Salisbury, N. C. Feb. 8th, '15

"A poultry club girl." That sounds good.

Some people seem to think graft is alright so long as they are the beneficiaries thereof.

Most people are of the opinion that the war in Europe will last until it is over.

North Carolina is said to have the handsomest Governor's mansion in the United States. Pennsylvania comes next.

A bill to make the minimum sentence of bank defaulters ten years, was voted down by the Senate. That was a specimen of namby-pambyism.

Yes, Salisbury is the only place in the country where a lot of purely private clubs are cared for by the county under the non desultory of a community center.

Those who refuse to see the difference between the Catholic religion and political Romanism are like the fellow who pays no attention to the directing signs at the fork of the road.

Mr. Ex-P. Taft is quite ready with suggestions as to the conduct of national affairs recently. Will Mr. Taft have to be thrown down the stairs three times before he will realize that the people do not want his advice. Perhaps he is conscience stricken.

The unmitigated gall of the P. K. is exemplified in the fact that it gives notice that it will soon provide rules and regulations for the control of the people's property, the old court house. Did the people elect them for this purpose or the county commissioners?

We see one W. H. Taft thinks the one-term idea for our presidents is a good one. Of course we would not dare to whisper where Mr. Taft might hear it, but just between us, it seems that this is a question the people have to open their ability to settle satisfactory for themselves.

There are something like 2,200 members of the Junior Order United American Mechanics in Rowan County, all tax payers and voters who are doing a great work fostering education, and patriotism morality, yet they get no room in the old court house. Why should self-seekers be given the preference.

The Pestiferous Klub, after having the merchants of the town waste their substance and time trying to prove to the denizens of London that Salisbury's the place, and in one instance took money from mere boys and gave it to an interloper and fraud, has the 'merit' to say it will continue to do business at the same old stand and, we suppose in the same old way. Our people are now reaping the reward of their folly.

PE-RU-NA LAXATIVE TONIC

"I was taken with a severe headache and cold, which finally brought on constipation and bowel trouble. Physics of all kinds were used, and we were obliged to resort to the fountain syringe for help. I could drink castor oil like water, but it did no good. Salts were of no use. The doctors were puzzled. After using three bottles of Peruna I consider myself entirely well." Mr. John B. Capers, No. 610 Pecan St., Fort Worth, Texas.

Those who object to Liquid Laxative will find Peruna the most desirable remedy for CATARRHAL CONDITIONS.

Vanceboro, Maine, Feb. 2.—Another international problem incident to the war thrust upon the United States today by the action of Werner Van Horn, who operating on the Canadian side of the border dynamited the railway bridge over the St. Croix river and then escaped into Maine. A few hours later in a room at a hotel here Van Horn submitted to arrest but immediately proclaimed himself an officer of the German army and set up the claim that he had committed an act of war and having fled to a neutral country, could not be surrendered legally according to the Fatherland. The Canadian authorities took a different view of this however and immediately instituted proceedings to extradite the prisoner on a charge of destruction of railroad property. Pending the outcome of these efforts Van Horn is held at the immigration office here in custody a deputy sheriff.

Although rapid changes in Mexican politics have brought the authority of General Carranza back to Mexico City. The evacuation of the capital has resulted in no injury to foreigners according to official report.

Senator Overman will vote against the immigration bill. He says: "I don't agree with the president and will vote to pass the bill over his veto should the bill come back to the Senate."

Sixty-four persons, including one woman and two negroes have taken examination before the State Supreme Court for license to practice law in North Carolina.

Garza Has Left Mex. City.

Mexico City, Jan. 27.—Provisional President Garza and his government left the capital early today for Cuernavaca, where a new seat of government will be established.

This afternoon the last contingents of the army of evacuation have been through the streets of the city of occupation lingers in the outskirts of the city, but is expected to enter soon.

All the commercial houses and banks and even private dwellings are barred and shuttered, although no disorder has attended the feeling of the Zapata and Villa forces.

The national palace, the federal telegraph and post offices and other government establishments are closed. The incoming Carranza forces are commanded by General Alvarado, former post commander here. Food prices have soared beyond the reach of the needy. The supply of food is low and unless the railway line to Vera Cruz is opened soon it is believed there will be much suffering. The government's decision to quit the capital came after a heated discussion at the session of the convention Tuesday night. It was decided by President Garza, his government and members of the convention should proceed after midnight to Cuernavaca. Col. Garza and General Ernesto Santoscoy are reported to have departed on a special train.

The day who have not yet already will be forced to proceed from the city in automobiles, as there is no fuel for the locomotives. Zapata's troops are entering in thirty electric trains in Xochimilco and Moerlof. There is a rumor in circulation that the vanguard of Gen. Obregon's troops is four miles from the capital advancing.

WHEN THE TIRED MOTHER GIVES OUT

What Then?—The Family Suffers, the Poor Mothers Suffer—Mrs. Becker Meets This Distressing Situation.

Collinsville, Ill.—"I suffered from a nervous break-down and terrible headaches, and was tired all over, totally worn out and too discouraged to enjoy life, but as I had four in family and sometimes eight or nine boarders, I kept on working despite my suffering. I saw Vinol advertised and decided to try it, and within two weeks I noticed a decided improvement in my condition and now I am a well woman."—Mrs. ANA BECKER, Collinsville, Ill.

There are hundreds of nervous, run-down, overworked women in this vicinity who are hardly able to drag around and who are sure would be wonderfully benefited by Vinol as Mrs. Becker was.

The reason Vinol is so successful in building up health and strength in such cases is because it combines the medicinal tissue building and curative elements of cod's livers together with the blood making, strengthening properties of tonic iron. We ask every weak, nervous, run-down man or woman in this vicinity to try a bottle of Vinol on our guarantee to return their money if it fails to benefit.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Don's Kidney Pills have brought lasting results to thousands. Here is Salistery evidence of their merit.

Mary Trexler, 56-N. Boundary St., Salisbury, N. C., says: "For some time I had been troubled with my kidneys. My back hurt me so badly that it seemed as if it would break. I felt lame when I got up in the morning and was tired and languid. I was subject to dizzy spells and my sight blurred. The kidney secretions were unnatural. Although I took a number of remedies, I didn't get any relief. I began using Don's Kidney Pills on a relative's advice, although I did not have much faith in them. I was surprised at the prompt relief I received. One box made me feel better in every way. I have often recommended Don's Kidney Pills to my neighbors."

It is much talked in legislative circles just now that the State Anti-Saloon League bill to prohibit delivery and receipt of liquor for beverage purposes, the question of woman's suffrage, the State wide legalized primary should be referred to the people, pass the bill for the Anti-Saloon League subject to ratification at the polls, as was the original prohibition bill; let the women of the State vote under conditions that they would really reflect the wishes of the majority of the women and there must be State-wide primary bill, pass it and let it ratification by the people at the polls, also. Governor Craig suggests that the vote of the women as to whether they want suffrage be against the census of women in the State.

Latest War News

London, Feb. 2.—The Germans have been making desperate efforts the last few days to break the extended deadlock on the eastern and western fronts. They have delivered a series of attacks, always preceded by artillery activity on the allied lines in Flanders and France and, while in almost every case they have thus won a preliminary advantage, before the fighting was concluded the French British or Belgians have regained the trenches temporarily lost, and in some cases have occupied the German positions.

London, Jan. 20.—10:25 p. m.—With the armies in France and Flanders recuperating after strenuous fighting of earlier days of the week and no local actions being recorded, interest in the war situation has been transferred to the Russian offensive in East Prussia and the attempt of a strong Austro-German army to dislodge the troops of Emperor Nicholas from their positions in the Carpathians.

In East Prussia a Russian offensive has developed in the extreme north, where renewed fighting seems to confirm a belief that a definite effort to advocate north of the Mazurian Lakes district where previously the Russians were defeated has been decided on by the Russian General Staff.
