HOME RULE AND ROMANISM.

Ulster and the Orang-men are Right and Will Win.

Great Britain is facing a condition such as confronted this country at the beginning of the Civil war. And, strange to say, the British government has been playing the part of our Buchanan administration, even going that weak kneed president one better. For, while Buchanan refused to coerce the states that clamored for home rule and threatened revolt against the federal government as a means of getting it, British statesmen go to the length of forcing home rule upon the Irish who are by no means unanimous in desiring it.

Suppose, if you can, the old secession sentiment to be alive in Alabama. Suppose the cry of "home rule for Alabama" to be in the air and the federal government at Washington determined to set up state sovereignty without limit within that state. What do you think the white people of that state would say to such a proposition knowing that home rule for Alabama would mean negro rule for Alabama? The white Protestants of Ireland, the men of Ulster, find themselves in just such a predicament. They know, as everyone knows, that home rule for Ireland means the black rule of Rome for Ireland. They are intelligent enough to prefer the imperial rule of Protestant England to nominal home rule which would be in reality subjection to the ecclesiastical domination of a doge pope.

No wonder the men of Ulster refuse to be kicked out of their deposition as British subjects and forced into the position of heretic and rebel slaves to Rome. No wonder they declare their intention to shed every drop of their Protestant blood before they will submit to such delegation. This is not the first time they have taken the same stand, and they are going to win this time just as they did when the men of Ulster defended Londonderry from the attacks of Romanism in the brave days of old.

Great Britain has temporized with the papal power too long. The liberality of the British people toward political refugees has attracted Jesuit scheming with the results that now appear. The men of Ulster stand like a rock in the way of Romish intrigue and are forcing the issue that must be met sooner or later, and the sooner the better. What is the matter with Ulster? There is nothing the matter with Ulster. She is all right and her people are all right. In the dark hour at hand when the bloody hand of papal power shall be raised against the nations of the earth the whole world will rally to the support of the Ulster Orangemen for the preservation of national integrity and the defense of personal rights.—The Menace.

Milk Values, Why Every Family should Have Plenty of Cows.

If you do not appreciate already the value of milk in the diet and the importance of having plenty of it at all seasons, just consider how much it takes of other foods to equal one quart of milk in nourishment. A standard quart of milk contains 8.8 per cent protein, 4 per cent fat, 5 per cent carbohydrate and .7 per cent mineral matter, or a total of 18 per cent nourishment. Here is what it takes of each of certain other foods to equal a single quart of milk in food values:

- 18.9 ounces beef; or—
- 88.2 ounces oysters; or—
- 10.2 ounces boneless codfish; or—
- 19.1 ounces eggs; or—
- 6.1 ounces cheese; or—
- 5.1 ounces wheat flour; or—
- 4.9 ounces macaroni; or—
- 5.1 ounces corn meal; or—
- 25.7 ounces potatoes; or—
- 5.1 ounces dried beans; or—
- 61.2 ounces cabbage; or—
- 39.2 ounces apples; or—
- 27.7 ounces bananas; or—
- 6.8 ounces prunes.

Noted Dramatic Baritone, Who Has Sung With World Famous Orchestras, Coming Chautauqua Week

MARCUS A. KELLERMAN

MARCUS A. KELLERMAN, who is to appear here during Chautauqua week, is one of the greatest dramatic baritones in America today. He has toured as a vocal soloist with the New York Symphony Orchestra under Walter Damrosch, the Minneapolis Symphony under Emil Oberhofer, the St. Paul Symphony under Walter Rothwell, and his appearances with the Boston, the Theodore Thomas and the Cincinnati Symphony Orchestras have gained for him universal commendation.

Kellerman is a native American, but some of his greatest successes have been achieved in foreign countries. In Germany, for three years, he sang leading baritone roles at the Berlin Royal Opera. It was while achieving success as an organist that Kellerman discovered his ability as a vocalist, and, appreciating the increased opportunity offered in the field of song, he prepared himself for the task. After a few years Kellerman abandoned his brilliant, promising operatic career to engage in leader and oratorio singing. The great success he has already attained indicates that concert patrons are quite fortunate, even though opera has lost an artist of first rank.

The Gospel of Manure.

Manure is so helpful that I am stating the results of years of observation, putting it in a tiny nutshell.

1. Manure is a plant food, rich and available.
2. It spreads helpful soil bacteria.
3. It is the best of humus.
4. It remains in the soil for years.
5. It should be applied at once—do not wait for it to rot.
6. Spread it on a growing crop so as to catch all the gases.
7. Do not mix lime, ashes, or commercial fertilizer with it, except ground rock.
8. Do not plow it under, for this will bury it to deep. Let it soak in.
9. Use as much litter as possible to catch the liquids and aid to the supply.
10. Manure from farm stock is worth from \$10 to \$25 per year per head, depending on size, feed and litter; so save this by-product.
11. Cover as much land as possible each year rather than make a heavy application on certain parts.—I. M. Hawkins, in 'The Progressive Farmer'.

"Mule Foot Hoes" and Cholera.

According to tests made of four mule-foot hoes advertised as "The Cholera Immune Hoes" the veterinary department of the Georgia State College of Agriculture finds that they are no more immune than any other hoes.

Four pigs were purchased from a breeder, who was advertising them for sale as cholera immune, and each was given the centimeter of blood from a hog sick with cholera. All four promptly developed cases of cholera and died. Post-mortem examinations left no doubt as to the cause of the death.

This demonstration was made for the benefit of the students of the college and the farmers of the State who might be misled into investing some money in the breed under a misapprehension, and also to obtain virus for the hospital which manufactures and tests hog cholera serum.

Dr. W. M. Borsam, Professor of Veterinary Science at the College, while claiming that tests destroy the claim of cholera immunity, states that the breed is a thrifty one, prolific and ready early maturity, and is growing in popular favor in some sections of the country. The name "mule-foot," of course, is given because of the solid or unclawed hoofs.—Dnas. A. Whitely, in 'The Progressive Farmer'.

Distillers Being Captured.

Darham, April 12.—The sheriff and his deputies Saturday afternoon brought in another big still and captured John Carroll, a white man, who was at the still working when the officers made the raid. Carroll had an assistant at the still when the officers arrived, but he proved to be a better runner than any of the sheriff's men and made his escape. The still was captured a short distance from one raided Friday by the sheriff in Lebanon township which had a capacity of a hundred gallons, but the one brought in Saturday was 50 per cent larger than this one. When the officers arrived the still was running full time. The fire was burning under the copper and double distilled whiskey was being turned out at a rapid rate. The men working the still seemed to be rushing their run today in order to get it out before the officers could get back to that vicinity. They had been scared up by the raids of the officers yesterday morning. Carroll was carried before the commissioner here and is now trying to arrange his bond.

After lying in wait a whole night and a long chase in the early morning, Carson Wicker, a blockader of Lee county, was captured Saturday morning by a corps of revenue officers near Jonesboro. Wicker was taken to Jonesboro and given a preliminary hearing before United States Commissioner Keely, and in default of a \$200 bond was placed in jail there to await trial at the next term of court.

THE POPE, ARCH SINNER OF EARTH.

G. A. G. Thomas Preaches an Illuminating Sermon on Romanism.

After a lapse of several weeks G. A. G. Thomas, pastor of the First Baptist Church of this city, resumed the preaching of a series of very interesting and instructive sermons on Romanism. Mr. Thomas' subject Sunday night was: "The pope, the man of sin and son of perdition." He read the second chapter of Thessalonians, and used verses three and four as his text. This chapter reads as follows:

- 1 Now we beseech you, brethren, by the coming of our Lord Jesus Christ, and by our gathering together unto him,
- 2 That ye be not soon shaken in mind, or be troubled, neither by spirit, nor by word, nor by letter, as that the day of Christ is at hand.
- 3 Let no man deceive you by any means; for that day shall not come, except there come a falling away first, and that man of sin be revealed, the son of perdition;
- 4 Who opposeth and exalteth himself above all that is called God, or that is worshipped; so that he as God sitteth in the temple of God, showing himself that he is God.
- 5 Remember ye not, that, when I was yet with you, I told you these things?
- 6 And now ye know what withholdeth that he might be revealed in his time.
- 7 For the mystery of iniquity doth already work; only he who now letteth will let, until he be taken out of the way.
- 8 And then shall that Wicked be revealed, whom the Lord shall consume with the spirit of his mouth, and shall destroy with the brightness of his coming:
- 9 Even him, whose coming is after the working of Satan with all power and signs and lying wonders,
- 10 And with all deceivableness of unrighteousness in them that perish; because they received not the love of the truth, that they might be saved.
- 11 And for this cause God shall send them strong delusion, that they should believe a lie:
- 12 That they all might be damned who believe not the truth, but had pleasure in unrighteousness.
- 13 But we are bound to give thanks always to God for you brethren beloved of the Lord, because God hath from the beginning chosen you to salvation through sanctification of the Spirit and belief of the truth:
- 14 Whereunto he called you by our gospel, to the obtaining of the glory of our Lord Jesus Christ.
- 15 Therefore, brethren, stand fast, and hold the traditions which ye have been taught, whether by word, or our epistle.
- 16 Now our Lord Jesus Christ himself, and God, even our father which hath loved us, and hath given us everlasting consolation and good hope through grace,
- 17 Comfort your hearts, and establish you in every good word and work.

Mr. Thomas said that there is no other man who so completely fits these prophetic words of St. Paul, that all protestant scholars agree reference is here made to the pope, and fitting the description as he does, he is the greatest sinner, greatest impostor and the most colossal humbug on earth. To prove this chapter fits the pope, Mr. Thomas read from the "Garden of the Soul," Leguere's theology and other eminent Irish authorities which very plainly and definitely sustained the contention. The pope's assumption of divine powers, the ability to forgive sin, and the false and ridiculous claim of transubstantiation were given attention. He pointed out that no pope since the first one, St. Boniface, in about 600 A. D., even though they set themselves up as God himself, supreme on earth, in heaven and hell, had ever lived a life sufficiently pure and devoted to be canonized, or be considered fit for sainthood. Think of "God himself," judged by his own flock has not been pure enough in 1800 years to become a common saint. If this be true of the head of the church then what is one to think of these beer-guzzling, liquor drinking, card-playing, licentious bachelor "fathers" who go about administering the mass, handling with such filthy hands,

Are Romanists Traitors?

Are Romanists patriots or traitors? Let them answer for themselves. This from the "Live Issue," the Romanist sheet left at our office door:

A storm of protest has arisen among Catholics throughout the country against the proposed sending of Ernesto Nathan, ex-Mayor of Rome, to this country as Italian Commissioner to the Panama Exposition. The Catholic press, following the initiative of the Monitor of San Francisco, are calling upon their readers to get in touch with the president at the Panama Exposition.

The Catholic Federation, at its semi-annual session in Chicago, adopted the following resolution.

"The Executive Board of the American Federation of Catholic Societies, in semi-annual meeting assembled in Chicago, protests against the coming to this country of Ernesto Nathan, ex-Mayor of Rome, as Italian Commissioner to the Panama Exposition to be held in San Francisco next year.

"Ernesto Nathan, while Mayor of Rome used several occasions to flagrantly insult the Holy Father and his sacred ministry and by these insults he has outraged the feelings of the 18,000,000 of Catholics of the United States and the 800,000,000 Catholics throughout the world.

"We call upon our national organizations, State and county federations and affiliated societies and institutions to resent the coming of Nathan to the United States as the official representative of Italy at the Panama fair and to register their protest with the president at the Panama Exposition."

Now what do true American citizens care about Nathan's and the pope's personal affairs? If true American's first allegiance is to our government and flag, of what concern is the pope more than any other prince, king, or president? For instance if a Spanish subject should insult Don Carlos, the pretender, and King Alfonso XIII should appoint said subject as commissioner to the Panama Exhibition, what excuse could loyal Americans make for refusing to receive him? Romanists betray themselves when they show that their first allegiance is to the pope, a foreign pretender. This evident allegiance to a foreign power is why it is not safe to put a Romanist in an American office, from school teacher up. They will play the traitor just as sure as the opportunity is afforded.

the "actual body and blood of Christ," and pretending to forgive sins.

This of course, was re-heard for the purpose of showing up the class of men who are striving by all means in their power to get control of our government, force such dogmas down the throats of protestants and make America Catholic.

Every good citizen who cares for the future welfare of America and posterity should hear Mr. Thomas' discourses on this all-important subject. Mr. Thomas says if the necessity arises he will take the platform and lecture throughout the south.

Those who wish to subscribe to The Menace, the biggest little paper in the world, the strongest antagonist of Romanism and the strongest advocate of a free press, freedom of worship and America's uplift, can do so by leaving 25 cents at THE WATCHMAN office.
