficulty of finding a good rhyme for that invaluable remedy deterred him. Certain it is that the old-time domestic remedies are generally discarded in favor of the standard blood purifier, Hood's Sarsaparilla, which is so attuned the greatest popularity all over the country as the favorite Spring Medicine. It purifies the blood and gives nerve, mental, bodily and digestive strength.

Perfect health is seldom found, for impure blood is so general. Hood's Sarsaparilla really does purify the blood and restores health.

Many people, with the notion that nature ought to take care of herself, allow a cough to plague them for weeks and months. Whereas, if nature were assisted with a dose or two of Ayer's Cherry Pectoral, the cure might be effected in a very few days.

The Gazette says that Minnie, the four-year-old daughter of Mr. J. E. Clontz, of Gastonia, was so badly burned while playing with fire last Monday that she died Tuesday evening.

The Supreme Court of this State has decided that any town or city has a right to pass an ordinance making it punishable for any unmarried person under twenty-one years of age to enter a bar-room.

Mr. J. J. Vann, one of the most prominent lawyers in the State, and who some years ago came near being nominated for the Superior Court bench, to succeed the late Judge Shipp, died Sunday the 18th inst, at his home in Monroe, from a stroke of apoplexy.

16 Boils at Once Hood's Sarsaparilla Purifies the Blood and Restores Health.

Mr. F. W. Stowell, Wilmet, S. Dak. "About four years ago my wife was troubled with salt rheum. Although we tried nearly everything it got worse instead of better and she could not do her house work. Finally she commenced using Hood's Sarsaparilla and when she had taken two bottles her hands were entirely healed and she has not since been troubled. In December, 1892, my neck was covered with boils of a Scrofulous Nature.

There were sixteen of them at once and as soon as they healed others would break out. My neck finally became covered with ridges and

Hood's Sarsaparilla Cures scars. I then commenced taking Hood's Sarsaparilla, and after taking four bottles the boils paritilla, and after taking four bottles the boils had all healed and the scars have disappeared. I recommend Hood's Sarsaparilla to all suffering from any disorder of the blood." F. W. STOWELL, Wilmet, South Dakota.

Mrs. J. T. Roach was found dead in a house at Pilot Mountain last week. Her husband gave the alarm, saying she shot herself with a pistol. The husband and wife were not living together amicably, hence the husband was arrested on suspicion that he killed her. She was his second wife. She leaves three small children.

Read the Following Magnificent Offer.

WE call the attention of our readers to the remarkable clubbing offer in another column by which we can send this paper and the Atlanta Weekly Constitution to the same address for one year for the low sum of \$1.50.

This is the only offer of its kind we have ever been able to make to our readers. The Atlanta Weekly Constitution is too well known to need any introduction here. It has won its place at the fireside of the nation as a model weekly newspaper. It numbers on it self some of the most famous and brilliant writers of the day and on all public questions its lance is ever in rest to defend the rights of the people. It is the largest and most widely circulated weekly newspaper published in America having a circulation of 156,000, and it week. It is in itself an education to those who read it. By the clubbing rate which we offer, our readers can get the Weekly Constitution and their home paper at but little more than the cost of one paper, thereby getting the news of their home and the news of the world every week for a year at an insignificant outlay.

In addition to this, every subscriber to this paper and the Constitution, under our clubbing arrangement, will be given an opportunity to win some handsome prizes. All these matters are explained in another column. We merely call attention to it here to show our readers what a liberal offer we have to make to them. These offers are made by our arrangement with the Constitution, and only those who subscribe for both papers through this office are entitled to take part in the contest. This is the most liberal clubbing offer any have ever been able to make, and we feel sure that it will prove immensely popular with our readers.

Ayer's Pills Are better known and more generally used than any other cathartic. Sugar-coated, purely vegetable, and free from mercury or any other injurious drug, this is the ideal family medicine. Though prompt and energetic in their action, the use of these pills is attended with only the best results. Their effect is to strengthen and regulate the organic functions, being especially beneficial in the various derangements of the stomach, liver, and bowels.

Ayer's Pills are recommended by all the leading physicians and druggists, as the most prompt and effective remedy for biliousness, nausea, costiveness, indigestion, sluggishness of the liver, jaundice, drowsiness, pain in the side, and sick headache; also, to relieve colds, fevers, neuralgia, and rheumatism. They are taken with great benefit in chills and the diseases peculiar to the South. For travelers, whether by land or sea,

Ayer's Pills are the best, and should never be omitted in the outfit. To preserve their medicinal integrity in all climates, they are put up in bottles as well as boxes. "I have used Ayer's Pills in my family for several years, and always found them to be a mild and excellent purgative, having a good effect on the liver. It is the best pill used." —Frank Spillman, Sulphur, Ky.

Every Dose Effective

ADMINISTRATOR'S NOTICE. All persons having claims against Thomas Earnhardt, deceased, are hereby notified to exhibit the same to me on or before the 26th day of January 1895. All persons indebted to said deceased are requested to make immediate payment. This Jan 20th 1894.

This question is often heard and nearly as often unanswered. It is not always remembered, as it should be, that the ocean is a full-timber and fruitful. It is often to be heard of the physical condition of the persons affected. What is the use of trying to "harmonize" a man who has gone back on him? If a man is tortured with rheumatism, how can he be expected to affable and agreeable? Can a confirmed dyspeptic be expected to be cheerful and only way to remove the difficulty is to get at the cause. Dyspepsia, rheumatism, impure blood and liver troubles yield to Hood's Sarsaparilla; this is why it is an effective tranquilizer, a purgative, a purger, and a preventive of disease. 25c. per bottle.
