Mr. and Mrs. E. J. Brown have moved to Mrs. Brown's father, J. D. Trexler's. Mr. Brown is preparing to build a nice residence here.

S. A. Trexler is sawing lumber for N. O. Park. The new road leading from Goodman's woods to P. M. Phillips has been surveyed, so that two or three people will have a good road to drive over at the expense of other people. This road will not be built for the benefit of the county as it leads from nowhere to nowhere, and no one will be the better by its being built. The citizens of the community knew nothing of its being surveyed until it was ordered surveyed by the commissioners. Even the people living along the road will be put to a disadvantage in going to Salisbury. But such is life. The road leading from Rockwell to Liberty church has been ignored and self interest has been the issue. It is hoped that the commissioners will see fit not to spend any money on the road until it has been thoroughly investigated and then, if they see fit to spend money on it, we will have no more to say about it, but candidly we can see no use whatever to spend the people's money for the advantage of the few, for we feel that money spent on this piece of road will be lavishly thrown away. We ask no one to take our word for it, the survey is there for anyone to see. Gentle men take the case. LEE.

**Colds Quickly Relieved**

Many people cough and cough—from the beginning of Fall right through to Spring. Others get cold after cold. Take Dr. King's New Discovery and you will get almost immediate relief. It chokes your cold, stops the racking, rasping, tissue-tearing cough, heals the inflammation, soothes the raw tubes. Easy to take, Antiseptic and Healing. Get a 60c. bottle of Dr. King's New Discovery and keep it in the house. "It is certainly a great medicine and I keep a bottle of it continually on hand" writes W. C. Jesseman, Francis, N. H. Money back if not satisfied but it nearly always helps.

**Mr. Lingle States His Position**

(Advertisement) Salisbury, N. C., Feb. 28th, 1916.—As I am a candidate for the next Legislature I take this method of informing the public how I stand on some certain matters.

I favor a real commission, say of three good, honest, intelligent men to handle the public road matters.

I favor a curtailment in number of county commissioners, say to three in number. So we, as tax payers, can put a stop to paying so many men now riding over the roads, drawing large salaries and doing no work.

I favor a law paying the wages of a convict to his wife or children, if any.

I favor a law compelling county authorities to promptly publish quarterly statements concerning the amount of public money received and amount paid out, so the public can be informed I oppose the creating of all unnecessary offices and extravagant expenditures of the people's money, and many more which I have not time nor space to mention.

Respectfully yours, A. L. LINGLE
