Bids for Public Buildings

Attention is called to the adverbids for the erection and eq ment of the public building to be to this it is presumed work on the building will not be much longer delayed.

WATER POWER.

38 lbs. of Cream of Wheat flour, 36 Best Patent and 14 lbs. of bran and shorts per BUSHEL of WHEAT. These two brands of flour are as staple in Rowan as sugar and coffee. This should be satisfactory even to the most exacting. ROTHROCK ROLLER MILLS.

GREAT CLEARING OUT SALE

Prices Slaughtered as Never Before. Why Do We Make This Enormous Reduction in Prices?

SOME REASONS WHY.

We bought heavier than ever before; sales were less, owing to local conditions and the mild weather; consequently we find our counters loaded with goods instead of cash to our credit. We have resolved to unload rather than carry these goods over. Besides we need the money. We have resolved to offer the greatest inducements ever presented to the citizens of Rowan and adjoining Our past record is a guarantee of our statements. Read some of our Cash Slaughter Prices.
