

# CALOMEL SICKENS! IT SALIVATES! DON'T STAY BILIOUS, CONSTIPATED

I Guarantee "Dodson's Liver Tone" Will Give You the Best Liver and Bowel Cleansing You Ever Had—Don't Lose a Day's Work!

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver.

If you are bilious, feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working. You'll be cheerful; full of vigor and ambition.

Your druggist or dealer sells you a 50-cent bottle of Dodson's Liver Tone

under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you can have your money back. Children gladly take Dodson's Liver Tone because it is pleasant tasting and doesn't gripe or cramp or make them sick.

I am selling millions of bottles of Dodson's Liver Tone to people who have found that this pleasant, vegetable, liver medicine takes the place of dangerous calomel. Buy one bottle on my sound, reliable guarantee. Ask your druggist or storekeeper about me. Adv.

### To Keep Tab on Housewives.

Housewives in the canton of Basel-City are in a fever of excitement, according to a Lausanne dispatch to the European edition of the New York Herald. The edict has gone forth that gendarmes in that canton can enter any private house on the meanness days, Tuesday and Friday, and inspect what is cooking in the "marmite!" One can imagine the welcome a gendarme will receive from a German-Swiss "frau" as he crosses the threshold of her kitchen.

There has been a perfect storm of abuse over it in the grand conseil of Basel-Ville, but the vote was 75 against it. Cooking meat on Tuesday and Friday is punishable by fines up to 1,000 francs, and one month's imprisonment.

### Lawyers Got It After All.

The inseparable Stimpkinson brothers of Los Angeles decided that they would save the expenses of lawyers' fees in case of the death of one of them by making out checks to each other. One of them died recently and the other took the check for the amount of his estate to the bank. The bank refused payment because the author of the check had died, and the lawyers got the money after all.

Speaking of economy, the only thing you will lose by using "Dead Shot" — Dr. Peery's Vermifuge, will be Worms or Tapeworm. One single dose sufficient, without castor oil in addition. Adv.

Sometimes a woman will admit that the most trouble she has had with her husband was in getting him.

Weight for weight, a manila rope is just about as strong as a steel one.

## Both Quality: And Quantity

Try Yager's Liniment, the great external remedy for rheumatism, neuralgia, sciatica, sprains, chest pains, backache, cuts and bruises.

This liniment has wonderful curative powers, penetrates instantly, and gives prompt relief from pain.

It is the most economical liniment to buy, for the large 25 cent bottle contains four times as much as the usual bottle of liniment sold at that price.

At all dealers.

# YAGER'S LINIMENT

GILBERT BROS. & CO. BALTIMORE, MD.

All roll films developed 10c. Prints 3 to 5c. Prompt attention to mail orders. E. C. BERNAU, Greensboro, N. C.

SALESMEN to give your week-end made selling Kodak films and accessories. Special prices for inner tubes. Customers selling especially on the coast. Guaranteed correct. Write for terms. Sample and particulars free. George H. Shering Co., 221 Paul Jones Bldg., Louisville, Ky.

\$10.00 or more invested in established oil co. with own refineries, gas lines, etc. Production may run 200,000 or more barrels. 221 Paul Jones Bldg., Louisville, Ky.

# WANTS ALL VACANT LANDS CULTIVATED

GOVERNOR BICKETT ADDRESSES SECOND LETTER TO BOARDS OF COMMISSIONERS.

## DISPATCHES FROM RALEIGH

Doings and Happenings That Mark the Progress of North Carolina People, Gathered Around the State Capital.

Raleigh.

Of such great importance does Governor T. W. Bickett consider the cultivation of tenantless and vacant farms in this time of stress and danger that he has addressed a second letter to the boards of country commissioners of the counties of the state urging that there be no delay in this activity. The governor's letter tells its own story. It is as follows:

"In the emergency we now face not only patriotic duty but the necessity of protecting the people of our own state from want demands that we increase our acreage and production of staple food and feed crops by every means at our command. As the constituted authority in your county, upon you rests the responsibility of doing everything possible to protect your people from threatened hunger and deprivation.

"The farmers of our state are rallying to the extent of their ability to the demand for increased food and feed production, but they are handicapped by a shortage of labor and work-stock and they are not going to be able to supply the deficit of food and feedstuffs we shall face. It is imperative therefore that steps be taken to increase acreage and production by other means. The greatest opportunity we have for doing this is through the use of our road forces of men and work-stock in the cultivation of idle and tenantless farms, many of which exist in practically every county in the state. The production of foodstuffs is more important in this crisis even than the building of good roads, and I am again writing to urge that you take this matter up in your county without delay.

"You have ample authority, according to the attorney general, to use the road forces for this purpose and you should not only raise sufficient feed for your stock and food for your workers but a surplus for the market, the proceeds of course to be added to your road fund.

"Many landowners of the state are offering tenantless land for cultivation in food crops free of charge. A statement in your county papers requesting the owners of vacant lands to communicate with your board will no doubt result in the offering of all the land you will be able to take care of rent free, or at a nominal rental."

Mrs. McKimmon is Busy.

From all over North Carolina comes the call for experts to assist in the food conservation campaigns and the office of Mrs. Jane McKimmon, home demonstration agent, has been flooded with telegrams from various counties asking for agents to give instruction in the canning club work in those counties.

This month seven counties, Pitt, Washington, Nash, Warren, Rowan, Stanly and Avery have arranged to have local demonstrators in their counties and five of them have appropriated sufficient money to have a home economic director at full pay and in addition will furnish them an automobile for their work. In the three to six year counties, where home demonstrators have been employed, the canning club girls are inaugurating an endless chain movement with the result that instruction is going forward at a highly gratifying pace. Not only are the white women given instructions in the canning club work, but the colored women are receiving advice.

From Buncombe, Miss Jennie Whitaker, an advanced member of the girl's canning club there, has been selected to take up the canning club work at the Rosemary mills. This young lady, because of the interest she has taken in the work, has been selected for an important work that carries with it a comfortable salary.

Many Enlisted From Here.

Special from Washington, D. C.—The little town of Andrews, in the western part of North Carolina, in four days enlisted 87 men for a troop of cavalry. Of these, 76 passed physical examination.

Study Fire Prevention.

Jack back from the twenty-first annual convention of the National Fire Protection Association at Washington, Commissioner of Insurance James R. Young says the convention was one of exceptional interest with special attention to safeguarding the handling of shipments of explosives and the safeguarding of the lives of theater patrons. The ever-present subjects of fire and accident prevention were up as live subjects and it is believed that progress was made on these important subjects.

## Cotton Will Not Pay For Food.

North Carolina's bill for food and feedstuffs last year exceeded the value of its cotton crop by \$20,000,000, according to an estimate by Secretary Lucas of the State Food Conservation Commission. Figuring cotton at \$100 per bale 90,000 bales would have been required to pay the West and other sections for the meat, breadstuffs and feedstuffs the state imported. The crop production in the state was under 700,000 bales. "At present prices of food and feedstuffs," declares Mr. Lucas, "the same amount of food and feedstuffs would cost us approximately \$200,000,000, or 2,000,000 bales of cotton. If North Carolina should, by a miracle, produce this amount of cotton, and the South in proportion, the staple would sell at five or six cents a pound and we would be worse off than ever if we would at the same time neglect to raise our own food and feed. It is a certainty, however, that regardless of the price and quantity of cotton we raise we will not be able to get the vast amounts of food and feed we have heretofore imported because they will be requested by the government."

Mr. Lucas states that, while a tremendous amount of work is yet to be done, the people of the state are beginning to realize that real necessity and not hysteria is behind the movement for greater acreage and production of food and feedstuffs. The business men and live farmers of the state are working shoulder to shoulder in the campaign and the co-operation of the business men and farmer is going to prove a very considerable factor in the campaign.

W. E. Borden, a banker at Goldsboro has issued a rather striking letter to his customers and other farmers in Wayne and adjoining counties showing that cotton, even at 20 cents a pound, is relatively the cheapest farm product upon the market today and is lower in price, considering the prices of other commodities, than it was at a normal price of 12 cents a pound. The following shows the contrast, which is even greater now than it was when the letter was issued:

In an average year with 12-cent cotton, a \$60 bale can buy 89 bushels potatoes at 70 cents, or 750 pounds of lard at 8 cents, or 22 barrels of flour at \$4.50, or 375 pounds of bacon at 16 cents, or 100 bushels of corn at 60 cents, or 30 pairs of shoes at \$2, or 720 yards of cotton goods, at 8 1/2 cents.

This year with 20-cent cotton, a \$100 bale can only buy 44 bushels of potatoes at \$2.25, or 550 pounds of lard at 20 cents, or 8 barrels of flour at \$13, or 333 pounds of bacon at 30 cents, or 74 bushels of corn at \$1.50, or 30 pairs of shoes at \$5, or 666 yards of cotton goods at 15 cents.

"Enlarge your food crops and intensify their cultivation," urged Mr. Borden. "If will not only pay you better in dollars and cents, but in no other way can you serve the Stars and Stripes and the whole of humanity so well."

Many merchants in every section of the state have refused to advance supplies and fertilizers to farmers who persisted in planting too large a proportion of cotton or tobacco as compared with food and feed crops. In many instances bankers have followed the same course, lending ready assistance to the farmer who is planting food and feed crops but being chary of those who persist in planting the usual acreage or more of cotton or tobacco. In almost every community in the state the banks are lending money in small and large amounts for the purchase of seed and fertilizer for food and feed crops.

## Farm School on War Basis.

Mr. T. E. Browne, agent in charge of Agricultural Club Work and Secondary Agricultural Education, is making a special effort to get all the farm life schools on a war basis. Much of his time is now being spent in the field with the superintendents and teacher of agriculture in these schools in order that they may render more efficient service in teaching the various phases of farm development.

## New Chaplain at State Prison.

The State's Prison Board has elected Rev. N. C. Hughes resident chaplain for the State Farm at salary of \$100 per month. Election of a successor to Dr. Register as physician to the State Farm convict camp was left to a committee with power to act in conjunction with the Governor. An increase of ten per cent was allowed in salary of employes, guards, deputy wardens, stewards, and overseers.

## W. C. Riddick, Jr., Commissioned.

At the headquarters of the North Carolina National Guard a commission was issued to W. C. Riddick, Jr., son of President Riddick, of the College of Agriculture and Engineering, as the second lieutenant of engineers and he is assigned to duty with Company A of Wilmington, which is now doing guard service on the Carolina Central division of the Seaboard Air Line.

## New Enterprises Authorized.

Elkin Creamery Company, Elkin, capital \$10,000 authorized and \$800 subscribed by G. T. Roth, R. L. Hubbard, J. F. Hendren and others for butter, cream and general country produce.

Harkey Brothers, Inc., of Albemarle, to handle automobile and other vehicles; capital \$10,000 by W. E. Harkey and others.

Standard Stationery Company, of Waynesville; capital \$10,000 authorized and \$900 subscribed by W. F. Clayton, C. W. Sandrock and others

## Even Dirt Is Cheap No Longer.

The expression, "dirt cheap," must be discarded. Blame the war. Winnipeg, Manitoba, florists have announced an increase in the price of earth sold for potting flowers. A year ago earth sold for 50 cents a bushel. Now it costs 25 cents a pail.

## To Drive Out Malaria

And Build Up The System Take The Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents.

## Not Her Drink.

Little Isabel's mother had very injudiciously allowed her to drink weak tea with her meals instead of milk.

One day Isabel was taken out to lunch at a friend's house, and the friend, never dreaming that a child could drink anything other than milk, placed it before her in a broad, low, fancy cup.

The child gazed at the milk in silence for a while, and then astonished her hostess by remarking disdainfully, "I ain't a cat."—Buffalo Express.

## YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You say to the drug store man, "Give me a small bottle of freezone." This will cost very little but will positively remove every hard or soft corn or callus from one's feet.

A few drops of this new ether compound applied directly upon a tender, aching corn relieves the soreness instantly, and soon the entire corn or callus, root and all, dries up and can be lifted off with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that freezone dries in a moment, and simply shrivels up the surrounding skin.

If your druggist hasn't any freezone tell him to order a small bottle from his wholesale drug house for you.—adv.

His Job. "Judge, you know I ain't guilty; won't you give me another trial?" pleaded the frequent offender.

"Surely, I'll give you another if you get into this court again. Ten dollars and costs."

# AN OPERATION AVERTED

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Finkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. THOS. MCGONIGAL, 3432 Hartville Street, Phila., Pa.

Is a deceptive disease —thousands die it and don't know it. If you want good results you can make no mistake by using Dr. Kilmor's Swamp-Root, the great kidney medicine. At druggists in fifty cent and dollar sizes. Sample size bottle by Parcel Post, also pamphlet telling you about it. Address Dr. Kilmor & Co., Bangor, N. Y., and enclose ten cents, also mention this paper.

## KIDNEY TROUBLE
