Livingstone College. Suffers.

On Monday afternoon fire destroyed the Staufford Seminary, at Livingstone College, which has been used as a dormitory. The origin of the fire is not known. The loss is stated to be about \$7,000 with no insurance. The fire companies went out as soon as the alarm was given, but the distance to be traveled and the disadvantage of getting sufficient water pressure there, rendered their services of little avail. They worked hard, however, and did all that could be done. The furniture was all burned, and many of the students lost all their wearing apparel. The faculty of the college has the sympathy of the community in their heavy loss.

MOTHERS READ THIS

DAUGHTER OF C. W. STUMP

Mrs. C. W. Stump of Canton, Ohio, writes: "I wish I could induce every mother who has a weak, sickly child to try that delicious cod liver preparation, Vinol. Our little daughter was pale, thin and sickly."

"We tried various medicines, but without any benefit whatever, and she could not take cod liver oil or emulsions, as they nauseated her and upset her stomach. Learning that Vinol contains all the medicinal and strength-creating properties of cod liver oil, but without the disagreeable oil, we decided to try it, and the results were marvelous, so quickly was she restored to health and strength."

"We have never sold a medicine equal to Vinol for delicate children."
