Salisbury, N. C., Oct. 27, '15.

### State News Items

News Concentrated for Those who Want to Know About Home Affairs.

In his will filed in Washington on Friday last Wm. K. Carr, who died two weeks ago, devised his laboratory with its equipment of dynamite and motors at his home in Washington, D. C., to the A. and M. College of North Carolina. The gift is truly a most magnificent one, the value of the laboratory and its equipment said to range in the neighborhood of \$100,000. That Mr. Carr made this splendid gift in his will to the A. and M. College is the result of a visit to Raleigh some time ago to his brother, Elias Carr, secretary of the State Board of Agriculture, who presented to him the work which is being done at the college and the opportunity offered to do service to North Carolina through it. This impressed Mr. Carr, and he changed his gift from Washington and Lee University to the A. and M. College.

Durham is to have a big plant for the manufacture of shells for the Allies is the rumor that has been going around the streets for the past few days. The truth of it was practically admitted to newspaper men this afternoon. The plant is to be capitalized at \$100,000 and, it is said, will turn out shells at a big profit. The men who are backing the movement have made no statement about the profit that is to be made, but it has been said on the streets that the profit from this one plant would be over \$100,000. Much of the stock has been placed with local financiers. It is also said that the land for the plant has already been selected, that the only thing that is now delaying the construction of the building is the completion of the plans. A. P. Gilbert, E. B. Lyon and others of Durham are interested.

Early Monday morning a five-passenger touring car, owned by T. E. Cannon of Ayden, was found hanging over one side of the bridge of Trent River. In the bottom of the car was a hat which was later identified as that of Mr. Cannon, who is a prominent citizen of Ayden. Later in the day a party of men from that town, who had come over to aid in the search for the missing man, stated that he left there last night en route to Newbern with more than \$100 on his person. It is believed that he went to James City for some purpose and was there set upon robb'd and killed and his body thrown into the river. Searching parties have dragged the river in that vicinity, but have failed to find any trace of the body. Cannon is known to have been drinking yesterday before he left Ayden. He has a wife and several children there. The case is a mysterious one and baffles the police.

**Roman Will do Her Part in Removing Illiteracy.**

Roman expects to do her full duty in the effort to remove adult illiteracy from the State. She is not making any big noise about the matter but her plans have been laid, her army is mobilizing and when the psychological moment arrives her forces will move out in perfect order and make a drive that will be memorable. The schools in this county do not open until about November 15th and later, so there will be no big demonstration here Friday and Saturday, but a quiet affair, in keeping with the spirit of the work to be done, will be held later, due announcement of which will be made at an early date.

**Wagoning to the Pale and Sickly**  
The Standard general strengthening tonic, TASTELESS CHILL TONIC, drives out the malarial poison, builds up the system, and restores the blood. For adults and children, 50c.

### Circus in Poetry

Showman Sings of the Carl Hagenbeck-Wallace Wonders.

It's great to be a kid once more, and hear the lions growl and roar, and see the bears and feed the monks, and sprinkle peanuts on the trunks of the elephants, all in a row, that keep swinging to and fro; its grand you know, to be a kid and see that big Hagenbeck-Wallace Circus Show.

It's great to sit and watch the clowns perform their funny ups and downs, and see them laugh and hear them chaff until you split your sides in half; and watch those blokes play wicked jokes upon some unsuspecting mokes, as fat and thin they amble in to make you equal and smile and grin.

It's fine to sit and watch the rings that hold so many, many things, with horses here and horses there; and pretty girls, with golden curls, performing soary mid-air whirls, and drivers bold, in cars of gold, that race as, in the days of old; and monkeys that will ride astride of poles that are true and tried, and throw a ball, but never fall; its mighty hard to watch it all.

It's great to see the great parade, and swallow circus lemonade, and see the lights and wonder sights, and pretty girls in spangled tights, and feast your gaze upon the blaze that the tent displays. Oh, once a year, it's grand, you know, to see the circus show.

After unphosoming of the above the circus man intimated that the Carl Hagenbeck-Wallace Circus would arrive in Salisbury, Wednesday, November 3, aboard three special trains. Two performances will be given, at 2 p. m. The doors to the monster zoological paradise will be opened an hour earlier. A three-mile-long street parade will leave the show grounds at 10 o'clock.

**Object Was to Blow up Allies' Munitions Ships.**

New York, Oct. 25.—Details of a plot to tamber the shipment of munitions of war to the allies by placing clock-worked bombs on the rudders or propellers of ships so timed that the ships would be disabled on their way across the Atlantic, were disclosed today in the confession of one of five men charged in a complaint filed with a United States Commissioner with conspiracy to violate a Federal statute.

Following upon the confession of Robert Fay, a lieutenant of the Sixteenth Saxony Infantry, who said he came to this country last April through an agreement with the German Secret Service to blow up or delay steamers laden with war supplies for the allies W. J. Flynn, chief of the secret service tonight filed before United States Commissioner Houghton a complaint in which not only Fay but four other men are charged with promoting the conspiracy. The hearing on the Federal charge was set for November 4.

**To Drive Out Malaria**  
And Build Up The System  
Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents.

**Thirteen Die in Pittsburg Fire.**

Pittsburg, Oct. 25.—Thirteen persons were killed and eight injured by a fire in a four-story building, the two upper floors of which were occupied by the Union Paper Box Company, here today. Of the dead all were young women employed by the company except one. Many of the bodies were so badly burned as to make identification difficult. Mayor Joseph G. Armstrong at once ordered that the police, City Council and the coroner make a thorough investigation of the fire. The flames started in a pile of straw in the rear of the first floor of the building. William O. Kimbel, general manager of the box factory, at once warned the girls employed on the third and fourth floors to leave. The flames gained headway so rapidly, however, that escape by stairways and fire escapes was soon cut off. Some of the girls attempted to go to the dressing room for their hats and there frozen found a majority of the bodies.

### Items From Faith

Marriage of Prominent Couple, Curiosities, Births and Who Ever Can Beat That.

Oct. 26.—A very pretty wedding took place early Sunday morning at the Reformed parsonage in Faith when Miss Anna May Cannon and John M. Peeler were united by the pastor of Faith charge, Rev. H. A. Welker. Those who witnessed the ceremony were Miss Norma Foil, Miss Mary Peeler and Mrs. Wm. S. Barger. The bride is a daughter of the late Calvin Cannon and the groom a son of Mr. and Mrs. Monroe Peeler. The young people are highly respected by all who know them and among the most popular in the town. On Monday the day was spent in honor of the young couple, a sumptuous wedding breakfast was served at 8 a. m. at the home of the bride and an elaborate five o'clock dinner was given by Mr. and Mrs. Monroe Peeler at their home. There were present at these wedding feasts only the immediate families and a few friends. May long life, happiness and prosperity crown their lives is the wish of their many friends. They will be at home to their friends for the present at the groom's home.

Young Democrae granite cutter at Clarence Williams, October 17. Young lady at Clarence Klutz's two miles below Faith September 29th.

Uncle Josh I can't beat your big rattle snake.

Walter Klutz cut a gash in his heel while cutting a stick. Who can beat that?

Roscoe Boger of China Grove visited friends near Faith Saturday.

Lon Klutz's little girl has a Shepherd dog that makes a high dive like a show dog and is interesting. He climbs a high ladder and then at her command makes the dive. Who can beat that?

William Brenton brought to our office a sweet potato twenty-one and a half inches long from Robert Robertson's patch. Who ever can beat that trot out your potato.

Mrs. Clifton Gardner and two children, have returned from Spencer where they have been visiting her sister, Mrs. C. J. Walton.

The public school at Faith in Litsker Township will commence Monday the first of November with Myron O. Fisher, principal, and Mrs. Mary Jenkins, Miss Eva Ouble and Miss Mary Linn assistants.

Mrs. W. D. Holler had as visitors Sunday for dinner her mother Mrs. Lauran Klutz, and three sisters, Sophia, Jennie and Pearl and Venus.

Charlie Forrest of Granite Quarry, sent Venus a cabbage snake that looks like a small worm that he found in a cabbage head. It is preserved in a bottle and can be seen at the office of Venus any time with our collection of curios. VENUS.

### TRADING FORD.

Bright sunny weather this week makes everybody feel like working again.

The farmers are sowing wheat as fast as possible. They are preparing to sow a large crop again this fall.

A year ago we heard many grumbling about the Democratic party causing cotton to be so low. This fall it seems that many have forgotten that the democratic party is still in power.

Everybody hustle all you can for times will be just what you make them.

Allen Koonts is, well its no use to say, but he looks like he never worked a day in his life and he thinks that he is worth a million. You see its a boy.

G. A. Peacock returned from Moore County last week. He went in his auto and drove a hundred miles back home through the mud in six hours. Good for him.

The W. O. W. Camp here was visited on last Saturday night by the Cedar Camp boys of East Spencer. Their degree team came down and performed the introductory ceremony with great skill. We can say hurrah for the East Spencer degree team as they are certainly up on their job. We hope they will come again.

Well the writer is awful busy these days digging potatoes and gathering broom straw so he will write more later. SAM SHORT.

As was to be expected the Kryl concert in the old court house last Wednesday night was poorly attended. Kryl had a hand here during the Chautauque of 1914 and the impression made then was that he was a musical gymnast or clown. Salisbury has always been abundantly supplied with excellent musical talent and when it comes to real good melody and soulful harmony she can deliver the goods without any importations.

## MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. THOMSON, 649 W. Russell St., Philadelphia, Pa.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
