Dr. King's New Discovery is a Doctor's Prescription used for over 45 years. It is pleasant and children like it.

You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. THE CAROLINA WATCHMAN is published on Wednesday and THE LOCAL RECORD on Friday of each week and so far as news and service is concerned, admirably serves the purpose of a semi-weekly. They give you all the news, specially prepared for their readers, condensed so that you can get the facts without having to wade through columns of childish prattle, and arranged so that you can read the news at a glance, which is given not only the preference but correctly. These things, in addition to the fact that it is a home newspaper, owned by home people, employs home people and stands for a square deal for home people, regardless of loss or gain, should cause every loyal son of the territory to make it his business to get a copy for them first, last and in-between.

## David's Court House Burned but Records Saved.

Winston-Salem, Feb. 29.—The fire which originated in one of the upper stories of David County's fine new courthouse at Mocksville and completely destroyed the building last night, adjourned a term of court which had just been convened.

Mocksville has no water system. Owing to the scarcity of water there was little chance for effective work towards saving the building to be done. The best work that was accomplished was the saving of the Records, office fixtures and other furniture.

The officers of the county will use the old court house, which since the erection of the new building has been used as a community building and today the work of fitting up temporary quarters was begun.

While the origin of the fire is undetermined, it is believed, because of the location of the first flame, that it originated in the electric wiring.

The David courthouse, which was erected 1909 at a cost of about \$40,000. It is believed that the insurance on the burned building will materially aid in the erection of a new courthouse.

There will be a play, "The Southern Cinderella," presented by the Summer Good Time Club at the Summer school house five miles south of Salisbury, Saturday, March 4th, at 7:30 p. m. The play is a good one and the talent is fine. The public is invited to attend.
