SALISBURY, N. C. Nov. 18th 1912

We are publishing Pastor Russell's "Armageddon of the Scriptures" merely because of its fictional value and interest. Pastor Russell seems more of a sensationalist than otherwise to us. We think many of his conclusions erroneous.

Union men who were induced to vote the Democratic ticket should take note of the fact that non union granite cutters, white and black, working under a negro foreman, are preparing the granite for the new court house, and that **THE WATCHMAN** is the only paper in the county to raise its voice against this outrageous affair.

How It is Done in Rowan and Iredell. McKenzie the Fallure.

Statesville, Nov. 11.—On Saturday Sheriff Deaton received word of a still being operated in Union Grove Township, whereupon he summoned to his assistance Deputy Sheriff Ward and Chief of Police C. W. Connor of Statesville, and went out to take a look. The still was found going at full blast near Warrens Bridge, on Big Hunting Creek. The still, a 150-gallon outfit, was out up along with the tubs, boxes and other accessories and as there was between 7 and 10 gallons of "white lighting," it was poured over the outfit and the whole of it burned up. They then proceeded after the guilty party, and arrested Grover Cleveland Mitchell, who was given a hearing before Magistrate King today and in default of \$200 bond was lodged in jail to await the next term of Superior Court in this county.

It might be noticed in passing that Sheriff Deaton has never gone for a moonshine still and found it without getting the man that was operating the still. This record is unique and probably cannot be equalled in the State.

However and nevertheless we have been informed that the blind tiger flourishes in Mooresville, but just to what extent we do not know. Sheriff Deaton has a splendid and wide reputation as a successful trapper of this particular variety of animals, and here is hoping, that if there is any trash in this Mooresville story, he will soon make a visit to that neck of the woods.

In Rowan the sheriff employs one of the animals to do the locating. This employe notifies the beast to move, draws his per diem and then informs the sheriff of his discovery. The sheriff then, in all the fury of a high and indignant official goes down and Lo! only the ashes and other indications of a deserted camp are noticeable. The sheriff admits he employed the wrong man, but no arrests are made and the matter drops. Heap, much, big official, tries hard to do his "duty" to the tigers.

TRADING FORD.

Nov. 11.—Hurrah for Wilson!

Everything has gone democratic and times are getting better already. The farmers are hauling their cotton to market right along.

Sam has kept quiet for several reasons until after the election so he would know who to congratulate.

Rev. J. C. Mook preached his last sermon at Bethel Sunday. A large crowd was out to hear him. I am glad to report that Bethel paid out in full and the preacher left with a smile on his face.

The public school opened at Trading Ford school Monday. A large crowd of students attended at the opening of the school. Miss Snider, of Davidson County, is principle teacher and Miss Brown, of Salisbury, is assistant.

SAM SNOW.

D. O. Lingle, who lives near Granite Quarry, killed two one-year old hogs last week that weighed over 650 pounds.

IF YOU EAT SOMETHING that disagrees with you, don't let it work its way through; it's a slow process and makes you feel bad. Get rid of it quickly by taking a pinch or two of

Board of Aldermen Meet. New Members Elected.

The Board of Aldermen of Salisbury met last Thursday night in regular session and transacted some important business. Owing to the resignation of J. C. Kesler of the East Ward and H. O. Trot of the South Ward, others were elected in their places. Those elected are Henry E. Ruffy to succeed Kesler and J. D. Norwood to succeed Mr. Trot. As the morality of the community is of the very first importance and as these gentlemen, if they accept, will be required to take the usual oath to uphold and enforce the laws of the community, here is hoping for some improvement. Mr. Norwood is cashier of the Peoples' National Bank and Ruffy manages the Kesler Mill store. The resignation of Messrs. Trot and Kesler takes effect on December 1st.

The equipment for the fire alarm system having arrived, its installation will begin at once under the supervision of the building and fire committees.

N. B. McCausless made application to improve Thomas Street from Main to Fulton. He has purchased considerable property on this street and will put down tar via roadway and cement sidewalks at his own expense, but under the supervision of the city engineer. That's improving some.

The board authorized the purchase of the old Boyden property on East Innes Street for a school building and the sale of the city property on the corner of East Fisher and South Lee Streets.

This is the beginning of Salisbury's second graded school and is the most praiseworthy act of which the present board is guilty.

The third and final reading of a franchise to the street car company permitting it to lay a double track along Main Street, from Bank to Concoil, took place and it is now ready for final action. The car line company will lay a track on each side of the present one which it will use during the improvement and the street is to be put back in as good condition as at present.

Government Sets a Bad Example.

The Federal Government has officially recognized the tipping evil by including in new regulations governing the traveling expenses of Treasury Department officials and employes allowance for tips to hotel servants, railway porters and steamship stewards. He may tip waiters to the extent of not more than \$1 a day and railway porters not more than 25 cents. If he goes beyond these marks, he must pay the difference himself. We hope that the approaching Democratic Administration will set this Republican knuckling to an admitted evil of a peculiarly un-American and un-American sort aside.—Charlotte Observer.

Iredell County Will Have Live Stock Fair.

Statesville, Nov. 9.—The Iredell County Livestock Fair has been inaugurated and the date for the fair fixed for Wednesday, December 11. This afternoon the premium list was made out and turned over to the printers.

This list shows a goodly number of nice premiums, something like 100 prizes being offered, and the exhibits cover a general line of livestock exhibits, as well as some special prizes for riding and driving. The various exhibitors will have a parade on the day of the fair at 11:30 o'clock, and the promoters are expecting a large list of entries for the occasion.

This fair is absolutely free, no entrance fees or admission fees being charged.

Doctor Long's Sanitorium is being favored by campaign speakers who have worn themselves out by their exertions during the strenuous campaign. Hon. Locke Craig, Governor elect, is expected here to rest and recuperate; Hon. F. M. Simmons is already here and L. C. Caldwell, who has made several speeches during the campaign and who over-exerted himself while at Concord the night before the election, has been receiving treatment at this institution.

The Ticket in Stanly.

The following is the Democratic ticket elected in Stanly: Representative, Rufus E. Austin.

Register of Deeds, John M. Boyatt.

Sheriff, Thos. R. Forrest. Treasurer, Robt. N. Furr. Coroner, Philas J. Honeycutt. Commissioners, Thos. S. Parker, Adam F. Mabry and Zimri D. Oggins.

Birthday Surprise of Mr. James M. Castor.

Monday the 11th near Shaping's Mill, the many friends of Mr. Castor certainly took him by surprise. Mrs. Castor, his wife, was at the head of arranging the plans. It was so planned that Mr. Castor was to assist his father, Jacob Castor at recovering a building a mile away from home. During the time the arrangements were perfected, dinner came and a whole host of friends were at his home on the grounds when Mr. Castor came in sight. He seemed to think the people had taken possession. He soon realized that it all was meant for his own good. A large table was set and a sumptuous dinner indeed! Rev. H. A. Trexler, his pastor, read 108 Psalm, Rev. Nobles of fered prayer and Rev. C. P. Fisher asked a blessing on the occupants of the table. Quite a crowd participated. It was greatly enjoyed by all present and will long be remembered by Mr. Castor and his many friends.

Mr. Castor was the recipient of quite a number of useful and valuable presents for all of which he was very grateful and thankful.

His wife, Mrs. Castor, desires to express her many thanks to all who so gratefully aided her in carrying out the arrangements.

Are You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

TAKE The CARDUI Woman's Tonic

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women. Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.

FINE FARM FOR SALE.

Rare Chance and Easy Terms.

Pursuant to an order of the Superior Court of Rowan County in the special proceedings entitled M. O. Linn et al. ex parte, I will offer at public sale on Saturday, November 23rd, 1912, at the court house door in Salisbury at 12 M. one of the best farms in Rowan County, known as the "Hicks place" and formerly the home of R. W. Lentz, fully described in deeds registered in Books 43, 121; 45, 122; 48, 123; 85, 418. This farm contains about 255 acres, splendid bottoms, a small dwelling, is well timbered and water ed. It lies on both sides of Dutch Second Creek three miles from the rapidly growing town of Rockwell. It will be sold in three tracts according to the recent survey of J. O. Bernhardt, map of which is filed in this proceeding and can be seen at the office of the undersigned. The first tract, on which is the dwelling, contains 88 and 1-4 acres; the second tract, running parallel with the first, contains 88 and 1-4 acres; the third tract lies chiefly on the other side of the creek and contains 82 and 40-100 acres. Any one of these tracts makes a fine farm, while the whole place would be hard to surpass for a stock farm or for farming on a large scale. The terms are easy: one-third cash, balance in twelve months, with interest. Title will be made at once when one-third is paid, and the remainder secured by mortgage on the property. This is a rare opportunity to buy fine farming land. WITHEBRAD KLUTZ, commissioner
