

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free trial boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain that Dr. Shoop's Catarrh Cure will bring actual substantial relief. Nothing certainly is so convincing as a liberal test of any article of real, genuine merit. But this article must possess true merit, and the best will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a more white, healing, antiseptic balm, put up in beautiful nickel coated glass jars at 50c. Such soothing agents as Oil of Eucalyptus, Thymol, Menthol, Peppermint, and others, are blended with it. Catarrh of the nose and throat has extended to the lungs, then by no means alone internally, Dr. Shoop's Restorative, Sore Throat Lozenges, and Sore Throat Tablets, are also used. Catarrh of the nose and throat, when accompanied by a general debility, means a long, tedious, and expensive cure. For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

BOSTON'S MILL.

Farmers are very busy in their crops. Since the nice rains crops are looking fine. Corn is growing nicely. Cotton is shabby. Blooms will come in about the first of August. Irish potatoes are fine this year. Wheat is all hauled in now. Wheat is better than people thought.

Most of the people in this neighborhood are going to town this fall. A fine chance for good renters.

Farmers can now finish sowing their peas after this fine rain.

The summer communion will be held at Salem E. L. church the second Sunday in July. Preaching on Saturday afternoon before at 2 o'clock.

If all the people are going to town this fall in this neighborhood that ar talking of going now Salem church will lose some fifteen members.

Jim and Arth Bogle are both down with fever.

There will be a missionary quilting at Mrs. Ed Seaford's Tuesday evening, July the 9th. All are invited. The quilt will be sold on Saturday following to the highest bidder for cash. All have a chance to get the quilt. Come out.

Flavoring Extracts
Made Just for You.

It stands to reason that in making flavoring extracts for our own trade, and requiring only a moderate profit, we can supply better extracts than some distant manufacturer who must provide for two or three profits. There is a distinct saving here that goes into the quality of our extracts. Try them for cooking and see how much fresher, stronger and more appetizing our extracts are.

GOLD HILL.

Samuel Worthington, who had been sick for quite awhile, died on June 27th and was buried at Liberty church. He was about 84 years old and leaves a widow to mourn his loss.

We had a fine rain on Friday, June 28th, which was needed very much and did the crops much good.

Richard Frick is driving a pretty fair bargain, think he will close the contract soon.

We think there will be a wedding to report soon, as one of Mr. Tyack's clerks goes over the creek quite often. Don't go to sleep Thaddens, you may fall in the creek.

We learn that L. A. Troutman and Chal Frick had some bad luck recently. They bought some mercurial ointment and proceeded to clean up lice on pigs and chickens. One lost 9 pigs and the other lost 80 or more chickens. Be careful, boys, it will kill most anything.

Rev. N. D. Bodie returned home last Friday night. Mrs. Bodie has greatly improved, we are glad to know. Communion service will held at Union church Sunday July 7th. Preparatory services on Saturday previous at 2 p. m.

Wolves Plentyful in Kansas.

The farmers of this county say there are more wolves in the county this season than there have been before for years and it is no uncommon occurrence to run across a family of half dozen young coyotes while on a drive through the pasture country.

Just now they are certainly making times prosperous for some of the farmers. The other day one man brought in 19 wolves scalps and another who had dug out four dens of young ones, brought 24 scalps which they turned in the clerk's office for \$1 a piece county money.—Cottonwood Fall Correspondence Kansas City Times.

Take the Postmaster's Word for it.

Mr. F. M. Hamilton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." I think the Rowan bees are going to have as much trouble as the Cabarrus bees in sucking cotton blo some.

The farmers in the Saw neighborhood are about through laying by corn, but have not said anything about cotton.

Farmers have their wheat all in ready for the threshing machine. The wheat crop is very good.

Mrs. Carrie Smith, of Kannapolis, and Mrs. Fannie Duke, of Concord, were visiting P. E. Sloop from Saturday to Wednesday.

We are sorry to know that Mack Sechler, of China Grove township, has typhoid fever.

There was a pound party at Mrs. Bettie Sechler's last Saturday night at Saw. A good time is reported.

Chew What You Know About and Know What You Are Chewing

There is real pleasure in chewing the best tobacco grown—where the best tobacco grows—in the famous Piedmont Country.

Only choice selections of this well-matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and others of the Reynold's brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco, and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more

chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the large 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco-lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

Sold at 50c. per pound in 5c. Cuts. Strictly 10c. and 15c. Plugs.
